Dulles; U.S. Considers Far East Aid Program

Reds Will Not Start War In 'Strong' West

WASHINGTON (AP)—Secretary of State Dulles said Tuesday the Eisenhower administration is considering a sweeping new Far East aid program to bolster the area against communism.

He told of the plans at a news conference in which he also expressed confidence that Russia, despite its vast military power, does not intend to start a war against the free world at this time.

"As long as we continue strong, united, and ready to fight if necessary, I think that we have a very substantial deterrent against general war," he said.

Dulles said the Western Allies must continue developing their military might in order to convince Russia's rulers that "their best interests will not be served by a general war."

"I believe that we are doing that effectively," he said, "and that probably the result of it is that they calculate that a general war would not serve their best interests at the present time."

Dulles revealed the possible new American-sponsored aid program for the Far East in discussing a speech Monday by Japan's visiting Premier Shigeru Yoshida.

In a National Press Club address, Yoshida proposed an Asian "Marshall Plan" involving four billion dollars annually to help build up anti-Communist nations. "There is not much time," he said, "Let us act now."

Dulles said it would not be practical to attempt to spend any such big sum annually for such a program, at least not at the start. Far Eastern needs, he said, are considerably different than the situation confronting the United States in Europe, which led to financing the multibillion dollar Marshall Plan there.

He said Marshall Plan funds for West Europe were used to repair and modernize highly developed industrial countries to recover from war damage. In the Far East, no such comparable problem exists.

Blast At Oklahoma School Caused By Small Leak In Line

ALLEN, Okla. (P)—A state agent said Tuesday night he found what he believes to have been the cause of a gas explosion Monday at Allen High School which demolished the one-story brick structure, injuring 46 students, the superintendent and principal.

K. M. Moorehead of the state fire marshal's office attributed the accumulation of gas under one of the classrooms to a small leak in the line near a T-connection.

Meanwhile, 17 of the injured students remained hospitalized at nearby Ada and Holdenville, many with serious head and back injuries. Two are reported critical. School board members met Tuesday and decided against resuming classes before Monday when they expect to decide where to establish emergency facilities.

Mayor Testifies At Sheppard Murder Trial

CLEVELAND (P)—Dr. Samuel H. Sheppard was pictured in sworn testimony Tuesday as crying "Hell, no" to a relative's blunt question whether he murdered his wife, Marilyn Sheppard. That was shortly after the discovery of the body.

The 30-year-old osteopath is on trial for his life in the slaying.

J. Spencer Houk, mayor of the little community of Bay Village 12 miles west of here, testified he was summoned to the murder scene last July 4 in an excited phone call from Dr. Sheppard.

Houk and his wife were the first outsiders to get there.

Houk said he was on hand when Sheppard's eldest brother, Dr. Richard N. Sheppard, arrived and examined Marilyn's bloody and battered body.

"Dr. Richard bent over Dr. Sam," Houk related, "and I heard him say, 'She's gone, Sam,' or words to that effect, and Sam slumped further down in his chair and said, 'Oh, my God.'"

"Richard said, 'Did you do this or have anything to do with it?' and Sam said, 'Hell, no.'"

Houk's testimony followed that of a plump little suburban matron, who said Dr. Sheppard was talked out of divorcing Marilyn only a

Bohlen Criticized For Attending Red Fete In Moscow

WASHINGTON (P)—Ambassador Charles E. Bohlen drew senatorial criticism Tuesday for attending a big Russian celebration in Moscow after Red planes shot down an American photo bomber north of Japan.

Sen. Knowland of California, one of the leaders in the fight for Bohlen's confirmation in March of 1953, told the Senate he was "deeply shocked."

However, Secretary of State Dulles told his news conference Bohlen had incomplete information on the shooting, and didn't even have that until a few minutes before time to leave for the celebration Sunday night.

Dulles called Bohlen's decision to attend understandable in the circumstances.

The secretary commented that Bohlen had to make up his mind without time for a full evaluation and without guidance from Washington. He added in passing that it would have been improper for Bohlen to discuss the plane incident with Premier Malenkov without instructions from Washington.

Dulles also told a questioner the United States was considering giving fighter escorts to lower aircraft which fly near Communist territory. At the Pentagon, reporters were told that theater commanders already have such authority, and that it had been used in cases where it was feasible and there was reason to expect possible trouble.

One American was lost, but 10 aboard the attacked plane parachuted to safety. It was Sunday in Japan and Russia, but Saturday in the United States.

While Dulles said Bohlen didn't get sufficient information in time to decide against going to the party, which came several hours after the shooting, Knowland said:

"It is my belief that the ambassador had at least unofficial information about this shooting before he attended the celebration."

Knowland said Moscow Radio broadcast an account of the incident at 6 p. m. that evening, an hour before Bohlen left his residence. The senator commented that monitoring of the broadcasts is routine at the embassy.

WASHINGTON (P)—With a backstage battle over its future status boiling in the Pentagon, the U.S. Marine Corps celebrates its 179th birthday Wednesday with official dedication of a new monument on the banks of the Potomac River.

The White House said President Eisenhower would be among those attending the ceremonies at the monument, largest bronze casting ever made, is formally presented to the nation by Gen. Lemuel C. Sheppard Jr., Marine Corps commandant. Deputy Secretary of Defense Robert B. Anderson was listed as the principal speaker.

The \$850,000 statue, which took nine years to create, depicts the celebrated World War II flag-raising scene on Iwo Jima's Mt. Suribachi. Paid for principally by contributions of Marine and Navy servicemen and veterans, it honors all Marines of all this country's armed conflicts.

The monument which will be dedicated Wednesday is the work of Felix de Weldon, noted Austrian sculptor. The scene is based on the photograph snapped by Joe Rosenthal of The Associated Press soon after the first assault boats hit the Iwo Jima beaches on Feb. 19, 1945.

WINNING PUT DEMOS ON TRIAL: STEVENSON

LIBERTYVILLE, Ill. (P)—Adlai E. Stevenson said Tuesday that "winning control of Congress has put the Democratic party on trial."

Stevenson, the 1952 presidential candidate told an interviewer he has no fears as to the outcome of that trial as it will be determined by the 1956 elections.

Stevenson declined discussion of his own role in 1956 Democratic affairs.

Stevenson spent some time Tuesday posing for a portrait which is being made for the gallery of governors in the Illinois Statehouse at Springfield.

He said he plans to go to Southern Pines, N.C. in a day or so for a week's vacation.

CHICAGO (P)—Racketeering union officials were termed 'betrayers of labor' Tuesday by William F. Schnitzler, secretary-treasurer of the American Federation of Labor.

Schnitzler noted in a speech at the AFL American Federation of Grain Millers convention that union officials have been named in several federal indictments charging extortion from employers under threat of strikes, slowdowns or violence.

"Those who would betray labor from within are as much the enemies of labor as those who attack it from without," Schnitzler told some 350 delegates.

"We intend to defend ourselves against both, and to go all out within our power to protect the good name of the AFL."

He said he plans to go to Southern Pines, N.C. in a day or so for a week's vacation.

Seize Bank Robber With \$10,297 Taken In Holdup

MARTINSVILLE, Ind. (P)—A Shelbyville tire recapping dealer and a paper bag full of \$10,297 in currency were captured Tuesday shortly after the bank at Paragon was robbed for the fourth time.

Sgt. Abe Taylor and Richard Sutton, state police detectives, said the business man, Hiram Vaughn Hutchens, 49, promptly admitted he robbed the bank because he was "hard pressed for money."

The detective said Hutchens was identified by Miss Lulu Kanoy who said he had locked her in the wash room so he could clean out the bank vault and cash drawer. She was alone when a gunman entered.

Paragon is about 40 miles southwest of Indianapolis.

Dulles called Bohlen's decision to attend understandable in the circumstances.

The secretary commented that Bohlen had to make up his mind without time for a full evaluation and without guidance from Washington.

WASHINGTON (P)—A government bill of particulars showed Tuesday that Joseph S. Petersen Jr. is charged with misusing secret documents concerning some codes which according to other sources are in no sense secret.

These documents concern a Chinese radio code and an Army decoding machine both of which have been made available to the republic.

Other charges against the former National Security Agency employee, however, involve information on the breaking of a Dutch code in 1948 and on "routing of North Korean political security traffic" at a time when the Korean War was in progress.

Petersen, 40, was arrested a month ago at his Arlington Va. apartment on charges that he obtained defense secrets with "intent or reason to believe" that they would be used to the injury of this country and to aid another.

Until today the nature of the charges against him have been almost as secret as the work of the NSA, a hush-hush government agency with principal duties of monitoring worldwide radio communications and dealing in secret codes.

The government at first declined to name the foreign nation involved, but later confirmed, after the Dutch themselves had said so, that it was the Netherlands. Dutch officials said Petersen had exchanged information with an official of their Washington embassy. They said they thought the exchange was authorized.

The secrecy lid was lifted only slightly Tuesday with the filing of a bill of particulars in the federal court at nearby Alexandria, Va., where Petersen is to be tried. He is now free on \$10,000 bail.

The Justice Department declined to explain the significance of the document on North Korean political security traffic.

LAKE WALES (P)—An unemployed hotel clerk turned on the gas in his apartment and wrote 25 pages detailing his reactions while waiting to die.

James Hance, 49, was found in his gas-filled apartment Monday after he had written that he had only 10 minutes more to live. He died on the way to a hospital. Hance turned on the gas at 11 a. m. and was found two hours and 20 minutes later.

In a farewell letter describing the sensations of approaching death he wrote:

"The first fumes caused a burning sensation in the eyes and nose, but 'It's not bad. The smell is not at all distasteful.'"

"It is now noon and I can begin to smell it."

"12:45 and my eyes burn like hell."

Then he wrote of getting a headache and at 1:05 of becoming dizzy. At that time his heart began pounding heavily and his ears buzzed.

Later he wrote of grogginess and being unable to hold a pencil in his hand.

Demos Act To Block Dixon-Yates Contract Signing Until January

WASHINGTON (P)—Democrats on the Senate-House Atomic Energy Committee launched a maneuver Tuesday night to head off the signing of the controversial Dixon-Yates power contract until after the 84th Congress meets in January.

Senate Democratic Leader Lyndon Johnson of Texas voiced a hope that the contract will have "quiet burial" in the new Congress which his party will control. However, the two senators from Arkansas called for a go-ahead on the contract, which they declared is "entirely justifiable."

A well-placed Republican leader said meanwhile that the Eisenhower administration would not retreat from its endorsement of the deal. But speculation has developed, he added, about whether the Dixon-Yates interests will want to go through with it now that it has developed into such a hot political issue.

In Atlanta, however, E. A. Yates, board chairman of the Southern Co., one of the two companies in the Dixon-Yates group, indicated his company was still ready to sign.

"We believe that this proposal is in the public interest," he said in a statement.

The Atomic Energy Commission has indicated the papers will be signed Thursday.

The fight over postponement heads toward a showdown at a closed-door committee session Wednesday morning.

Sen. Pastore (D-R.I.) sounded the call for it with a resolution which, if adopted, would put the joint committee, of which he is a member, on record as urging AEC to hold off signing the contract until the committee has had an opportunity to study it and all related memoranda "after the convening of the 84th Congress."

AEC has been negotiating the contract with the Dixon-Yates power group for construction of a 107 million dollar generating plant at West Memphis, Ark., to feed power to the Tennessee Valley Authority to take the place of TVA power destroyed by atomic plants.

Sen. Gore (D-Tenn.) told reporters the Pastore resolution has the support of himself and all other committee Democrats. There are eight Democrats and 10 Republicans on the committee.

McCarthy Calls Unit 'Handmaiden' Of Reds

WASHINGTON (AP)—A revised resolution of censure and condemnation—aimed at Sen. McCarthy—was filed in the Senate Tuesday. McCarthy counterattacked immediately with a charge that the Senate committee which drafted it was an "unwitting handmaiden" of the Communist party.

The resolution was offered by an investigating committee headed by Sen. Watkins (R-Utah). It is based on the Wisconsin Republican's alleged defiance of a Senate Elections subcommittee in 1951-52 and his denunciation of Brig. Gen. Ralph W. Zwicker during an anti-Red investigation last February.

What threatens to be a long and angry debate on the resolution is scheduled to open in the Senate Wednesday.

Without waiting for Wednesday, however, McCarthy released the text of a speech he intends to make on the Senate floor. He suggested in it that the Communists would be the winners if he is censured. He charged that the Watkins committee "has done the work of the Communist party."

Describing himself as "the symbol of resistance to Communist subversion," McCarthy asserted that "the nation's fate is in some respects tied" to his own fate.

During the course of the debate, he said in his prepared speech, he will demonstrate that the committee "not only cooperated in the achievement of Communist goals, but that in writing its report it imitated Communist methods—that it distorted, misrepresented and omitted in its effort to manufacture a plausible rationalization for advising the Senate to accede to the clamor for my scalp."

McCarthy asserted "the real strength of the Communist party is measured by the extent to which Communist objectives have been embraced by loyal Americans."

"I would have the American people recognize and contemplate in dread," he said, "the fact that the Communist party—a relatively small group of deadly conspirators—has now extended its tentacles to that most respected of American bodies, the United States Senate; that it has made a committee of the Senate its unwitting handmaiden."

There were reports that friends of the Wisconsin senator might try to talk the resolution to death in the ensuing weeks, but McCarthy himself said he wouldn't favor a filibuster and would be surprised if one developed.

Watkins introduced the revised censure resolution as chairman of the special committee of three Republicans and three Democrats which recommended unanimously that McCarthy be rebuked publicly for some phases of his official conduct.

The resolution is intended to replace the original censure proposal made last summer by Sen. Flender (R-Vt.), which said: "The conduct of the senator from Wisconsin, Mr. McCarthy, is unbecoming a member of the United States Senate, is contrary to senatorial tradition and tends to bring the Senate into disrepute, and such conduct is hereby condemned."

The revised resolution, based on nine days of hearings conducted by the Watkins committee, is more specific.

It says McCarthy "failed to cooperate with the subcommittee on privileges and elections . . . in clearing up matters referred to that subcommittee which concerned his conduct as a senator and affected the honor of the Senate, and instead, repeatedly abused the subcommittee and its members who were trying to carry out assigned duties, thereby obstructing the constitutional process of the Senate, and that this conduct of the senator from Wisconsin, Mr. McCarthy, in failing to cooperate with the Senate committee . . . is

JURY PROBES FORCED OPINION ON SLOTS

DECATUR, Ill. (P)—The Macon County grand jury will open an investigation Nov. 29 into a supposed attorney general's opinion holding that a slot machine device is legal.

Circuit Judge Martin E. McCall issued the call after Atty. Gen. Latham Castle urged an early grand jury investigation.

After a forged opinion bearing Castle's name turned up in Decatur, Castle issued an opinion stating that device, known as a sales booster, is illegal.

Walter Cline, 57, a salesman for Taylor & Co., Chicago, which distributes the sales booster device, has been accused of forging the opinion. His preliminary hearing was postponed Monday by Justice of the Peace Wayne Ellis.

'FARM' AND 'LABOR' VOTE

The American political expert may have to abandon his long habit of talking broadly about the "farm vote," the "labor vote," and so on. For those sweeping terms begin to look out of date.

Let's take this business of the farm vote, for example. The clear meaning of the term would seem to be that all U. S. farmers can be lumped together, and that often they may be induced to vote together.

This may once have been true, in the sense that most farmers felt a definite community of interest in competition with other elements of the nation's economy. But it doesn't seem to fit the facts of present-day American life.

It is not simply that the farmer has become a specialist; he always was that, at least to a degree. What is so different today is that each kind of farmer—dairy, poultry, corn-hog, wheat, cattle, and the like—is governed by special provisions of law which affect his business.

So a farmer's economic condition today depends not solely upon the current state of the market for his particular specialty. It depends on the kind and amount and effectiveness of the protection the government is giving him against the ups and downs of his market.

His attitude toward his government and toward the two major political parties may be affected closely by the way he measures his economic status. Thus a dairy farmer, noting lower prices and lower supports for his products, may be quite unhappy and may translate that feeling into an "anti" vote. But a corn-hog farmer, enjoying better prices and higher government safeguards, may see no reason to register protest at the polls.

In some areas the types of farming are so thoroughly mixed that doorbell-ringing vote samplers have found farmers with adjoining acreage taking exactly opposite political stands. The wheat farmer isn't grumbling but his poultry-raising neighbor can hardly wait to put down his complaining "X" on the ballot.

The 1954 election hasn't been put under the microscope yet. But even the broadest look at the returns makes it clear there was no general "farmer protest" against the administration's flexible-support policy.

Iowa, represented by Sen. Guy Gillette, its most popular Democrat in history, tossed him out in favor of his Republican opponent. The corn-hog farmers can't be too distressed. Western farmers were said to be slightly unhappy, yet they helped elect a Republican in Colorado and did not raise a very big storm against GOP Senate candidates in Wyoming and Montana.

On the other hand, while Senator Ives pressed his Democratic opponent, Averell Harriman, very closely for the New York governorship, he appears to have suffered somewhat from dairy-farmer discontent upstate. And dairy farmers also registered gripes in Minnesota and Wisconsin.

Life for the political expert isn't what it used to be. The object of his attention, the voter, has become a tremendously complex individual. And that makes the expert's job just about 10 times as difficult as in the old days.

ACTION COUNTS

India's Prime Minister Nehru, emerging from what he calls the "New China," says the Communist regime there will have its hands full for 15 or 20 years just managing the country's economic development. He believes therefore that the Reds are eager for peace, not war.

Undoubtedly Chairman Mao and his team of tyrants have economic plans for China. But Nehru is merely indulging in his customary wishful thinking when he imagines this would leave the Red Chinese no time for military adventures.

Does he imagine that the Communists would not strike fast at Formosa at the first sign of weakness there? Does he suppose they would not resume southward pressures in divided Korea if they thought they could get away with such maneuvers? Does he believe the Chinese will be too busy to continue putting the heat on the free sectors of Indo-China?

China's record of performance provides the answers. If Nehru does not know them, then he has gone beyond all bounds in yielding to the intoxication of words that he wants to hear. What counts is what men do.

Reds Are 'Mad' at Irene;
Americans 'Mad' About Her

She wastes eight on-the-job hours a month looking in a mirror and primping.

She talks, talks, talks and her favorite word is madly. She is madly happy, madly tired, madly hungry. Whatever she is—it's madly.

She wastes her lunch hour shopping and then eats a sandwich at her desk when she is supposed to be hard at work.

Who is this girl? She is a happy-go-lucky working girl in a country that looks upon any kind of frivolity among the masses as a crime. In ridiculing her the Soviet trade union newspaper Trud has dubbed her "Irene" and says bluntly: "Such inefficiency and self-indulgence must go."

We have our own "Irene" in this country but nobody is mad at her. SHE'S PRETTY AS A PICTURE.

She is bound to primp on the job. Otherwise she couldn't stay looking as pretty as a Hollywood starlet while she addresses envelopes, or waits on customers, or stands at a restaurant table asking, "May I take your order, please?"

She talks a lot, too—much of it good-natured, easy talk. And she uses a lot of superlatives because she is young and the world looks good.

Our Irene also spends her lunch hour shopping, but to such good advantage that the American, white-collar girl is often called the best-dressed girl in the world.

Nobody is ashamed of our American Irene. We think she's cute and glamorize her in TV shows, movies, cartoons and novels. We know her for what she is—a happy-go-lucky young thing holding down a job until the right man comes along.

Meanwhile she brightens up the business world; does a necessary job reasonably well, and earns money for the pretty clothes that will help her land her man.

In America there is a place for young, light-hearted Irene. She definitely must NOT go.

The World Today

By JAMES MARLOW

WASHINGTON (P)—There is more irony in the predicament of Sen. McCarthy than just the fact he was cut down to frying size in the administration of his own Republicans.

That he will be censured by the Senate is a fate he predicts for himself. The Democrats tried to box him in, but didn't, when they were in power. It didn't happen all the Republicans took over.

In the 1952 elections the Republicans lost McCarthy and his House government claims against the Democrats and won. This year they used the same theme, but left McCarthy on the sidelines, and lost.

This year the Republicans, perhaps out of respect for President Eisenhower's expressed wishes a year ago, didn't use the Communist issue at first. They did when it began to look as if they might lose.

Why the party leadership didn't use McCarthy in 1954 is not known. They may not have wanted him around, thought they could win without him, or feared if they won with his help he'd claim credit and want concessions.

Now that they've lost, McCarthy—as was predicted—reverses the coin and claims one of the reasons for the Republican defeat was the treatment given him.

This week, in a copyrighted interview with the magazine U. S. News and World Report, he not only says that but points his finger directly at the White House.

"I think there was a great deal of resentment on the part of a sizable segment of the population against the jungle war which powerful elements of this administration waged against those who were trying to expose and dig out Communists."

Since that's the way he feels, a vote of censure now by the Senate, still run by Republicans, could hardly deepen any affection he may have left for the White House.

Any desire he may have to sharpshoot at the administration will be limited by the fact that after this year he will no longer be chairman of an investigating committee with a large staff to help him.

The Democrats, as a result of the election, will run the committee. Not being chairman and not having a committee staff would not necessarily slow him down, though.

Zesty Casserole of Chicken
For Twosome Thanksgiving

THANKSGIVING DINNER FOR TWO—casserole of chicken, flavored with chopped dill pickles.

BY GAYNOR MADDOX
NEA Food and Markets Editor

Thanksgiving dinner for two, it sometimes happens you know, can be special and festive. But chicken seems to fit into this menu better than turkey.

You can roast a small broiler-fryer chicken, fry it or use this really zesty casserole recipe. It comes from Missouri where pickles have a high rating among good cooks.

Casserole of Chicken With Dill (Makes 2-4 servings)

One 2½-to-3-pound frying chicken, cut in serving pieces; all-purpose flour, salt and pepper, 1½ cup tomato juice, salt to taste; dash freshly ground pepper; dash cayenne; 1 small bay leaf; 1½ cup dill pickle liquid; ¼ tablespoon sugar; 1 clove garlic, minced; 1½ cup chopped dill pickles; a teaspoon prepared mustard.

Dredge chicken in flour and sprinkle with salt and pepper. Brown in hot fat. Place in a 3-quart casserole. Meanwhile, combine remaining ingredients. Bring to a boil over medium heat and cook 10 minutes. Remove bay leaf

and pour over chicken. Cover and bake in slow oven (325 degrees F.) 1½ hours or until tender.

Cranberries in some form must be on the small or large menu. Either of these variations will go well with the casserole of chicken.

Cranberry-Apple Relish (Makes 1 pint relish)

One pound can jellied cranberry sauce; 1 apple, quartered and cored; 1 teaspoon cinnamon.

Crush cranberry sauce with a fork. Put apple through food chopper, skin and all. Combine all ingredients, and stir to blend thoroughly. Chill.

Cranberry-Pear Relish (Makes 1 pint relish)

One pound can whole cranberry sauce; 1 or 2 fresh pears, cored, peeled and diced; ½ lemon, put through food chopper, rind and all; 1 teaspoon powdered ginger.

Combine ingredients and chill.

TOMORROW'S DINNER: Shrimp cocktail, casserole of chicken with dill, cranberry-pear relish, whipped potatoes, lima beans and corn, soft rolls, butter or margarine, mixed green salad, pumpkin pie, cheese, coffee, tea, milk.

In Hollywood

By BOB THOMAS

HOLLYWOOD (P)—Like many on "overnight sensation," George Gobel put in many years of apprenticeship before hitting the big-time in show business.

As viewers of his Saturday night TV show can see, Gobel has one important element that distinguishes top stars. That is timing. In delivering his lines and waiting for laughs, he can judge that split second which governs whether an audience will continue being amused or boredom will set in.

He learned this the hard way—before the pleasure seekers on the night club circuit. It was a far cry from his start as a performer. In the choir of St. Stephen's Episcopal church in Chicago.

George was born in the Windy City on May 20, 1920. He was the only child of Herman and Lillian Gobel, who ran a grocery store. A sterling soprano, George was graduated from the choir to a spot on radio's national barn dance. He acted on the Tom Mix air serial and continued singing on hillbilly shows until 1943, when he joined the Air Force.

A B26 flier stationed at Frederick, Okla., he played his guitar and sang for service shows. He also began telling stories. The G. I.'s were convulsed by his deadpan delivery.

Out of the Air Force in 1946, Gobel tried to find work as a comedian in Chicago. He was tabbed as a comic by David O'Malley, who remains his agent today. O'Malley started booking his young client into conventions and night clubs, gradually building in class.

Was he impatient for fame in those early days?

"No, not really," Gobel reflects. "Each new date was more important and presented new challenges. I was doing very well."

"The only thing that bothered me was not being able to spend much time with my family. I have three children and my wife Alice is a home-type girl. She had never been near show business, and she couldn't get used to not being at home. When she'd come visit me on the road, she'd be itching to get home after a week."

"I had hoped to eventually reach the point where I could stay in Chicago most of the time, traveling only 12 weeks a year. But I didn't expect to be able to do that until I was around 40."

The break came when he appeared for eight straight weeks on the Hoagy Carmichael TV show a summer ago.

NBC signed him up for a show of his own which made its debut this fall. He was immediately hailed as the brightest comedy talent in years.

Ike Making Plans to Take Government Out of Business

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON (NEA)—A new concerted effort on the part of the Eisenhower administration to take the federal government out of competition with private industry in as many fields as possible is now being put together in the Bureau of the Budget.

Within a week or two a new Budget Bureau bulletin on this subject will be issued to all government departments and agencies. It will probably have full cabinet approval. It will direct all government officials to make a new survey of private-business-type operations now being conducted under their supervision. Even those activities which are now authorized by public law and supported by congressionally approved appropriations will be included.

The bulletin will further order all government heads to submit recommendations on how their private-business-type operations may be eliminated. Such recommendations may include sale of government facilities to private industry, substitution of private contract for the services now performed by the government, or the complete abandonment of government business operations which cannot be proved essential.

COMPARATIVE COSTS OF having these operations continued by the government or having them performed under private contract will be asked for. On the basis of these comparisons, the fate of many existing government activities will then be decided.

If carried to extremes, this new crackdown could mean the end of many government programs and the abolition of many government jobs. Whether it would lead to any appreciable cuts in government expenses is not known. For today there is no complete inventory of government business-type operations, their cost and what it would cost to have the same services performed under private contract for a profit.

In a sense, practically everything to the government does could be done by private business on contract. This includes heating, air conditioning and performing janitor services in government buildings. It also includes carrying the mail, printing year.

money and stamps, collecting taxes, running the FBI with private detectives or hiring private law firms to write the laws or try the government's cases in court.

Some place there has to be a dividing line to separate essential government services like fighting its wars from those services which could be done just as well or better by private enterprise. This line has never been drawn. That's why, in the past, there has been so much loose talk and uninformed criticism of government competition with private enterprise.

EXTREMISTS BELIEVE THAT every government service should be performed by a private business, even if it costs the taxpayers more to do it that way. To have the government perform any services for itself or for the people is criticized as leading to socialism.

The Eisenhower administration's determination to rid the government of as many business activities as possible stems from several separate movements.

Decentralization of the federal government and its removal from competition with private industry were stated as principles of the Republican platform.

FOUR BILLS WERE INTRODUCED in the last Congress to survey and control government business and industrial-type operations. One passed the House but died in the Senate.

The last Congress passed a law to liquidate Reconstruction Finance Corporation, Inland Waterways Corporation was sold and the government's synthetic rubber plants are in the process of being sold. But there are still 75 government corporations in business, some of which compete with or do business private industry won't do. Once there were 101 such government corporations.

In his report to the nation on the accomplishments of the 83rd Congress, President Eisenhower stuck in a paragraph about getting the government out of competition with private business. He also referred to it in his Hollywood Bowl and M-Navy Dam speeches. This has been the tip-off that the administration will go all-out to make extensive changes in government business operations during the coming year.

★ DR. JORDAN SAYS ★

Intestinal Obstructions Sometimes Need Surgery

BY EDWIN P. JORDAN, M. D.
Written for NEA Service

The subject of diverticulitis and diverticuli remains a problem to many people, according to correspondence received by this column. E. W. for example, asks whether there is anything to be done for diverticulitis other than a bland diet and acids "does this always require an operation?"

In starting the discussion, it should be said that diverticulitis of the intestines is rare in children and young people but occurs in about one in twenty of those in their adult years. Frequently, very frequently indeed, diverticulitis, though present, does not produce any symptoms whatever and does not require any special treatment at all.

WHAT IS diverticulitis? A diverticulum is a pouch or pocket leading off from a large cavity or tube. Diverticula (more than one diverticulum) are most common in the colon or lower part of the bowel. When these pockets do not produce symptoms the condition is called "diverticulosis." This does not require treatment.

But they can become inflamed and then the label "diverticulitis" is applied. In diverticulitis the symptoms of inflammation vary a good deal. There may be a single slight attack of acute abdominal

pain or several attacks of slight distress. Occasionally, the inflammation may be so severe as to cause a perforation or hole in the pocket with infection spreading to the abdominal cavity and producing peritonitis, abscess formation, or obstruction.

THE AREA INVOLVED may be sensitive to pressure, though of course many other conditions can cause such symptoms. For this reason the diagnosis is often difficult. Examination of the lower part of the bowel by the use of an instrument called a proctoscope is usually necessary. X-ray studies also help in establishing diagnosis.

When severe diverticulitis bursts through the wall of the bowel or obstructs intestinal action, an immediate operation may be necessary. In most cases, however, treatment by diet or medicine is all that is needed. Rest in bed and heat applied to the abdomen are often indicated.

MOST DIVERTICULA need not cause serious concern. Of those which do produce trouble, the majority can be treated successfully by simple means. This is not a condition which should worry many people, especially if one of these pouches is discovered by accident in the course of routine X-rays or tests for some other suspected disorder.

A Glance INTO THE PAST

10 YEARS AGO

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst
People frequently react against political leaders, systems and regimes under which they are unhappy by assuming almost any change will be for the better.
It is probably the chief trait on which the international Communist movement relies for recruits.
National thinking on international affairs sometimes begins to fall into a similar pattern. The tendency is to personify both good and evil through the figures of national leaders, and to wish for their political success or failure on that basis.
Sometimes this leads to more or less intervention by one nation in the affairs of another.
At the moment, there is considerable resentment in the United States toward Jawaharlal Nehru and through him toward India, for what is considered here to be a pro-Russian and particularly pro-Chinese neutrality in the cold war. The Indians have a different word for it — nonalignment.

But if you think the first steps looking toward Nehru's retirement — his relinquishment of the presidency of the Congress party — opens the way to improvement in Indian policy, you are destined for disappointment.
Not that there won't be change but that it may lead to a more disturbing situation than at present.

Toastmistress Aims Explained At Guest Night

Guest night was observed at the regular meeting of the Jacksonville Toastmistress for the evening and dining in the County Fair room at the Dunlap Hotel. The tables were decorated with tapers and flowers of blue and yellow, the Toastmistress colors.
Miss Ethel Swanson served as Toastmistress to the evening and introduced the program, which was designed to acquaint the guests with the aims and values of Toastmistress. Miss Bernadine Bush, the first speaker, told the history and aims of the international organization in her speech on "Toastmistress." Mrs. Doris Biggs presented "August Heat," a dramatic story.
Mrs. Joanna Cargill, the topic-mistress, called on each of the members present to take part in an "experimental word study." Each participant spoke on a nonsense word without seeing the corresponding definition until afterwards, although the audience got to see the definition at the beginning of each speech.
Mrs. Alma Mallen evaluated the meeting. Miss Patsy Rose Dege presided over the business meeting and reported on the recent council meeting which she attended in Springfield.
Guests present included Miss Mary Boston, Miss Norma Jean Cully, Miss Rita Nall, Miss Marie Nickoloff and Miss Connie Olson.

House And Lot Sell For \$3,025

John W. Baptist was the purchaser of a seven room house and large lot at 936 North Church street, at an administrator's auction Tuesday morning at the court house. The successful bid was \$3,025. The lot is 100 by 215 feet, located adjacent to the high school athletic field.
The sale was conducted by Martha Henderson, administrator of the estate of Margaret Jane Leeper, deceased.
Henry M. Peters was auctioneer of the sale. Wilson & Wright are attorneys for the estate.

NORTHMINSTER'S PRAISE SERVICE WEDNESDAY NIGHT

A meeting of Thanksgiving for the work in the local area and throughout the world will be held at 7:30 Wednesday evening, Nov. 10, in the Sunday school at the Northminster Presbyterian church.
Mrs. Raymond Lynn, a layman, will be the guest speaker at the Praise Service. She will speak of the Christian schools established through gifts to Christian education. Mrs. Lynn will have definite information on one of the National Mission schools of which her son is a graduate.
The meeting holds importance because of the Northminster church's participation in gifts toward Christian Education by Missionary Offerings.

Nazarene Young People Attend Autumn Party

The parsonage of the Church of the Nazarene was a scene of much activity Monday evening. Twenty-six young people between the ages of twelve and twenty met for an evening of fun. The first corners to the party were divided into two groups—the pirates and the peaches. These were sent out on a treasure hunt. The treasure was to find and bring back to the party other young persons between the ages of twelve and twenty. Within half an hour the teams returned with fifteen other young people.
Games were played, prizes awarded, and hearty refreshments of barbecue sandwiches, relishes, potato chips, ice cream and pop were served.

Those attending the party were Laura Winter, Alice DeWitt, Phyllis Ray, Billy and Earl Martin, Shelby Jean Bourn, Mae Dalton, Bonnie Pittsworth, Virginia and Junior Tuttle, Mary Jane Decker, Marie, Patsy, Dorothy and James Leavy, Jackie Dickman, Ronald Brodyon, Charles and Carl Smith, Jackie Howell, Earl Spradlin, Clarence Meade, Joe Hayes, Ronald Parish, Bud Marquard, Mr. and Mrs. Roy Dalton and Rev. and Mrs. Ends and family.
A party sponsored by the young married couple's class was well attended by the members of the Sunday School with 40 persons in attendance a few weeks ago.

Like Having Clinic's Special Prescription FOR YOUR PILES

Of course, when you get an ointment for shrinking piles, you'd like a special prescription from a clinic, for your case. That's virtually what you get in Thornton Minor Clinic's ointment. All the experience of not one doctor but a full medical staff as well as surgical staff is behind it; it results from study of more than 75,000 cases seen in the clinic. So, it is not just a "modified skin salve" but a specialized pile prescription designed to deal with specific problems of itching, bleeding, swelling, pain. If you want an aid to reduce piles the non-surgical way, use a clinically-approved prescription—Thornton Minor Ointment or suppository form—\$1.00 at all drugstores.

New Jelly-like Formula Knocks Baked Grease Off Oven Surfaces

"ITS" is the name of a new oven cleaner that restores oven surfaces to grease-free newness without scrubbing or scouring. The substance is brushed on, allowed to stand, then wiped clean with water. "ITS" oven cleaner is available at Bonke Hardware for \$1 and this includes a plastic brush. "ITS" is non-inflammable and spectacular in performance.

In Shrine Circus

PEGGY McDONALD AND OPAL

Opal, whose specialties are walking on her front legs and balancing on one front foot, is star of the Beasoun Baby Elephants, to be seen with the Ansar Shrine-Polack Bros. Circus, a popular annual event which will attract many residents of this community to the Springfield State Armory Thursday through Sunday, Nov. 18-21. Performances will be given twice daily, at 3:45 and 8:15 Thursday and Friday, at 2:15 and 8:15 Saturday, and at 2:15 and 5:45 Sunday. Earnings of this circus this year will go to the Shriner Hospitals for Crippled Children.

This year's circus boasts an exciting new international assemblage of aerial, acrobatic and animal talent, plus celebrated clowns and the dancing Spaniards. Prominent among the new features are Prof. George J. Keller's Jungle Killers and the high-wire hazards of Harold Alzina & Company. Other animal acts include movie chimpanzees, trained pigs, ponies, dogs and horses.

Change Date For Next Meeting Of White Hall Unit

WHITE HALL—The Day unit of the Home Bureau met Thursday with Mrs. Henry Day, Mrs. John Neece, chairman, presided. The meeting opened with the pledge of allegiance. Mrs. Floyd Cummins gave the board report and announced Cooking School to be held at the Carrollton theatre on Nov. 9. A report on the recent Merry Go Round held by units of the Home Bureau in the county was given.

Mrs. A. R. McConathy have the Health lesson on Heredity. A nominating committee composed of Mrs. McConathy, Mrs. John Thomas and Mrs. Charles Blank was appointed. Due to the holidays the November meeting will be held the 30th with Mrs. C. L. Drake. The December meeting on Dec. 8 is with Mrs. Julian Hutchens.

Mrs. Hutchens gave the minor lesson on "Highway Rules." The selected subject on "Foods now Available" was given by Mrs. Drake and Mrs. Gene Tatman. Mrs. Charles Blank and Mrs. Norman Jones assisted Mrs. Day in serving pumpkin pie with pecan topping, cider and Halloween candies.

MIXED FAMILY
CANTON, N. C. (P)—Frank Parker's dog, Cindy, has a strange assortment of adopted "children"—picked up after she lost her puppies. Cindy started mothering a duckling with a broken leg. Then a chicken and a kitten at the Parker home were added to the family circle. The duck and the chicken sleep on Cindy's back and kitten cuddles close to her head, Parker said.

Limbering Up For Quail Days

THE FINAL BRACE produced the winner. The photo shows Charles Finch of Jacksonville (right) leading Babe, trophy winner of the day, as R. D. Beale leads his setter Nellie. Babe found four birds in the allotted eight minutes to accumulate a 32 point rating. Other winners of the meet included Sue, owned by E. G. Smith of Roodhouse; Lady, Joe Lawless of Woodson; Sue, Ralph Cowman, Waverly; Sue, Chub Patterson, Jacksonville.

Find Shooting Trials Good For The Nerves

It's this time of the year when some fine men and peace-loving dogs go slightly nuts. Quail season is practically here.

The man checks his gun, reads his hunting license over again, tries to recall where he heard that cock quail whistle "around the first of June," looks out the window, and hurries down to feed his dog a full can of a special ration guaranteed to put him in fine fettle.

The dog gets so nervous that he can hardly mouth down his special chow and the proud owner says, "I wonder how he knows the season is about here? He must read the paper."

It's said shooting trials help both of them. The Sportsman's club held one south of town on Oct. 31. The entering dogs were paired against each other, in their own age groups. Then each brace was permitted to range in a "bird-free area" for about eight minutes, with their owners following on foot. Both dog and owner were watched by the judge and fieldman mounted on horses.

Then they came into an area where birds had been spotted. To make points, the dog must point and the owner declare it a point before moving over to the dog. Then the bird must be flushed and a shot fired to test the dog's steadiness under fire.

The judge scores the dog for pointing, staunchness, steady to shot, backing, field work and style, and deducts four points for each mispoint.

ROBERT ADAMS is shown with one of the 40 quail he spotted during the day under the direction of Cecil Patterson, bird area manager. Robert tucked the bird's head under its wing and swung it gently for a minute, then placed in a natural hiding spot. Henry Marshall was the field marshal.

JUDGE HAL REDFEARN of Scottville and Virgil Gibbs, chairman of the day, go over the results of the afternoon trials.

There were three separate classes in the day's competition: All age, when the entry was whelped before July 1, 1952; Derby, after July 1, 1952; and Puppy, after July 1, 1953. Entry fees were \$3, \$2 and \$1, respectively.

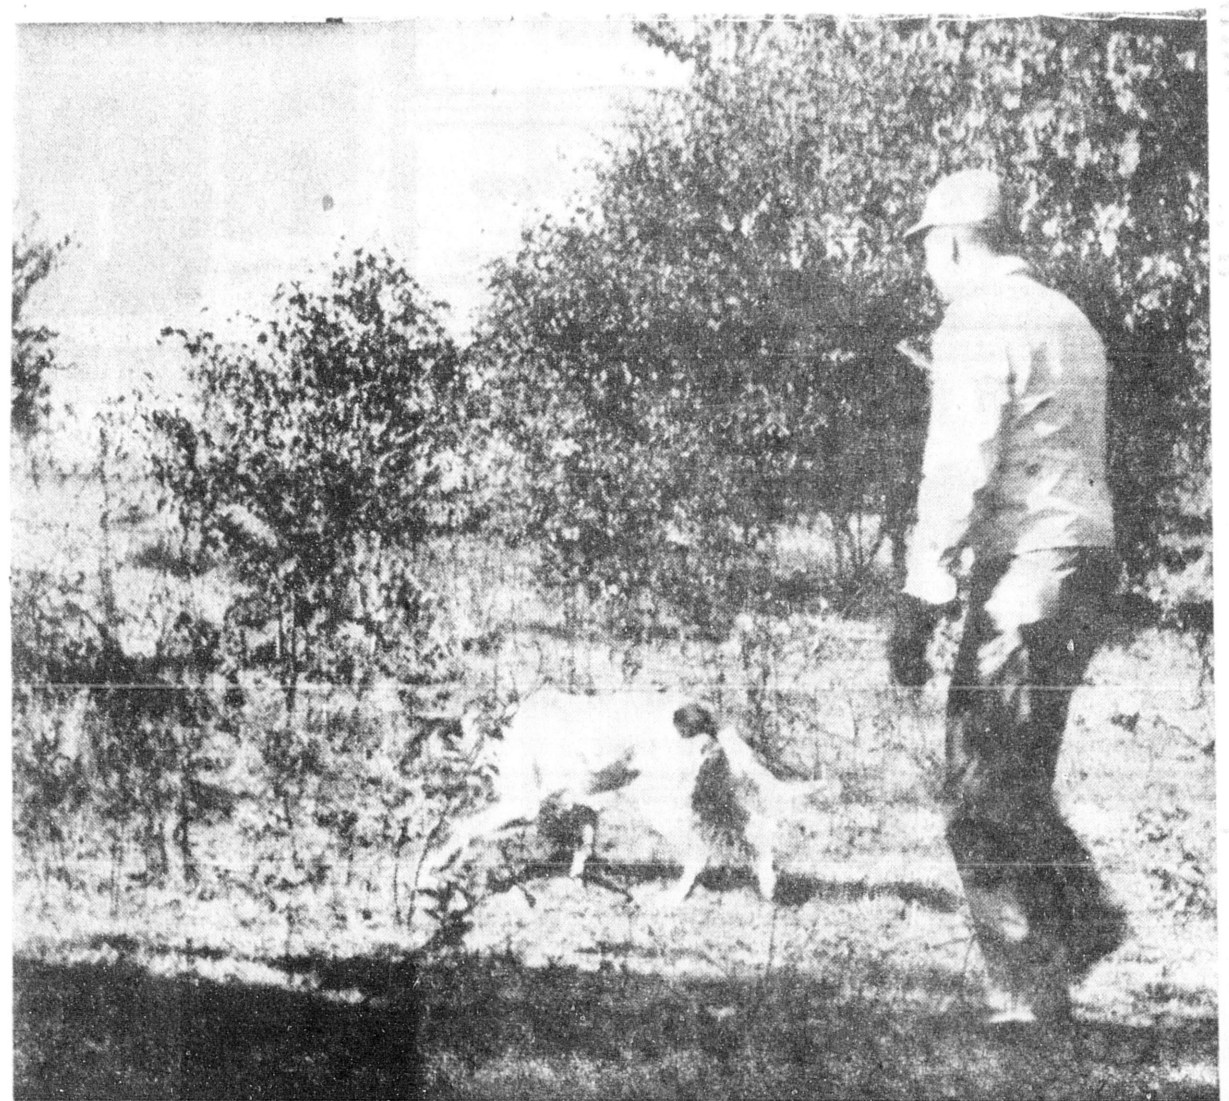

THERE OUGHT to be one right here, says Jack, young setter entered by R. D. Beale of Jacksonville. Jack was so confused during the day, and made so many mispoints, that he ended in up the minus column of the judge's score card.

WHILE JACK was fooling around, Freckles sat in the trunk of his car and awaited the outcome. Freckles pointed three times during his trial and looked like the trophy winner until the last brace. But he did win \$3 toward his feed bill for Owner Gene McDaniels of Jacksonville.

DUKE, A SETTER owned by Henry Finch of Jacksonville, stands immobile at right as he honors the point of Freckles, about 30 feet away. McDaniels yelled "point" to the judge and is striding toward Freckles. McDaniels has a revolver loaded with a 22 calibre blank cartridge in his right hand.

AT THE COMMAND of "flush" Freckles moves in toward the hiding bird. A split-second later a lone quail twirled into the air; McDaniels fired and jotted down the score.

Wondering What To Send Soldier Overseas? AP Survey Helps With Timely Suggestions

By THE ASSOCIATED PRESS

What are you sending your soldier overseas for Christmas—homemade cookies or cold cash? If you are still pondering the question as the mailing deadline nears, here are suggestions based on an Associated Press survey of men stationed in Europe and the Far East.

GIs in Europe want: Cash, clothes, auto accessories, phonograph records, best seller books, letters, snapshots and subscriptions to their hometown newspapers.

per. Cookies and cakes get stale. Cameras, toilet articles, pen and pencil sets, watches and leather goods are available overseas, often cheaper than at home.

"And we don't need food packages," says Sgt. Dave Vrooman of 1820 N. Pickering Ave., Whittier, Calif. "That would be all right in the Far East."

The U. S. Army's postmaster in Europe, Lt. Col. H. E. Alphin of Buchanan, W. Va., says that those in the United States who want to send money overseas should use money orders or some other form of non-negotiable instrument, and not send currency—which is illegal as well as risky.

Several soldiers stationed at La Rochelle, France, ask for clothing. "I would like some slacks, a sports coat, sport shirts or shoes that are not Early American," comments Pvt. John Q. Wilson of Portland, Ore.

Pfc. Bill Williams of Hyattsville, Md., voices the preference of many GIs. "Every soldier in Europe should have a radio," he says. "The American Forces Network keeps soldiers supplied with good programs, but we've got to have radios to tune in on them."

"Gifts are fine," adds Pfc. James Clayton of Springfield, Ohio, "but there's nothing like a letter."

Clayton, a mail clerk, says: "It's no fable that mail is essential to high morale. When a man doesn't get a letter for several days, and mail for him, I see a change come into his eyes. If his parents and friends could see that look just once—they'd write him every day."

In the Far East where Americans are stationed, Christmas giving will be a two-way street—with perhaps most of the traffic moving toward the United States.

More than 6½ million dollars in gift merchandise is going to be made available to soldier shoppers in post exchanges in Korea, Japan, Okinawa and the Philippines. And if past seasons are any indication, most of that will be grabbed up by customers before the Nov. 15 deadline for shipping to the states.

Servicemen will have a chance to buy over the counter at the post rate mail order system set up by the Army. Catalogs and mail order kits have been distributed to units in outlying areas.

In Korea some 3,500 Christmas trees will be placed on sale for GIs, plus the usual lights and decorations.

Browner of Cleburne, Tex., who is stationed in Germany. "A soldier can go to Austria, France, Switzerland and Holland. I don't know of a Christmas gift that would be more appreciated."

Cpl. Henry Hanson of Leland, Ill., puts it this way: "After 21 months overseas I find I have enough of everything but money."

The U. S. Army's postmaster in Europe, Lt. Col. H. E. Alphin of Buchanan, W. Va., says that those in the United States who want to send money overseas should use money orders or some other form of non-negotiable instrument, and not send currency—which is illegal as well as risky.

The Far Eastern GI also will be able to buy many lavish gifts for himself—at a considerable reduction from prices at home. So the Army advises relatives and friends not to bother sending cameras, watches and radios. Chances are, the Far East serviceman has two or three already.

The home folks can't give the overseas serviceman the present he wants most—a one-way trip to the United States. But personal items like slippers, robes, sport equipment, sports shirts, comfortable loafers and good pipes are always in demand, especially in Korea.

And don't forget: Packages must be on their way from the United States by Nov. 25 if by air and by Nov. 15 if by the normal sea route. Air parcels must not exceed two pounds and a total of 30 inches length and girth—about the size of a shoe box. Surface parcels are limited to 70 pounds and a total length and girth of 100 inches—Equal to the size of a foot locker.

ENTERTAIN CLASS AT CHANDLERVILLE

CHANDLERVILLE—Members of the Willing Workers Sunday school class of the Christian church were entertained Thursday evening at the home of Mr. and Mrs. William B. Cook.

Harrison and daughters, Mr. and Mrs. Eddie Baldwin and children, Mrs. Virgil Alcorn and son, Darrell, Mr. and Mrs. Ralph Henry and son, Freddie, Mrs. Florence Edwards, Mrs. Carroll Carlock, Mr. and Mrs. James Clonger and the Cook family.

WIFE MAKES CRUELTY COMPLAINT IN SUIT

A charge of cruelty was made by Patricia K. Campbell in a divorce suit filed Tuesday against Byron E. Campbell in circuit court. The plaintiff asked a restraining injunction against her husband.

They were married in this city Sept. 7, 1947, and lived together until Oct. 30, 1954. The plaintiff asked for the custody of their two children.

Edward J. Flynn is attorney for the plaintiff.

Waverly Lions Club Plans For Charter Night

WAVERLY—The regular meeting of the Lions Club was held at the Junction Grill last Monday night, with another good attendance and Hood's attendance team strengthening their lead in the attendance contest.

During the brief business meeting, tickets were distributed to the members for advance sale to the Lions ham and bean supper which will be held this month.

The program for the evening featured Civil Defense Dr. C. F. Deatherage, program chairman, and also Waverly Defense Co-ordinator, introduced as a guest Chester Ashbaugh who leads the Waverly Ground Observation Post. Ashbaugh in turn introduced an Air Force Captain and Sergeant from the Springfield Filter Center. The Captain gave a talk in which he related the need for Ground Observation posts, their purpose, and what they accomplish, and made a plea for more volunteers. He commended the Waverly post for the fine cooperation that has been given the Springfield Filter Center and told how the observation program is carried out. At the conclusion of his address, movies dealing with air defense were shown.

James Huddy and Robert Hughes were accepted as new members of the Lions, and President Gerald R. Brown announced that both men will be formally accepted into the organization at the charter night meeting. William Wilson was a guest for the evening.

November 15, the next meeting, will be one of the big meetings of the year. This is charter night, and Lions and their wives from Waverly, Franklin, Palmyra and Jacksonville are invited to attend the gathering, which will be held at the grade school cafeteria, with the supper to be served by the Band Boosters. The District Governor will be the speaker of the evening.

Personals
Mrs. Harvey Sanks will be hostess to the Armoia class of the Baptist church at 7:30 p. m. Tuesday. Entertainment will be in charge of Mrs. Pat Hunt and Mrs. Frank Meiers.

Mr. and Mrs. G. T. Challans of Jerseyville and Mr. and Mrs. Albert Cervi and baby of Carlinville were dinner guests at the home of Mrs. Fannie Challans Sunday.

Mrs. Alfonso Colvin is a surgical patient at Passavant hospital, Jacksonville, and underwent surgery last Thursday.

Miss Ruth Sprinkle, an employee of the Capital City Paper Co. in Springfield, underwent surgery at St. John's hospital, Springfield, last Wednesday.

Miss Ruby Scribner of Staunton spent several days last week with her cousin, Miss Norma Scribner.

Mr. and Mrs. Russell Turnbull returned home last Monday from a trip to Columbia, Mo. where they visited friends and then went through the Ozarks to Nevada, Mo. to visit Turnbull's sister in law Mrs. Allen Turnbull.

Miss Norma Scribner, Mrs. Maude Mader, Mrs. Emma Mader, Mrs. Mary Thomas and Miss Ruth Walters attended the fall meeting of the Rebekah Assembly of District 20 assembly at Bluffs Saturday night. Miss Norma Scribner was right support to the president Mrs. Moore and Miss Ruth Walters was the delegate from the Waverly Lodge.

Mrs. Johanna Mullens of Bluffs was elected president; Mrs. Belvia Barry of Caritas 625 Jacksonville, was elected vice president; Mrs. Trina Lowe of Sweet Home Lodge, Mason City elected warden; Mrs. Minnie Beard of Dawn of Bluffs as secretary and Grace Page of Springfield as treasurer. Petersburg lodge was in charge of the installation ceremony.

November 10 will be the reception for the new officers at Bluffs regular meeting.

Mrs. Winifred Strawn, Mrs. W. H. Jones, Mrs. Helen Dunseth and Mrs. Eugene Ritter, all members of the Waverly Woman's Club went to Pere Marquette park Oct. 29, where they attended a workshop in charge of the State Woman's Club Federation chairman of Trail Rangers and Park Ridge school for Girls, which are projects aided by the state Fed-

SPORTS TRAIL

By WHITNEY MARTIN
NEW YORK (AP)—It's too bad the Pacific Coast Conference and the Big Ten have a rule barring repeaters from the Rose Bowl games, as it knocks out what could be a history-making meeting.

Never, since the first Associated Press poll in 1896, have the No. 1 and No. 2 teams met in a post-season contest, and now it appears that such a game might be possible were it not for what we consider a silly provision in the contract.

Right now UCLA, unbeaten and untied, is No. 1 in the national ranking, and Ohio State, also with an unblemished record, is No. 2. Barring accident, such as a defeat, there is little reason to doubt that they will finish that way, although we realize UCLA must get by a dangerous Southern California team and Ohio State has yet to take on Purdue and Michigan.

Ohio State is eligible for the Rose Bowl assignment and seems a cinch to get it. UCLA, however, took part in the Pasadena game last New Year's Day, and automatically is sidetracked in favor of the second best coast team.

That would seem akin to the Cleveland Indians and the New York Giants being barred from taking part in the 1955 World Series because they played in it this year, even if they again won the pennants in their respective leagues.

They'd have to take the second place teams for the series, and you can imagine the feverish interest such a series would engender.

The Big Seven, signed up by the Orange Bowl, has a similar agreement by which it will not send the same team two consecutive years. This is particularly tough on the Oklahomaans, unbeaten and untied, No. 8 in the current poll and heavily favored to finish with a clean slate.

The ruling barring repeaters would seem to be a penalty on success, and the athletes who win their conference championships would be less than human if they weren't disappointed in being banned from a bowl game.

Aside from the money angle, bowl games involving two conferences undoubtedly are staged to determine the relative merits of the top teams in those conferences, and if one of the teams is a top team and the other a second place team, what does such a game prove?

Bud Brooks Named Lineman Of Week

By THE ASSOCIATED PRESS
Bud Brooks, who has been the big man in the Arkansas front wall through most of this all-winning season for the Razorbacks, Tuesday was named The Associated Press lineman of the week.

Last Saturday Rice forced Arkansas Coach Bowden Wyatt to abandon his two-unit system and he left Brooks in there for 58 minutes.

The 190-pound senior from Wynne, Ark., performed so well in that long stint that he was selected over such well-recommended linemen as Baylor's Henry Gremmlinger, Cornell's Jim Van Buren, Richmond's Billy Thacker, and Georgia Tech's Franklin Brook by sports writers and broadcasters participating in the weekly AP poll.

Bud Brooks, whose experience and steady play has been an important factor in steadying the youthful Arkansas team through seven straight victories, played his best game of the season as the Razorbacks turned back Rice 28-15 and virtually sewed up the Southwest Conference title. And on two occasions he made the tackles that stopped Rice within striking distance of touchdowns—once on the 7 and once on the 11.

CARTHAGE, Ill., Nov. 11—The Carthage College Redmen will wind up their current football schedule this Friday night (Nov. 12) at home when they challenge highly regarded Illinois College of Jacksonville at 8 p. m. on the college athletic field.

The Redmen will be out in better their season record as much as possible against the Illinois Blueboys, who in games this year against mutual opponents have performed much like the Carthage eleven. The Blueboys lost to Principia 12-0 and downed Eureka, whom the Redmen beat Saturday night 19-0.

Relying mainly on seven lettermen and a host of sophomores and freshmen, Coach Art Miller of Illinois had much the same problem as Carthage's Art Keller at the beginning of the season. With the exception of one halfback he lost his entire backfield due to graduation and military service.

The versatile Blueboys will run out of either a T or single wing formation and their line should weigh in at about 190 pounds per man.

Last Saturday night the Redmen dropped highly regarded Eureka College 19-0, after assuming a shaky 6-0 lead in the first half. The Redmen were far from their peak, with powerful Jim Langan sidelined by a foot injury and star quarterback John Eakins suffering a bad knee which prevented him from playing, although he did dress for the game. Bob Larson, replacing Eakins in the quarterback slot, turned in a credible performance, passing to Bob Nordengren in the second quarter for the first touchdown.

David Bettmer scored on a six-yard plunge in the third period and again in the fourth when he sprinted 14 yards for the final tally of the game. Bettmer, attempting conversions for the first time this season, booted the point successfully after his first touchdown, but the third attempt struck the uprights and bounced back. His first attempt was blocked.

The Redmen thoroughly outplayed their opponents, racking up 360 yards on the ground and 40 in the air for a total of 400 net yards gained rushing and passing, while they held the Eureka to a meager 37 yards total gain.

Wingback Quits Tennessee Squad

KNOXVILLE, Tenn. (AP)—Terry Sweeney, first-string wingback on the University of Tennessee football team, said Tuesday he has quit the squad.

Sweeney said "I quit in order to be able to spend more time with my family, to devote more time to my studies and to help make financial ends meet."

Sweeney lost his athletic scholarship last spring when he married.

Johnson Expects To Name Manager, General Manager Of A's Within A Week

By JACK HAND
NEW YORK (AP)—Lou Boudreau remained the leading candidate for the job of managing the new Kansas City Athletics Tuesday as owner Arnold Johnson announced he expected to fill the job and also name a general manager within a week.

Johnson said at a news conference he expected to talk with Joe Cronin, Boston Red Sox general manager who fired Boudreau after the 1954 season. Boudreau had another year to go on his contract at \$45,000 per.

Johnson added he expected to talk with several others. Asked about the status of Eddi Joost, the 1954 manager, he said he still was under consideration.

Crimsons-Tigers Battle Takes Place At I.S.D.

The annual intra-city battle between the Jacksonville High School Crimsons and the Illinois School for the Deaf Tigers will be played tomorrow afternoon at 2:00 o'clock on the deaf athletic field.

Last season the two teams tangled on the J. H. S. field and the Crimsons won rather easily. Coach Bob Kraushaar's Crimsons take a record of 5-2-2 in tomorrow's contest against the Tigers' mark of 7-1.

Coach Spink's deaf eleven have beaten Petersburg, Oklahoma, Staunton, Missouri, Ohio, Wisconsin and Dupu while losing to Mt. Sterling. The Crimsons have beaten Carlinville, Beardstown, Notre Dame, Feitschura, and Westville while losing to Macomb and Taylorville and tying Pittsfield.

Both clubs expect to be in fair shape although each side has key men with injuries. Tiger captain Dick Thrash is a doubtful starter for coach Spink having been out with a bad ankle. In the Crimsons' camp, halfback Kent Dawson missed the last game with a bad leg and Skip Dyer is still having some trouble with his ankle. However, both expect to be ready by tomorrow.

Storm Trooper Favored In Crab Orchard Open

CARBONDALE, Ill. (AP)—Storm Trooper, white liver male pointer owned by B. McCall of Birmingham, Ala., reigned as one of the favorites Tuesday in the 7th annual Crab Orchard Field Trial all-ace open.

The open which started Friday with 62 dogs entered, ended Wednesday afternoon. The final eight dogs will compete then.

Storm Trooper found three coveys of quail and handled them well. Harold E. Lonsdorf of Mount Holy N. Y. with two coveys finds, Mr. Tyson owned by C. A. Ruge of Jamestown, N. Y., with a Cross Smoke, owned by George Suttle, Newport News, Va., both with one covey find. All three turned in good ground races.

Establish Annual Award In Memory Of Grantland Rice

NEW YORK (AP)—The Sportsman's Brotherhood Tuesday established an annual award to sports writers in memory of the late Grantland Rice, a long-time director of the organization.

Announcement was made at a memorial luncheon, sponsored jointly by the brotherhood, an organization whose purpose is "to foster the spirit of sportsmanship throughout the world," and the Touchdown Club of New York.

The award will be made each year on Rice's birthday, Nov. 1, to "the sports writer who came nearest to carrying out the Rice tradition."

Caterpillars Place 3 On World All-Star Team

RIO DE JANEIRO (AP)—Three members of the Peoria (Ill.) Caterpillars, the team that swept the World Basketball Championship last week as U. S. representative, were named Tuesday to the world all-star team selected by the newspaper Tribuna de Imprensa.

The U. S. players named were Joe Stratton, Jim Minter and Bill Johnson. Stratton was singled out by the newspaper as the best all-around player in the 14-nation tournament.

Two other members of the Caterpillars, Dick Retherford and Stan Solomon, were named to a reserve squad.

Other members of the first team were Uruguay's Oscar Moglia and Brazil's Zenny de Azevedo.

Ollie Matson Out 2 Or 3 Weeks

CHICAGO (AP)—Ollie Matson, star fullback of the Chicago Cardinals, may be sidelined for two or three weeks by a concussion suffered in Sunday's National Football League game with the Eagles at Philadelphia.

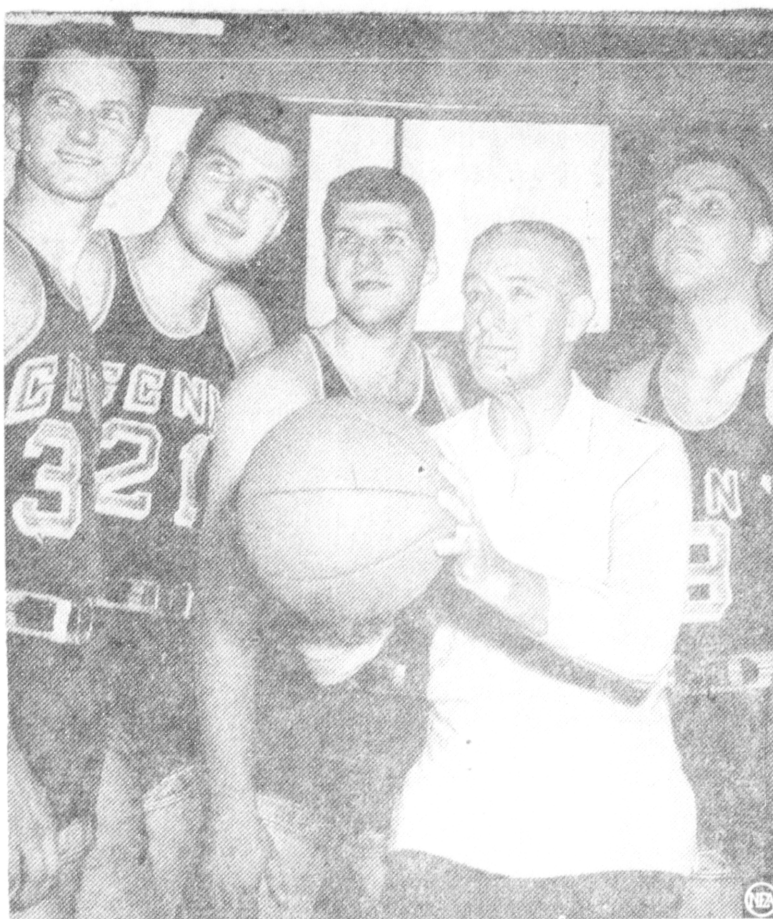

It first was reported Matson might be able to play against the Los Angeles Rams Sunday, but the team physician, Dr. Ralph C. O'Halloran, said Tuesday Matson will remain in a hospital the rest of the week.

"He has a severe concussion," the doctor said.

Ray Eliot Must Patch Line For Homecoming Tilt With Wisconsin

CHAMPAIGN, Ill., Nov. 9—Coach Ray Eliot today faced another line-patching task as his Illinois squad began preparations for its Homecoming tilt with Wisconsin before a sell-out crowd of 17,119 in Memorial Stadium Saturday.

Team physicians announced Monday that Rudy Siegel, 215-pound junior right tackle from Pana, was through for the season because of a cartilage injury in the right knee. Siegel was a 60-minute performer in Illinois' 14 to 7 loss to Michigan last Saturday.

To compensate, Eliot again moved Don "Bucky" Tate to right tackle and installed George Walsh, hard-driving little junior from Atwood, at right guard. Veteran Wally Vernasco, who has been favoring a bad ankle, will be held as first-line replacement either for Walsh or Capt. Jan Smid at left guard.

"Siegel's loss hurts materially," Eliot commented. "He was just hitting peak form and played a fine game for us against Michigan. That's four varsity men, Siegel, Floyd McAfee, Bob Gonzola and Jim Minor who has been lost during the season."

"Then, too, 10 others have been injured enough to miss one or more games. On a squad which normally would have been thin at various positions, such a series of injuries has been disastrous."

Eliot's chief hope in drills this week is that J. C. Caroline, who missed all of the Purdue contest and made only a token appearance against Michigan, can get back into shape to be effective against Wisconsin.

"Caroline hasn't worked enough in the last two weeks to be of any value. He has lost timing and his sharpness. But, we hope that with hard work he can be ready to help us by Saturday. While Harry Jefferson played well as his replacement, he isn't a J. C. Caroline," Eliot said.

Eliot felt that Em Lindbeck, junior quarterback from Kewanee, played the best game of his career against the Wolverines. "He called plays very well, used his offense effectively and passed enough to keep Michigan loose on defense."

Lindbeck now has completed 28 of 51 passes during the season for an average of 549, totaling 374 yards and two touchdowns.

Eliot expects to concentrate in drills on plans to defense Alan Ameche, Wisconsin's great fullback, who is key to the Badger offense. "The Horse gained 59 yards against Northwestern last week to bring his career record at Wisconsin to a total of 3,186 yards, an all-time NCAA record."

The Illini, of course, cannot discount the passing of Badger quarterbacks, Jim Miller and Jim Haluska, and will spend considerable time on pass defense. However, Eliot feels that aerials are not the major threat since the Illini have limited foes to 558 yards by air and have intercepted 13 enemy passes during the season.

FAN BREEZES

BY BILL MERRIS

The new Illinois free throw rule put into effect this year has caused somewhat of a stir around town. Several of the local coaches attended the rules interpretation meeting at Pittsfield Monday night and left the place wondering if this was the solution to the whole thing.

—0—
This new free throw rule gives the offended player one shot. However if he makes the first one, he gets a second shot. If he misses the first one, that's all—no second chance. It remains the same as last year when the player is fouled while in the act of shooting. He gets two shots, whether he makes the first one or not.

—0—
Several of the local mentors seem to agree this new ruling will tend to slow the game down. We agree and don't believe the fans or players like the slow game. The fast, high scoring type of basketball has caught the fans' fancy and the gates receipts prove it.

—0—
This year we are afraid most teams will play a more cautious type of game and wait until the defensive player gets excited and makes a foul. If the man has practiced his gift shots, he will have two points or the equivalent of one basket. As one coach put it, "why try to drive in for a bucket when a foul will mean the same thing."

—0—
The way we look at this rule, it will halt the press by the defensive team. A team can hardly afford to put on a pressing defense. What little we know about the game, we believe everything is done for the offensive man and very little for the defensive man. We'd like to see a rule that would permit a little guarding.

—0—
We believe the reason for this new ruling was to prevent fouling or in other words, to prevent so much whistle blowing. Although we may be wrong and this rule may prove to add to the game, both from the fans and players standpoint, at this time it doesn't appear to us as being the solution. Maybe the old rule on one shot and one shot only, except in the act of shooting, was the best.

—0—
One thing is sure, without rules and regulations the game wouldn't be the top spectator sport in America as it is today. However, we don't want to forget it's the players' game and no one else. Maybe it would be a good idea to give the game back to the kids and let them "kick it around for a while."

—0—
The forward pass in football wasn't invented by a coach, official, fan or sports writer—it was first tried under game conditions by a player.

American Assn. Schedules Meeting To Replace KC

LOUISVILLE, Ky. (AP)—An American Assn. realignment meeting has been scheduled for next Monday or Tuesday in Chicago.

Ed Doherty, association president, said he expects his directors to decide upon a replacement for Kansas City. The American League Monday approved transfer of the Philadelphia Athletics franchise to Kansas City.

So far the New York Yankees, owners of the Kansas City AA franchise, haven't indicated whether they want to continue in the association.

Despite the Yankees' silence, speculation has placed Denver of the Western League in the No. 1 spot as the replacement for Kansas City.

UCLA Bruins Number 1 Team; Ohio State 2nd

By JACK STEVENSON
Associated Press Sports Writer

What keeps the UCLA Bruins in championship form? Coach Red Sanders was asked that Tuesday after his smooth, powerful club gained the No. 1 national ranking for the second straight week in The Associated Press poll of sports writers and broadcasters.

His answer: Teamwork. "There are two things that go to making up a good football team," the affable coach said. "Enough good football players and a fine staff of assistants. I happen to be blessed with both."

Observers might add that a solid job of coaching has as much importance. An even 300 votes were tabulated in the poll this week and 117 had the high scoring Uclans in first place as compared with 80 for Ohio State, which drew the second spot, followed by Oklahoma, Arkansas, Notre Dame and Army. Rounding out the top 10 in order are Mississippi, Southern California, Iowa and Navy.

Miami of Florida and Purdue both dropped out of the top 10. The Hurricanes were beaten by Auburn and Purdue took a 25-14 beating from Iowa. With that victory the Hawkeyes moved into the select group along with Navy's Middies, who beat Duke 40-7.

Government Goes Before Supreme Court To Check Into Boxing Monopoly

By HERB ALTSCHULL
WASHINGTON (AP)—The government goes before the Supreme Court Wednesday in a move aimed at breaking up what the Justice Department labels a monopoly in boxing.

The high court set aside two hours in the afternoon for argument of the case in which the department contends the International Boxing Clubs of New York and Illinois, Madison Square Garden and their directors are violating the nation's anti-trust laws.

This action is an appeal from a ruling by the U. S. District Court for the southern district of New York, which used the Supreme Court's historic baseball rulings as its basis for throwing out the government's suit.

In addition to the garden and the two IBC outfits, the government's suit names as defendants James D. Norris, president of boxing clubs

Football Briefs

MADISON, Wis. (AP)—Two of four injured Wisconsin football regulars were back at work Tuesday, participating in preparations for the Badgers' game at Illinois Saturday.

Capt. Gary Messner, center, and end Ronnie Locklin took part in contact defensive work while fullback Alan Ameche, the new NCAA record-holder in rushing yardage, dogtrotted around the field and observed the session.

All three suffered leg injuries in Wisconsin's victory over Northwestern last week. Tackle Bob Konovsky, injured at Iowa a week earlier, also has a leg bruise and Tuesday was bothered with a touch of flu.

Coach Thomas took over Ameche's post at fullback, and Steve Ambrose filled in for Konovsky.

EVANSTON, Ill. (AP)—Northwestern polishes its offense and defense Tuesday and worked on several new plays the Wildcats plan to spring on Indiana Saturday.

Coach Bob Votaw announced that end Bob Morman and halfback Dick Ramecke might see action against the Hoosiers.

Morman has missed the last two games because of a bad knee and Ramecke's status was doubtful following a leg injury against Wisconsin.

CHAMPAIGN, Ill. (AP)—Halfback J. C. Caroline, hampered with a slight shoulder separation, worked out Tuesday in Illinois practices over Wisconsin, but sophomore Harry Jefferson remained in the left halfback slot.

Jefferson has replaced Caroline in the last two games. The star ball carrier of last season missed the Purdue game and was in for only one sequence of plays against Michigan last week.

The Illini worked on plans to defend against Wisconsin fullback Alan Ameche but avoided contact work.

SOUTH BEND, Ind. (AP)—Defense against rushing was stressed in Notre Dame drills Tuesday after the line yielded 224 yards to Penn last week.

On defense with the first team as freshman and second stringers combined to run plays of Notre Dame's Saturday opponent, North Carolina—was junior center Jim Mense. He was working at the line-backer spot usually filled by Dick Szymanski, who is recovering from an operation for removal of a ruptured spleen.

MINNEAPOLIS (AP)—Minneapolis Laker veteran Jim Pollard said Tuesday the 24-second rule installed this season in professional basketball "eliminates smartness" and affects the players physically.

New York Stock Market

NEW YORK (P)—The stock market continued its post-election boom Tuesday with the fifth advance in six sessions, but the vigor of the rise diminished.

Tuesday's market ran into profit taking several times, but on each occasion the offerings were absorbed promptly without upsetting the market.

Gains went to around \$2 at the best in key sections while losses occasionally got past \$1.

Several records were established by the market's action. First, the market established another new 25-year high as it did Monday.

Volume Tuesday at 3,240,000 shares crossed the two million mark for 116th time this year. In all of 1933 there were only 116 days when volume hit two million or better. You have to go back to 1929 to get a topper—267 days of two million or over. Monday's business was 3,180,000 shares.

Better acting divisions included farm implements, coppers, chemicals, most building materials, oils and rubbers.

Steels were mixed as were rapid-televisions, airlines and distillers. Motors and utilities were steady. Railroads were lower on balance together with aircrafts. Tobaccos were under pressure.

The Associated Press average of 60 stocks gained 30 cents at \$140.60, highest since Oct. 17, 1929. The industrial component of the average was up 80 cents at a new high of \$193.40, but the railroads fell away 20 cents, and utilities were up 10 cents.

The list was composed of 1,261 individual issues—a record high. The previous record was June 27, 1950, when 1,260 issues were traded.

The American Stock Exchange was largely higher on volume of 900,000 shares, only 50,000 less than Monday.

New York Bond Market

NEW YORK (P)—The bond market climbed irregularly Tuesday as volume increased.

Railroads continued Monday's leadership of the corporate advance. Utilities and industrials were fairly steady. "Big Bond" volume rose to \$4,710,000 par value from \$4,370,000 Monday.

U. S. government bonds firmed in late dealings. Treasury securities were mostly mixed.

ALL GRAINS EXCEPT BEANS CLOSE HIGHER

By WILLIAM FERRIS

CHICAGO (P)—All grains except soybeans closed higher on the Board of Trade Tuesday. Lard also moved ahead, setting new seasonal peaks.

The market opened lower on another day of fairly large receipts of cash grain, which brought hedging pressure into all pits. It reversed itself quickly, pushing ahead on moderate export business and hopes for more. Just before the close soybeans gave up their gains.

Wheat closed 1 1/2-2 1/4 higher, corn 1 1/4-1 1/2 higher, oats 1/2 to 1 cent higher, rye 1 1/2-2 1/4 higher, soybeans unchanged to 1 cent lower and lard unchanged to 35 cents a hundred pounds higher.

Cash corn receipts totaled 179 cars and soybeans 113 cars. These were fairly large receipts for a Tuesday. All the soybean arrivals were applied on previous sales, but corn was offered on the spot market and caused a slightly lower market tone.

Fair weather prevailed over most of the Midwest, speeding up the corn harvest and enabling farmers to just about wind up the soybean harvest.

March wheat made a new seasonal high and May wheat equaled its previous peak. All wheat deliveries at Kansas City sold in new high ground.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (P)—Butchers and sows sold steady to 25 cents lower Tuesday. Most offerings moved at a loss with the steady price prevailing for choice 180 to 230-pound butchers. Salable receipts at 12,000 head were 1,000 more than expected.

Buyers paid \$19.60 to \$19.75 for 180 to 220-pound butchers. The \$19.75 top was unchanged from Monday. Most choice 220 to 250-pound butchers moved at \$19.15 to \$19.40 with 250 to 270-pounders \$19.00 to \$19.25. Sows brought \$16.00 to \$18.50.

Practically all offerings in the cattle section sold steady. A few loads and lots of high choice to low prime steers reached \$27.00 to \$29.00 while good and choice grades moved at \$20.50 to \$26.75. Good to low choice heifers were taken at \$20.00 to \$24.25. Salable receipts totaled 5,500.

Utility and commercial cows sold for \$8.75 to \$12.50. Vealers sold at \$17.00 to \$22.00 for good to prime. Salable sheep receipts totaled 3,000. Lambs dropped 50 cents at \$19.50 to \$20.50 for choice to prime woolled types. One double deck commanded \$21.00.

West Asks Russia, India Help Plan Scientific Meet

UNITED NATIONS, N. Y. (P)—The West Tuesday invited Russia and India to help arrange an international scientific conference slated to meet next summer as part of President Eisenhower's atoms for peace program.

Arkady A. Sobolev, sitting in the U. N. Assembly's Political Committee for Chief Russian Delegate Andrei Y. Vishinsky, and V. K. Krishna Menon, India, said nothing publicly in answer to the Western bid but indicated privately that they were interested and would study it carefully. They obviously were surprised.

The offer was made by Paul Martin, Canadian minister for national health and welfare, as the committee continued debate on the President's proposal.

Martin issued the invitation the day after Vishinsky had stated that Moscow had not rejected the Eisenhower plan and that Moscow wants to continue negotiations with the United States on this subject.

Martin proposed that the Soviet Union, India, Brazil, United States, Britain, France and Canada make up an advisory committee to consult with Secretary General Dag Hammarskjöld on invitations to the conference, preparation of the agenda, and selection of the site.

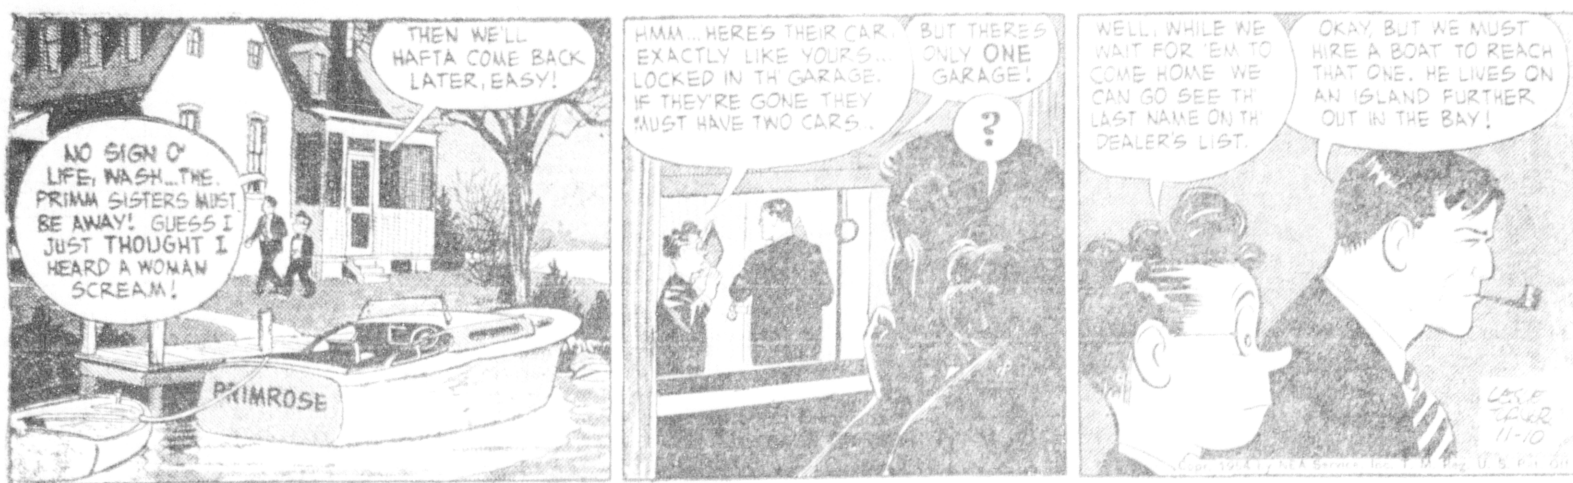

The conference would explore means of developing the peaceful uses of atomic energy through international cooperation, study the development of atomic power, and consider other technical areas for international cooperation.

New Type Nylon Hose Beneficial To Varicose Veins

ST. LOUIS (P)—A new type nylon stocking, already on the market as a business or afternoon sheer, has been found by chance to be beneficial in treating mild varicose veins and leg cramps, a North Carolina doctor reported Tuesday.

Madness In The Spring

By Elinore Denniston

Copyright 1954 by Elinore Denniston. Distributed by MCA Service, Inc.

THE STORY: Greg Seaver, a young man who wants to do things on his own, leaves the relative security of working for his stepfather to charter a wealthy invalid, Wade Daggett. Daggett is paralyzed and this has left his face disfigured. They have picked up Rupert Landusky, an alien literally by the country, as they travel in Daggett's car and trailer. Reaching no decision about what to do with Landusky, who suffered from exhaustion and near starvation when they found him, they dine at a tavern. Rupert immediately precipitates trouble with some young hoodlums who are hounding a girl in retaliation for the hoodlums' ridicule of Daggett.

XIV

SAM blundered to his feet. "Ladies and gents," he began like a sideshow Barker, "for 10 cents, one dime, the tenth part of a dollar, you can see old Push-in-the-Face, the only man in captivity."

Greg's chair fell over with a crash and his whole weight was behind his arm as his fist smashed full against the jeering mouth. Sam, taken by surprise, sat on the floor, dabbing at the blood that oozed from his cut lip. The waitress set down her tray, shaking too much to serve the meal.

Sam struggled to his feet and his head reeled as Greg struck again.

The third man seized Greg's arm. "Hold it, Bud. I'll get this bunch out of here. We don't want no trouble. You'd better look after the old gentleman."

Greg turned around. Daggett, seeing his savage anger, managed a faint smile.

Greg lifted him to his feet and took his good arm while Rupert frowned then, carrying Daggett's walking stick as though it were a drawn sword. No one spoke or moved as they made their slow progress through the dining room and the lobby and Greg lifted Daggett into the car. When they reached the trailer camp, Daggett lay down on his bed.

CAPITAL DISTANCES

ROANOKE, Va. (AP)—Ben Sutherland, assistant U. S. attorney for Western Virginia commutes about 400 miles each weekend to his home in Clintwood, out near the Kentucky border.

"We are a little bit out of the way," he said. "There are eight state capitals closer to Clintwood than Virginia's—Raleigh, N. C., Columbia, S. C., Atlanta, Ga., Nashville, Tenn., Frankfort, Ky., Indianapolis, Ind., Columbus, Ohio, and Charleston, W. Va."

ROAD TO FREEDOM

PHILADELPHIA (AP)—Municipal Court Judge Adrian Bonnelly sentenced a man to 9 to 23 months in jail. Deciding to reduce the sentence he had the man brought back and cut his time to 6 to 23 months. But a court officer misunderstood. He let the prisoner go free.

A few hours later the defendant went to the detective bureau, saying he realized he'd been improperly released. Judge Bonnelly was so impressed, he cut the man's term to 23 months.

Nov. 11 Now Veterans Day Replacing 1918 Armistice Celebration

On November 11 service, civic and social organizations will unite to observe Veterans Day with a parade and brief ceremonies in the Central Park. Veterans Day, formerly observed as Armistice Day since the end of World War One, received its present name after a proclamation by President Eisenhower.

Parking Survey Will Be Made Here Wednesday

Jacksonville's parking habits will be under close scrutiny Wednesday and Saturday of this week when a complete parking survey is made in the downtown business district. The survey, sponsored by the Jacksonville Chamber of Commerce, with Junior Chamber of Commerce members participating, was planned for the purpose of helping the city to improve its parking system.

A total of seven surveys in all will be taken in order to supply the necessary data for interpretation and recommendation.

Statistics and facts concerning the city's parking arrangement will be forwarded to DeLeuw, Cather & Co., Chicago, experts in traffic regulation. The company will then make recommendations for alleviating the parking problem in this city.

A. W. Applebee, chairman of the Chamber of Commerce parking committee, said about 75 Jaycees will make the survey.

Other members of the C. of C. parking committee include Walter Bellard, W. L. Seville, Dr. M. L. Newman, Irwin Grant, Allen Kelly, W. R. Hawkins, Jr., William Zopf, Robert Conover, R. A. Bogardt, and Harris Rowe.

Pilot Club Will Plant Trees For City This Spring

The resumption of the major project of the Jacksonville Pilot Club, Trees for Jacksonville, was entered into with renewed zest at the dinner meeting the group held at the Dunlap hotel.

Considerable business was transacted as this was the regular business session for the month. The special funds committee presented a novel way to increase the club's treasury. Each member was given a tiny plastic apron with instructions to place in the apron's pocket the number of pennies to correspond with the waist measurement by inches.

To stimulate perfect attendance a prize for perfect attendance over a specified time was offered by Mrs. Gertrude Reynolds. The prize is a plum pudding.

Now that the water situation in Jacksonville has eased the club will proceed with its tree planting program in the spring. Jacksonville's trees have suffered considerably during the severe windstorms late last summer. Many trees were completely destroyed. They must be replaced soon if the city is to have the benefit of shade and beauty in years to come.

The meeting concluded with the reading of a letter from district Lieutenant Governor Rhoda Samore who was making an official visit to the Peoria Pilot club. This was Mrs. Samore's first absence from the meetings of the local club for more than two years.

Jacksonville post 1379. Veterans of Foreign Wars, will have charge of this year's parade plans. The parade marshal will be Charles Thady, commander of the VFW post. Marshal Thady asks that all participating organizations meet at 10:30 Thursday morning at the corner of West State street and South Church, forming a line of march from West State back on Church street. The line will march at 11 a.m. up West State street to the Square, around the square to North Main street and into Central Park for the services.

The large floats and cars will have easy routing to leave the square at this time down West Court street and not obstruct traffic.

Bands Will March

To date Marshal Thady has heard from two school bands that will march in the parade, the David Prince Junior high school band, wearing their green and white school band uniforms and the senior high school marching band in the red, white and gray outfits. The combined bands will play the National Anthem in the Park. A public address system is being provided by the Fox Illinois Theater for the short ceremony.

The parade will be headed by public officials in automobiles, including the city's newest fire engine, as many of the County Cavalier Cycle club members available to ride their machines and the uniformed school bands.

Other organizations who have agreed to be in the parade to date are: members of the Boy Scouts, Explorers, Girl Scouts, Junior Woman's club, Jacksonville Woman's club, Royal Neighbors of America, Woman's Relief Corps, American War Dads and Auxiliary, American Legion Post 279 and Auxiliary, Moss-Walton Post and Auxiliary, Veterans of Foreign Wars and Auxiliary, Amvets and Auxiliary, Forty and Eight, Eight and Forty and Student Nurses of the Hospitals.

All public schools will be closed for the day. Business houses will close from 11 to 12 noon for the observance.

Any organization wishing information is asked to contact Marshal Thady and be at the assembly point at the specified time Thursday morning to participate in the parade.

Two Indictments Brought In At Term Opening

A brief session of the Morgan county grand jury Tuesday morning resulted in the indictment of two defendants on criminal charges. The grand jury was empaneled by Judge DeWitt Crow of Springfield, with Harold Townsend, local plumbing contractor, as foreman. The grand jury had been called for duty on the opening day of the November term of court.

A true bill was returned against Arthur Wakenight charging him with the theft of \$600 from the Hopper & Hamm furniture store, the alleged theft occurring Aug. 20. Wakenight was arrested in northern Illinois and brought back to this city.

Two indictments were returned against Bernard Thompson on charges of forgery. The checks were issued on Dec. 14, 1953, and Thompson was placed under arrest Sept. 20, 1954.

Evidence in the cases was presented before the grand jury by State's Attorney Albert Hall. The grand jury was dismissed before noon after making its report to Judge Crow.

FAMILY DINNER NIGHT OF NOV. 10 AT FIRST BAPTIST

On Wednesday evening Nov. 10th, members and friends of First Baptist Church will meet in the new Fellowship Hall for a 6:30 ham dinner. The meal will be furnished by the Social Committee.

The occasion for this dinner program is the second quarterly business meeting of the church. Important recommendations will be made to the congregation by the Advisory Board. I. B. Turner will serve as moderator and Irene Crawford as clerk.

A half hour program will consist of the presentation of the popular film, "Missions to Walker's Garage."

All persons not having reservations will please phone them in immediately to the church office.

Legion Auxiliary To Be In Parade Here Thursday

At the meeting Wednesday night, Nov. 3, the American Legion Auxiliary, unit 279, made arrangements to participate in the Veterans' Day parade on Thursday, Nov. 11.

The meeting was conducted by the president, Mrs. Russell Vernon Edna Day, membership chairman, reported the total membership is now 264 in the Auxiliary.

Dorothy Brennan, who represented the Auxiliary in the recent drive for blood donors in Morgan county, reported the blood program was in danger of expiring, reported the success of the October visit at the Grace Methodist church. She listed several members who worked at the blood station and also who donated blood.

Margaret Ferry read a letter about the 2nd West Central Illinois Community workshop to be held at Illinois College for the purpose of discussing improvements to the community. The shop is a part of the 125th anniversary of the College.

Ina Colton, Americanism chairman, named her committee to arrange for the Auxiliary's participation in the parade Nov. 11, until this year known as Armistice Day. Committee members are Frances David, Mildred Smith, Truby Skinner, Elizabeth Doolin, Nelle Wandell and Margaret Ferry. Mrs. Colton also asked for cars to be donated for the parade. Any member wishing to ride must be at the Legion home at 10:30 Thursday morning.

A report was heard from Edna Day on the school of instruction held recently at Virginia for all presidents, secretaries and committee chairmen in the 20th district.

Mrs. Ferry spoke of the need for funds for the proposed building program underway for the new addition for Our Saviour's hospital.

At the close of the program refreshments were served by Frances David, Ina Colton and Mildred Smith. The next meeting's program will be presented by Hazel Ward, past president's parley chairman.

PILGRIM FELLOWSHIP TO HOLD CONVENTION AT RIVER FOREST, ILL.

The Pilgrim Fellowship will hold its state convention at Concordia Teachers College, River Forest, Ill., during the Thanksgiving week-end. The local P.F. Youth Group of the Congregational Church will be represented by Gretchen Hahner and Betty Kohl.

The theme this year is to be "To Know God." Mr. Henry Rust will be the guest speaker.

The state convention will commence at 2:30 p.m. on the 26th of Nov. and end at 3:00 p.m. on Sunday the 28.

In order to send their delegates to the state convention this year the P.F. will have a bake sale at Modern Cleaners on Saturday the 20th of this month.

Word has been received of the birth of a daughter on Nov. 2 to Mr. and Mrs. Merle E. Brink at Hammond, Ind. The mother is the former Verla Leib, daughter of Mrs. Viola Leib, 1415 Center street. The little girl was named JoEllen and was born on the seventh birthday of her older brother.

Post Office To Mark Veterans Day As Holiday

Thursday, November 11, Veterans Day, will be observed as a holiday by the Jacksonville post office. There will be no delivery on the rural routes or on the city residential routes. There will be a morning delivery on the downtown business routes.

Mail will be collected and dispatched as usual and special will be delivered. Post office windows will be closed, but the lobby will remain open for the convenience of the box patrons and those who wish to deposit mail in the office.

LEAVE FOR CALIFORNIA

Mrs. Helen Walker and son Edward have returned to their home in Los Angeles, Calif., after having been called to this city by the death of her uncle, Robert Lewis.

Lovely Nadine Conner of the Metropolitan Opera, who will sing Friday, Nov. 12 at 8 p.m. in Annie Merger chapel at MacMurray College, represents one of America's most outstanding gifts to the world of opera.

Born in California of pioneer ancestors who had gone there during the Gold Rush, she studied singing with local teachers while a student at the University of Southern California. Her actual professional singing debut was made as soloist over a Hollywood radio station. She made such a notable success that soon she was heard on such programs as Bing Crosby's Hollywood Hotel, Showboat, Nelson Eddy, and Cresta Blanca. After graduation, she toured with a theatre stock company. Soon she was chosen to sing the leading roles in "Traviata" and "Faust" with the Los Angeles Opera Company.

In 1939 Miss Conner retired from

radio and the stage, and married Dr. Laurence Heacock, a surgeon of Compton, Calif. Then in 1941 in New York she auditioned for the Metropolitan opera, and shortly after made her debut as Pamina in "The Magic Flute." Since then she has been a stalwart of the Metropolitan Opera, and has won additional friends and admirers through her recordings, concerts, and frequent guest appearances on such radio and television programs as "The Voice of Firestone" and "The Railroad Hour."

Miss Conner designs her own costumes and not long ago was voted the best-dressed woman in the opera world by the Fashion Institute.

The Civic Music Association presents this leading soprano of the Metropolitan Opera as the second in its series of concerts this year. The next concert is scheduled for Jan. 7, 1955, which features the 12 Musical group of string players.

Storms Flood Dublin, Thousands Trapped

100 Seamen Known Dead, Believed Lost

DUBLIN, Ireland (AP)—Flood waters surged through almost all the low-lying northern area of Dublin Thursday, trapping thousands of Irishmen in their homes. It was the worst flood in the memory of this Irish capital of more than a half million population.

Freezing winds and torrential rains whipped much of Europe. Ice, sleet and snow added to the misery. Shipping was hard hit with 64 French fishermen feared lost in seven trawlers which vanished along the French coast during fierce gales. About 100 seamen were known dead or presumed lost in two weeks of almost continuous heavy weather.

In Dublin the Irish army joined with police and fire services in the rescue of thousands of persons marooned in flooded homes. Waters poured out by raging rivers hit the northern part of the city bordering Dublin Bay—an inlet of the Irish Sea.

Flood victims by the hundreds received quick hospital treatment for shock, exposure and exhaustion after 12 hours and more of battling the surging waters.

Anxiety grew for hundreds marooned in small farmsteads alongside upper reaches of the Shannon River in central Ireland.

Already the Shannon had spilled over more than 30 square miles and was rising hourly. But Wednesday night's gales so disrupted telephone communications across the country no clear pictures of the Shannon floods could be formed here.

In England, lashing rain brought floods to areas still counting damage from Wednesday's vicious gales.

Leicestershire in the midlands reported its worst floods in 25 years. Nearer London, police kept anxious watch on the Thames River, already spilling into washlands in some areas and still rising.

Gale warnings sent battered shipping scurrying for shelter in the North Sea and Baltic.

Snow spread over Belgium, Holland and Norway. Gales and hail storms lashed Denmark.

ICC Authorizes Cut In Freight Rates On Coal

SPRINGFIELD, Ill. (AP)—The Illinois Commerce Commission Thursday authorized a 65 cents a ton reduction in railroad freight rates on coal shipped to Chicago from Illinois coal fields.

The reduction was requested by the Chicago, Burlington and Quincy and 14 other railroads. The commission authorized the rates to become effective on one day's notice by the railroads but to expire June 30 unless cancelled or extended.

A commission spokesman said the reduction was sought by the railroads to meet competition from waterborne coal shipments.

The lower freight rates will not apply to coal shipped to northern Illinois cities such as Rockford, Aurora, Freeport and others, the commission said.

Hall: McCarthy Attack Will Benefit President

WASHINGTON (AP)—Chairman Leonard W. Hall of the Republican National Committee said confidently Thursday that President Eisenhower will benefit from the attack made on him by Sen. McCarthy (R-Wis.).

Hall was replying to a question which had been asked by Eisenhower at his Wednesday news conference. Eisenhower had referred to Hall. He asked: "In what appears to be a declaration of war by McCarthy, what danger do you see to the Republican party?"

The party chairman replied in a statement:

"There was no doubt in my mind as to the answer. However, to confirm my own opinion, I deliberately delayed one day in issuing this statement so that I might personally check key Republican leaders around the country and take a representative sample of Senate and House opinion."

"Some Republican members of Congress had already publicly stated their views. It is noteworthy that they almost uniformly and unhesitatingly went to the support of President Eisenhower, even though they took differing positions on the McCarthy issue in the recent Senate proceedings."

"My own survey confirmed this on a much broader scale and it convinced me that the President will find even greater unity and support among Republican members of both the Senate and House during the next two years. This is the only real measure of party unity, and the public in the coming months will have an opportunity to verify my findings."

McCarthy made his declaration Tuesday. He said Eisenhower had displayed a "shrinking show of weakness" toward Red China, while congratulating those senators McCarthy accused of holding up his efforts to expose Communists at home.

Sen. Mundt (R-S.D.), a friend of McCarthy, reported he tried to head off the statement and told McCarthy before he made it: "Everybody knows Ike is not for the Communists."

He said McCarthy persisted, saying: "They're shooting at me down there and I've got to say something." By "down there" McCarthy apparently meant the White House, where on last Saturday Eisenhower congratulated Sen. Watkins (R-Utah) for the way he handled the job of chairman of the Senate committee which recommended censure of McCarthy for his conduct.

Mundt was one of the senators on the losing side when the Senate voted 67-22 to condemn McCarthy's actions.

Soviet Has World's Finest Riflemen, Gen. Edson Says

WASHINGTON (AP)—The Russians now have the world's finest sharpshooters, and a retired Marine general said Thursday he thinks this is as disturbing as their possession of the atom or hydrogen bomb.

For Maj. Gen. Merritt A. Edson, who won the Medal of Honor at Guadalcanal, is convinced that this is as disturbing as their possession of the atom or hydrogen bomb.

The general, who is executive director of the National Rifle Assn., has just returned from the 36th firing of the International Shooting Union's world championships in Caracas, Venezuela.

There the Russians were competing for the first time, and—

"They won almost everything in sight," Edson said gloomily.

Edson said the Russians did so well because once they got in for something, they go whole hog.

"They have been pointing toward this since 1951," he said. And to help them point, they came up with 500 fulltime teachers of marksmanship. "Strictly speaking," he said, "I don't suppose we have a fulltime teacher in the whole country."

Sheppard Takes Witness Stand In Own Defense

CLEVELAND (AP)—Dr. Samuel Sheppard took the witness stand Thursday in defense of his life. He swore in a solemnly boyish voice that he and his slain wife had no serious disagreement, did not discuss divorce.

The 30-year-old osteopath is accused of murdering pregnant, 26-year-old Marilyn Sheppard, his wife, in her bed last July 4 after an illicit love affair with pretty Susan Hayes.

With calm, surgeon's detachment, Dr. Sheppard touched only lightly on the affair with the 24-year-old Miss Hayes. He was not pressed for details. But he did say Marilyn had no more than an academic interest in gifts he gave Susan.

Ahead of Dr. Sheppard at the end of the court day lay his supreme ordeal—his own word by word recital of Marilyn's violent death. In his telling of the story may lie his salvation. He says a prowler killed Marilyn.

In a level voice, intently and gravely, Dr. Sheppard denied he ever abused his 7-year-old son, Chip, in a fit of anger—an allegation the state raised in trying to show he had a temper that could flare into murderous rage.

And he testified he did not counsel a woman acquaintance on how to feign a head injury—the very maneuver the state insinuates he adopted after his wife's death. He claims her slayer badly injured him.

Dr. Sheppard, fighting to escape the electric chair, claims a bushy-haired stranger bludgeoned Marilyn to death then twice knocked him unconscious when he sought to aid her.

Two witnesses earlier in the day—chance passersby during the hours of the murder—testified they saw a bushy-haired stranger that morning near the Sheppard home.

Malik Calls U. S. Complaint About Fliers 'Jerry-Built'

UNITED NATIONS, N. Y. (AP)—Russia's Jacob A. Malik Thursday denounced as "shameful" and "jerry-built" a complaint in the U. N. Assembly by the United States and its Korean War allies against Red China's jailing of 11 American aviators as spies.

The top Soviet delegate in the Assembly gave the Communist answer to attacks on the Peiping regime by the United States and some of its allies in a special meeting of the full Assembly. Malik spoke for one hour and 25 minutes.

He contended repeatedly that the airmen were spies and the U. N. has no business interfering in the processes of Peiping's justice.

The 16 U. N. allies in Korea have put before the Assembly a resolution condemning the imprisonment of the men and asking Secretary General Hammarskjöld to make efforts to obtain their release.

Malik rejected claims by Henry Cabot Lodge Jr., that the case of the 11 airmen was separate from that of two American civilians captured after their plane landed in Manchuria. Lodge said those two were not within the U. N. Command. The Soviet delegate replied all 13 were bent on espionage assignments given by the American intelligence service.

Russia Moves To Halt Rearming W. Germany

Report Pope's General Condition Has Improved

VATICAN CITY (AP)—Medical experts announced Thursday night Pope Pius XII is gaining strength, his hiccups have ceased and his general condition has improved perceptibly.

The 78-year-old pontiff underwent a two-hour examination—his second in a week of grave illness that brought tears for his life—by three specialists and his personal physician, Dr. Riccardo Galeazzi-Lisi.

One of the consulting physicians, Dr. Raffaele Paulucci D'Valmaggiore, said "I can exclude that the Pope has cancer." He said the illness of the pontiff began two years ago "and if this had turned out to be cancer the Pope, also because of age, would have died inside a year."

As foreseen, the state of health of the Holy Father has improved perceptibly and progressively in the last few days," the doctors' bulletin said.

"To the Holy Father we commend continued rest. As soon as the condition of the Holy Father will permit, we will make an accurate examination of the digestive tubes. Therefore, news that has appeared in various newspapers with the most disparate diagnoses of the illness of the Holy Father is to be considered arbitrary."

U. S. Surplus Farm Products Climb To Record High

WASHINGTON (AP)—Uncle Sam's investment in surplus farm products stored under price support programs has climbed to a record high of nearly seven billion dollars.

The Agriculture Department reported Thursday that the investment totaled \$6,634,107,000 on Oct. 31. Additional commitments since that day, officials said, have pushed the amount close to the seven billion dollar level.

A year ago, the amount was \$4,544,897,000. Included in the investment as of Oct. 31 were \$2,525,834,000 in loans advanced to farmers on grains, cotton, tobacco, and other products stored under price support programs and \$4,108,273,000 in commodities owned outright by the department's Commodity Credit Corporation.

Commodities belonging to the department have been acquired through purchases under price support commitments and through surrender of commodities by growers in lieu of payment of price support loans.

The department also reported that it lost \$189,924,142 in carrying out price support programs during the July-October period of this year.

This amount compares with \$419,477,074 lost during the fiscal year ending last June 30. Losses are incurred when the department sells commodities for less than it paid for them. This year's losses resulted from sale of surplus dairy products for less than cost.

Major items in the Oct. 31 inventory included: wheat \$2,698,700,000, cotton \$1,231,942,000 corn \$1,167,471,000, butter \$326,436,000, tobacco \$260,046,000, and cheese \$184,164,000.

Examiner Rejects Move To Dismiss Gas Price Hike

WASHINGTON (AP)—A Federal Power Commission examiner rejected Thursday an Illinois Commerce Commission move to dismiss most of a 27 per cent wholesale natural gas price increase by the Natural Gas Pipeline Co. of America.

The higher rates would affect 17 utility customers of the pipeline company, in Kansas, Illinois, Indiana and Wisconsin.

The examiner, Howell Purdue, denied a motion by Harry R. Begley, attorney for the Illinois commission, who told a reporter he will appeal to the full commission.

J. J. Danaher, representing Chicago, joined Begley in the move which came after the company presented testimony to back up its request for the rate hike which it estimated would yield an additional \$10,702,000 annually.

HATOYAMA ELECTED—Japanese prime minister Shigeru Yoshida (right), one of the United States' strongest advocates in the Far East, resigned unexpectedly in the face of an almost certain no-confidence vote by the Diet. Ichiro Hatoyama (left), purged by Gen. Douglas MacArthur in 1946 as an "ultra-nationalist" was named to succeed Yoshida.

Diet Names Hatoyama New Prime Minister

TOKYO, Friday (AP)—Ichiro Hatoyama, a pro-U. S. conservative, Thursday was named prime minister but his Socialist supporters forced from him a pledge of new elections which they expect to win.

The Socialists, who oppose U. S. bases in Japan, rearmament, and Japan's post-war foreign policy, obtained as a price of their support a promise that he would dissolve the Diet and call new elections by March 10.

Socialists then joined Hatoyama's Democrats in the lower house and gave him a 257 to 191 victory over Takekura Ogata, president of former Prime Minister Shigeru Yoshida's Liberal (conservative) party.

Yoshida, who steered Japan through seven trying postwar years by aligning it closely with the United States, resigned Thursday before the Socialist-Democrat coalition could pass a no-confidence motion.

The switch in prime ministers promised little immediate change in Japanese foreign policy. Hatoyama says Japan must maintain her place among free nations but he favors increased trade with Red China and Russia, as do the Socialists.

Three of them entered the bank two carrying walkie-talkies. "Freeze!" one robber commanded as he pointed a gun at bank officials and customers. Then he ordered tellers to put cash on their counters. They failed to get many more thousands in a bank vault.

Police said the lookout remained in a parked car with another walkie-talkie and assistant manager Al Genterano, of the bank, said the holdup men "talked constantly with the instruments."

Roadblocks were set up.

DENMARK CUTS ARMED SERVICE TIME

COPENHAGEN (AP)—Denmark, one of the NATO nations, announced Thursday it is reducing the period of compulsory military service from 18 to 16 months. The reduction, effective at once, was described as part of an economy drive.

Earlier this year Belgium and the Netherlands reduced such service from 20 to 18 months. The United States requires two years of most draftees.

Two Phenix City Ex-Bosses Indicted In Patterson Killing

PHENIX CITY, Ala. (AP)—Two of the reputed bosses of Phenix City's fallen vice empire were indicted for murder Thursday in the killing of A. L. Patterson, the man who had sworn to drive the racketeers out of Phenix City.

Suspended Circuit Solicitor Arch Ferrell and former Chief Deputy Sheriff Albert Fuller were arrested on first degree indictments returned by the grand jury which undertook an unprecedented vice cleanup here four months ago.

A third indictment was returned but the name of the defendant as well as the charge against him was withheld until he is taken into custody.

Ferrell, 37-year-old former state commander of the American Legion, was arrested at his home and booked at the Russell County Jail without bond. He had been at the courthouse until a few minutes before the grand jury made its report.

Fuller, 35, also was at home when Sheriff Lamar Murphy and two state investigators notified him of his arrest. Because of a severe back injury which has kept him bedridden since July 4, the once-swaggering law enforcement veteran was put under house ar-

Threatens To Increase Armaments

MOSCOW (AP)—The Soviet Union warned the Western powers Thursday night that Russia and its East European Communist allies would increase their armed forces if West Germany is rearmed.

In notes specifically aimed to prevent Western ratification of the Paris agreement to rearm West Germany, Russia told the United States, Britain and France the stepping up of Red armaments was "to counterpose the growing armed forces of the aggressive states threatening the maintenance of peace."

Discussion of the German question, Russia said, will depend upon Western rejection of proposals to rearm Bonn.

Together with its notes to the Western powers the Soviet government delivered the text of a declaration adopted at last week's Moscow security conference of eight East European Communist states pledging an increase in armaments under a unified command—presumably Russia—to counter the prospective rearmament of West Germany.

(Ratification of the London-Paris accords, which would virtually free the Bonn Republic and link its rearmament forces to NATO through the Western European Union, appeared threatened in West Germany itself, Chancellor Konrad Adenauer's firm hold on the upper house of the federal Parliament was loosened when Socialists and three Right Wing parties in Bavaria formed a state coalition against rearming. This coalition, if it is able to hold the power in the state, will appoint Bavaria's six representatives in the Federal Bundestag (upper house). Loss of Adenauer's two-thirds majority in the Bundestag poses a serious new threat to ratification of the rearmament treaties.)

The Soviet notes said rearming West Germany would make impossible the unification of the East and West zones of Germany. They added that ratification of the London-Paris agreements "will bring about an intensification of the arms drive and will create new obstacles to achieving an agreement on the reduction of armaments."

"Such a policy leads to the transformation of Western Germany into a militarist state, with all the dangerous consequences thereof, not to mention the fact that the rearmament of Western Germany will make impossible her renunciation with the peace-loving (Eastern) German Democratic Republic."

Midwest Gets Sample Of Winter Weather

BRRRRR—Most of the nation had freezing temperatures, but Joanne Boehm, left, and Lois Moriarty, coeds at Mundelein College in Chicago, seemed to enjoy a wintry scene overlooking Lake Michigan. Trees throughout the campus were thickly iced as temperatures fell below 30 degrees.

By THE ASSOCIATED PRESS

Colder air pushed into the Midwest and the Atlantic coastal states Thursday causing large areas of rain or snow.

Rain pelted the Eastern seaboard from northern Florida northward into southern New England.

Light snow was general from the Northern Plains eastward across the Great Lakes and southward to the Ohio Valley.

Rain also doused the Pacific coastal area with some snowfall at higher elevations.

A one-inch snow that turned to ice slowed morning rush hour traffic to a crawl in Chicago. Traverse City and Alpena, Mich., recorded a three to four-inch fall.

Midday temperatures ranged from the teens in North Dakota to the upper 70s in southern Florida.

WEATHER

Thursday's temperatures as recorded at the WJDS transmitter were as follows:
High was 33 at 12 noon.
Low during the night 27.
Sunset Friday, 4:33 p. m.
Sunrise Saturday, 7:14 a. m.

SAME TOMORROW

Forecast for Jacksonville and vicinity:
Partly cloudy, little change in temperature Friday. Saturday mostly cloudy and somewhat warmer with rain by afternoon or night. High Friday low 30s. Low Friday night mid-20s. High Saturday low 40s.

HIGHWAYS

SPRINGFIELD, Ill. (AP)—The Division of Highways reported that state highways in the northern half of Illinois were 50 per cent covered with ice or packed snow Thursday night.

NATIONAL HIGHWAY PROGRAM

President Eisenhower knew what he was about when he chose Gen. Lucius D. Clay to head his advisory committee on a national highway program. The able, keen-minded general has now demonstrated the wisdom of the selection by coming up with some thoroughly practical revisions in the program.

Most important, he and his group will advise that the overall cost of the program be cut from the originally proposed \$50 billion to \$24 billion. Clay describes the higher figure as "desirable but not entirely practical."

What he means is that the committee could find no feasible way to finance the larger cost. And it has wisely concluded that the important thing is to devise a plan that could be reduced to hard-cash terms.

The present federal highway program calls for allocation of federal gasoline tax revenues to the states on a matching basis in the amount of roughly \$600 million annually. Under the new plan, tax funds for this phase of road construction—covering regular primary and secondary routes—would be allocated at a rate of \$550 million a year.

But, according to Clay's estimates, federal gas and oil tax revenues come to a billion a year, and the remainder of this take could be used to support federal revenue bonds over a 30-year period. If, as expected, gas and oil consumption rises over the years, even more money would be available to guarantee the bonds.

A separate federal commission, perhaps somewhat akin to a state turnpike commission, would be set up to issue the bonds and presumably govern this phase of the program. And from this solid financial base could spring the system of national highways which are the essence of the President's initial proposals.

All this is rather grubby stuff, but necessary if the ambitious program is to be anything more than a planner's dream.

We are long past the point where we ought to be dealing in dreams about our lagging highway system. If General Clay's sensible suggestions can now be given final polish and sold to Congress, we may be on the way to the first real solution we have had since World War II and a swelling population plunged us into this dilemma.

In Hollywood

By BOB THOMAS

HOLLYWOOD (P)—The theme song of George Stevens might well be "The Eyes of Texas Are Upon You."

You see, Stevens is the man who is producing and directing "Giant," from the Edna Ferber novel that aroused such Texas ire. But he doesn't think many Texans will be mad at his movie.

"The same thing happened when she wrote 'Cimarron,'" he observed. "Oklahoma attacked her for supposedly showing that early settlers were sharpshooters. Why, she was hung in effigy in one Oklahoma town."

But when the picture was finished, the governor of Oklahoma invited her to the world premiere as guest of honor.

"I think it will be the same with 'Giant.' A lot of people got excited about the book. But I don't think that anyone who feels strongly for Texas can help but feel moved when he sees the picture."

Stevens is so sure that Texans will favor the film that he plans to invade the state for shooting late next month. Right now he has crews scouting locations in five spots—San Antonio, Houston, the Panhandle, the mountains in the Southwest and the west Gulf coast. He'll probably pick two locations and plans to shoot about half of the film in Texas.

Stevens said he would stick to the story and not editorialize. This brought up the issue of so-called message pictures.

"I'm not against messages," he said. "Most good pictures have a

message of some sort. Even the comedies I used to do. 'Talk of the Town,' 'More the Merrier' were against stiffness and convention."

"What I am against in pictures is arguing. I think you impose on the paying audience when you try to lecture them. Nobody likes to be lectured."

"An arguing movie is as bad as an arguing woman. You expect both a movie and a woman to be pleasant and entertaining, not to argue with you."

"And so it is with 'Giant.' I don't plan to tout any message. But I hope the end result will show a need for tolerance—not tolerance—and that's what the book was after in the first place."

The World Today

By DON WHITEHEAD
(For James Marlow)

WASHINGTON (P)—The room was packed with reporters when President Eisenhower strode through the door. He was smiling and relaxed, showing no sign of nervousness over the barrage of questions he knew was coming.

Physically, he looked in good trim. He wore a well-tailored brown double-breasted suit, a blue tie with white polka dots and a white shirt. There was a fresh scrubbed look about him. His summer tan was fading.

The only striking change after two years in the White House was in his face. The lines in his forehead had deepened—and there were deeper lines around his eyes and his mouth, particularly his eyes.

Here were the telltale signs of the pressures which pile up on a 56-year-old president of the United States.

For 60 minutes Wednesday the President stood before the newsmen, answering their questions with an ease and assurance he hadn't possessed when he came to the White House. His face reflected the sudden shifts of his thoughts from mirth to dead seriousness.

He refused to comment on a statement by Sen. McCarthy (R-Wis.) accusing him of a "shrinking show of weakness" in fighting communism. He didn't even mention McCarthy by name. He deftly answered or parried all questions bearing on the same hot topic.

If anger was boiling inside because of the McCarthy incident, Eisenhower gave no hint of it.

Watching the President, my thoughts went back to a day two years ago when he was president-elect. He had fulfilled a campaign promise to go to Korea in a search for some way to bring an end to the war there. Now he was aboard the Navy cruiser Helena, which was plowing through heavy seas toward Hawaii.

A group of us sat back discussing politics and the campaign, while Eisenhower relaxed in his cabin. A man who now is highly placed in the administration said:

"It's a political amateur even though he did win the nomination and election. Let's not kid ourselves. He has lived his life in the Army. Much of it away from home. He has been removed from the currents of American politics. He doesn't know the political subtleties in the relationship between politicians and the public."

And then this man added: "But that isn't the important thing. He's got a feeling for politics—and he's learned fast."

Seeing Eisenhower two years after this incident, the feeling was strong that in that short span he had learned a great deal about American politics and politicians.

Perhaps that is why the lines are etched more deeply today in his forehead and around his eyes.

BY PETER EDSON

NEA Washington Correspondent
WASHINGTON (P)—NEA—After the recent Inter-American economic conference in Rio de Janeiro, Treasury Secretary George H. Humphrey said goodbye to President C. Through Humphrey's Brazilian interpreter, they had a pleasant chat.

On leaving the executive mansion, however, the secretary found himself surrounded by Portuguese and Spanish-speaking reporters who laid down a barrage of questions. El Secretario Americano couldn't understand.

Helplessly, he turned to his interpreter. There followed a prolonged and excited conversation, during which Humphrey began to wonder what kind of embarrassing questions he was going to be asked about the U. S. national debt, the price of coffee, or what President C. had said to him.

He heaved a great sigh of relief when the interpreter finally

turned to him and demanded: "The journalists would like to know what is the secretary's first name."

Federal Communications Commission Chairman George C. McConaughy gets a lot of letters from radio listeners and TV viewers about programs they don't like.

Recently a distraught mother wrote to the FCC to complain that a certain program was harmful to her youngster. The mother asked what she could do about it. Though it has no legal power to pass judgment on or censor individual programs, the FCC did send this mother a polite little reply, making several suggestions. Among them was a hint that turning off the program might help.

But a few weeks later the mother was back with another letter of complaint. She reported that the tuning knob had worked as far as her offspring was concerned. But now the boy's grandfather was objecting because she

had been deprived of her favorite program.

"This time," says Chairman McConaughy, "the commission had to advise her that it has no jurisdiction over grandmothers."

Selective Service officials report that many of the 162,000 college students excused from the draft are trying hard to keep their present deferred status. They figure—incorrectly—that when the draft law expires on June 30, 1955, they may have a chance to escape all military service. Congress was one step ahead of the college boys, however, in closing this draft-evading escape route in 1951 amendments to the 1948 law.

All that expires next June 30 is that portion of the law granting the Selective Service System authority to induct men under 26 years of age who have not had their deferment extended. All other portions of the law remain in effect. Draft boards can go right on inducting men who have been deferred, up to age 35.

U. S. Dairy Farmers are now squeezing more milk out of fewer cows. Back in 1937, it took 23 million cows to give 102 billion pounds of milk. Today's cows give 124 billion pounds, though their numbers have been cut by over 800,000 in the last 17 years. A gallon of milk weighs 8.6 pounds.

The increased production per cow is due to artificial breeding, better feeding techniques, new medicines, and the culling of low producers from dairy herds. The average U. S. cow now gives 5447 pounds or just under 620 gallons a year. California cows have higher average production of 7660 pounds, Louisiana low of 2500.

The American Exhibit at this fall's Salonika, Greece, International Trade Fair got the Russians in attendance all excited. The reason was that the American outdoor movie theater introduced Cinema Scope to the Greek people—and the Russians. American documentary films and several feature-length movies lent by 20th Century-Fox were shown to overflow audiences three times nightly by the U. S. Information Agency.

One of the Soviet embassy representatives asked the Greek projectionist confidentially "whether it would be possible for the Russians to use the theater to show some of their pictures?"

The Greek operator smiled and said he didn't know, but he'd ask the American director of the pavilion. To this the Russian replied, "No, no, never mind."

Hungarian Military authorities at Ferihegy Airfield, near Budapest, recently ordered up a fighter plane early one morning. It was to intercept what had been perceived as one of the Free European Committee's "Operation Focus" balloons. Thousands of these balloons are now spilling millions of anti-Communist leaflets into Communist Hungary.

The Hungarian pilot located the balloon and closed courageously on it. Then the discovery was made this particular balloon was one that had been sent up by the Hungarian Meteorological Institute.

A refugee who recently escaped from behind the Iron Curtain related the incident to Free European Committee officials.

Twins' Health, Intelligence

About Same as Single Birth

BY EDWIN P. JORDAN, M. D.
Written for NEA Service

There has always been an enormous interest in twins and indeed even more in triplets, quadruplets and quintuplets. Twins have figured in literature and history: Jacob and Esau, Romulus and Remus, and Casar and Pollux to mention only a few.

There are many curious things about twins. For one thing they seem to run in families and a couple which has had twins once is much more likely to have them again. For another the having of twins is more common among some people than others—among Americans, for example, it is much more frequent than among Japanese. Another strange thing about double births is that it is less common among Americans now than it was 20 years ago; the chances that twins will be born is about once in every 98 births as compared with once in 85 twenty years ago.

THERE ARE THREE varieties of twins. In one a single egg is fertilized by a single spermatozoon and this leads to twins which must be of the same sex and which are known as "identical." These have strikingly identical features, frequently have similar experiences during life, even including susceptibility to disease.

The second main type occurs when two eggs are fertilized by two spermatozoa. Twins of this type

are just as likely to be of opposite sex as any other brothers or sisters and are spoken of as fraternal twins. Except for the fact that they have identical birthdays they may differ from each other as much as any other brothers and sisters in both physical and mental qualities.

The final type of twin is that in which a single egg divides before it has been fertilized by the spermatozoon so that the identical eggs are fertilized by non-identical spermatozoa. These twins which are not identical are more alike than fraternal twins since half of their heredity is identical.

TWINS AND OTHER multiple children are more likely to be born prematurely. The weight of twins is likely to be considerably less on the average than the weight of children born singly and they may be relatively poorly developed at the time of birth in other respects. For this reason there is a greater chance of death in infancy for twins than for single children so that the proportion of twins in the adult population is less than the proportion at the time of birth.

IN GENERAL, twins are neither more nor less intelligent or healthy than those who are born singly. The only difference between them is in the comparatively unusual nature of the division and fertilization of the egg from which they spring. Parents of twins of any kind, however, are certainly faced with an exceptionally lively set of problems.

NEW YORK (P)—Does your office have a winter athlete? It must have. No season brings out the latent Tarzan in the office nature boys, particularly the suburbanites, more than winter.

Typical of the office winter athletes is Ronald Halfacre, the empire builder. Ronald is a young enthusiast who firmly believes family life in America reached a new peak the day he made the down payment on his small home in the suburbs.

This time of year he has an almost continuous verbal duel with "the oldtimer," a fellow employee who claims he once lived in the suburbs but wouldn't live more than two blocks from a subway station now for a million dollars. Each morning Ronald comes into the office with his cheeks glowing from the cold.

"What's the matter, Halfacre?" asks the oldtimer. "You look awful flushed. You got a fever?"

"Fever nothing," says Ronald. "I walked to the station from my house today. Boy, it was brisk. Nothing like fresh air and exercise to pep you up."

It takes a snowfall to bring out the real winter athlete in Ronald. He arrives at work, puffing and blowing and purple in the face. "Man, what a snow!" he says. "I had to get up at 5 a.m. and shovel a path from my garage to the street."

The next morning Ronald's wife phones in and says he is sick with a strained back and won't be on the job for the rest of the week. The oldtimer joyously spreads the word around the office. "Half-acre's out again—the doc says he's got the bends."

After the initial snowfall of the season last year, the oldtimer sent Ronald a telegram to his bed of pain saying, "Just saw the first robin of spring in Central Park. What's new up your way?"

Ronald didn't speak to the oldtimer for months. Now they're feuding again. It began innocently enough when the oldtimer remarked he'd recently visited Ronald's suburb.

"Gee, that's swell," said Half-acre, excitedly. "Were you pricing a new house?"

"Now, just pricing a cemetery

Philadelphia's international airport may not get a "kissing room." Such a room, for couples who need privacy for their farewells, was proposed by the city's aviation director who had heard reports from Mexico on the success of an airport "kissing room" there.

The argument against it came from the airport's budget makers who couldn't "see any source of revenue from such an operation."

Isn't they being a bit shortsighted? Let's take a farsighted view of an imaginary young couple saying goodbye at an airport.

They sit in a noisy waiting room, trying to make polite conversation with the minutes dragging until both are somewhat relieved when the young man's flight is called.

But how different things might have been if the airport had provided the young couple with a "kissing room" for their farewell. In the secluded, romantic atmosphere the girl might have let a tear fall, prompting the young man to declare his love and to propose marriage.

FIRST AID TO CUPID
Under the proper conditions, parting can be such sweet sorrow that it is a real spur to romance.

So the couple gets engaged in the airport "kissing room." And that is where the room starts paying off for the airport.

The young man has to make a return flight for the wedding. The couple may well plan a honeymoon trip by air. Certainly some of the wedding guests will come by plane. And in a few years the happy young couple will probably be taking advantage of the airlines' family rates.

It is always shortsighted—even from a business point of view—to sell romance short.

Today's romantic young couples are tomorrow's heads of families. So anything that encourages romance is good for future business.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst
Have you ever wondered how diplomats, and folks with jobs like mine, must feel after years of waking up each day to consideration of the affairs of this most fouled up world, only to drop off to sleep at night disturbed at having found no solutions?

Every now and then, to avoid dullness, hopelessness and resignation, we have to take ourselves by the scruffs of our necks and remind ourselves that we are but passengers in time; that we do not have to blame ourselves for not

seeing what no one else has seen; and that goodness is as enduring as evil.

I got into this introspective mood while looking out my office window at the Christmas tree and decorations in the Rockefeller Center Plaza, symbols of a goodwill campaign conducted by a bearded young Jew close to 2,000 years ago.

There is the great tree, covered with its brightly colored and lighted plastic balls. It stands at the base of a vista which extends a full city block and on across Fifth Avenue. Lining the Plaza beyond the skating rink are wire-sculptured angels, electrically lighted, and the decorations high across the facade of Saks department store follow the same motif.

The Center has never revealed the cost of this annual job, involving the work of hundreds of people. It's a Christmas present for the public, and you don't have to pay for it.

Whatever the cost, its worth it for the man who comes up out of the subway, his eyes bent to the ground as he unseeingly gropes for understanding of a world which refuses peace. His gaze is forced upward. He finds the symbol of good prevailing, and he takes a little hope.

Clever Program Promised For Woman's Club

An afternoon of laughter has been promised for the December meeting of the Jacksonville Woman's Club which is to be held on Saturday afternoon, Dec. 11 at 2:30 p.m. in the Banquet room of the Dunlap hotel. Dorothy Christian of Chicago will be speaking on the subject, "People I've met Along the Way." Miss Christian, who received her training at Northwestern School of Speech, has given over 500 programs in the Midwest. She conducts a class in Counseling and Adjustment in a high school and teaches speech in grade school.

Music for the afternoon will be furnished by music students from the Jacksonville high school under the direction of Donald Lord.

Mrs. Robert Kaiser is to be chairman of the day and Mrs. Lawrence Mallicoat is chairman of hostesses. Plans for the Saturday meeting were completed when the executive board met on Tuesday, Dec. 7 in the board room of the Jacksonville Public Library.

Other matters considered by the board were: Our Saviour's hospital building fund, Trail Rangers, and Park Ridge School for Girls.

The board unanimously voted to support the hospital building fund. The "Christmas Shoe Fund" for Trail Rangers has moved along quite successfully since it was started at the October meeting and a substantial sum is to be sent to Col. Henderson to be used in purchasing shoes for the boys. Persons wishing to bring other gifts for the 12 boys living at Lincoln Lodge are asked to bring them to Saturday's meeting. The most needed item is socks and sizes 10, 11, and 12 were suggested.

Illinois Federation of Women's Clubs has a similar project at Park Ridge School for Girls where the Federation built, in 1914, and has since maintained Illinois Cottage. This cottage is a part of Park Ridge School for girls, who, like the boys of Trail Rangers, come from low income families where death of one or both parents, illness, or separation of parents or improper living conditions make it necessary for them to have care outside their homes. The Federation appoints a Park Ridge chairman who serves also as a delegate to the Park Ridge board. This chairman has suggested that Christmas gifts of money would be most useful.

Members of the Jacksonville Woman's Club desiring to present gifts to the Park Ridge will have the opportunity to do so at Saturday's meeting.

Baptist Class At White Hall Holds Christmas Party

WHITE HALL—The Daughters of the First Baptist Church held its annual Christmas party at the church Thursday night with a large crowd attending, including husbands of the members, their families and guests.

Mrs. LeRoy James, president of the class, presided. W. J. Ritchey gave the prayer of grace preceding the turkey potluck dinner. A program consisting of quartet numbers by Donald Heberling, Donald Pruitt, Lyndell Rochester, and Bob Myers with Barbara Jones as pianist. Vocal numbers were by Miss Jones and readings by Misses Edith Hyatt, Sonja Sue Search, Terry Neal, and a song, "Rudolph the Red-Nosed Reindeer" by Beverly Bate. Completed the program. A gift exchange was held and secret pairs for the year revealed. Table decorations were in the Christmas theme. Mrs. Lloyd Smith, teacher of the class was given a quilt, with the name of each member embroidered on the blocks of same.

Plan Friendly Neighbors Club Holiday Dinner

The Friendly Neighbors club in the Murrayville vicinity met recently at the home of Evelyn Longman with Frances Longman serving as hostess. Eleven members answered roll call by stating what they were most thankful for during the past year.

Helen Saxon, club president, called for new and old business. The date for the club's Christmas dinner was changed from Dec. 16 to Tuesday, Dec. 14. Further plans for the dinner were also made.

Mrs. Ina Whitlock, program leader for the afternoon, had as her topic, "The Book of Books." She read two very interesting articles entitled, "History of the Bible" and "The World's Best Seller."

Frances Longman conducted two contests with prizes being won by Eva Hall and May Mason. The hostess served delicious refreshments. The group will meet again Dec. 14 at the Nortonville club hall for the annual Christmas dinner.

CARROLLTON

Mrs. T. Hough and Miss Margaret Powell will entertain their bridge club Dec. 13 at the Horn home.

The members of a pinocle club will be entertained Thursday evening at the home of Mrs. T. Riva.

Mrs. James Carnody was moved from Boyd Memorial hospital Wednesday to the Cedar Knoll Nursing Home in Greenfield.

The regular monthly meeting of the Carrollton City Council was held Tuesday evening with the regular business matters being brought before the council members for discussion.

Mrs. Leslie Cook returned home this week from Oklahoma City, where she had been a guest since Thanksgiving of her parents. Her husband had also spent Thanksgiving in Oklahoma but had returned home earlier.

Mrs. Donna Taylor of Eldred entered Boyd Memorial hospital Tuesday for treatment.

Looting Resumed At Jerseyville: Take Is \$157

JERSEYVILLE—Burglars resumed their activities in this city early Tuesday morning following an interval of one week. The Diner in the south part of the city was the object of the thieves' efforts where they obtained \$157.00 in cash, four boxes of cigars and other items.

The burglars entered the place at 12:10 a.m. according to Chief of Police Edward Henson. When they crawled into the back of the building through a very narrow window, they accidentally pulled the plug in the wall socket from which the electric clock of the place is operated. It stopped at 12:10 a.m.

The sum of \$27.00 had been left in the cash drawer. In addition to this sum, the burglars obtained another \$130.00 from cigarette machines and the juke box. They showed complete knowledge of how to tap these devices and utilized a screw driver in making their way to the money containers.

Discovery of the robbery was made about 5:30 a.m. when employees came to work to open the place. The Diner is operated by Donald Short of Jerseyville. City police and Sheriff Herman Kirchner were notified following the opening of the place and investigations were made. Cigars taken were reported as a brand known as "Lord Clinton."

Student Nurses At Passavant List Social Committee

Additional committee members have been announced by the Student Council of the Passavant Memorial Hospital School of Nursing.

Members of the Social Committee for the current year are as follows: Carole Hamilton, chairman, a junior nursing student. She is the daughter of Mr. and Mrs. James O. Hamilton, R. R. No. 2, Carrollton.

Neva Sidebottom, junior, daughter of Mr. and Mrs. Frank Sidebottom, Virginia; Shirley Platt, senior, daughter of Mr. and Mrs. Milton Platt, Eldred; Terrell Lorton, freshman, daughter of Mr. and Mrs. Lynn K. Lorton, R. R. No. 1, White Hall; Carol Wilcox, freshman, daughter of Mr. and Mrs. Floyd W. Wilcox, R. R. No. 2, Roodhouse; and Joyce Vortman, senior, daughter of Mr. and Mrs. Fred Vortman, R. R. No. 1, Chapin.

Other standing committees to be announced at a later date are the Publicity and Big Sister Committees. The basic aim of the Student Council is to strengthen the unity of the student body and it helps to form a better understanding and relationship between students and a co-operative feeling between the students and faculty.

Carolina Wrens Living In Greenhouse Continue As 'Front Page News'

JERSEYVILLE — The Carolina wrens, which took up their residence in the autumn of 1953 in the greenhouse of the Campbell Floral company, have refused again to migrate from their comfortable environment, and are again spending the cold season in the locality.

The pair of wrens first came to the Campbell place one mile west of Jerseyville on Route 16 in late September, 1953. They gained an entrance into the greenhouse through a small triangular crack in one of the overhead glasses which had been overlooked by workmen preparing the place for winter.

They refused to leave the warmth of the greenhouse long after days for migration southward were at an end. After they were discovered in the place by the proprietor, Virgil Campbell, food and water were placed in a convenient place for the wrens.

The birds were not anti-social and selected the office of the floral company as their chief point of visitation. During the past winter they

framed from the office into the adjacent greenhouse and formed a close friendship for the proprietor. When strangers came to visit the floral company, they preferred not to remain in the office, but eventually would return if outsiders remained quiet.

The past spring the wrens selected a vice on a what not shelf in the office as the site for their nest. There they completed the structure, a globe-like affair with a small hole leading into the center where the female deposited her clutch of eggs and incubated them.

Hundreds Visit Locals. Several hundred "bird watchers" from Illinois, many from as far as Chicago, came to the Campbell place to study the activities of the wrens the past spring. Events were held in the greenhouse to show the wrens to the public.

Late in the summer a second nest was started, but this was eventually abandoned in favor of the old one which was rehabilitated and the second clutch of eggs deposited therein by the female. The second brood emerged and joined the first in their flights about the greenhouse and office.

Misfortune befell two of the young ones. Campbell found one drowned in a tub of water, and another became imprisoned under the hood of a car and died there. The others have survived, and the present family in the greenhouse numbers seven young and the original pair of birds.

The Carolina wren is seldom found in this section of Illinois, and local bird watchers frequented the Campbell place during the past spring and summer to study them with good results.

Campbell reported they were unusually clean about their nest building. If they dropped a bit of grass or material on the floor, they would pick it up and take it out into the greenhouse to release it. The same was true of any materials they brought to work into the nest and then in due course of time left the nest.

Some observers of this trait believe it may have been one in which the species sought to hide any traces of nest construction from their natural enemies or possible predators.

Captured thieves are festooned with their loot and exposed to public ridicule in Yemen, southern Arabia.

Johnny Ray Has Abscess On Hurt Foot Drained

HOLLYWOOD — Johnny Ray underwent an operation Wednesday night for drainage of what his physician described as a huge abscess on his right foot, started when the "cry" singer stepped on a martini toothpick last July.

Dr. Irving Newman said, "His condition is good but he's a sick man; it's potentially a serious thing."

Ray stepped on the toothpick while barefooted beside a swimming pool at Las Vegas, Nev., the doctor said. A Las Vegas doctor removed apparently all of the wound fragments, and the wound seemingly healed.

Six weeks ago severe pain recurred in the foot and Dr. Newman said apparently a "very small particle" of toothpick remained in the wound.

The 26-year-old singer's divorced wife, Marilyn Morrison, 24, remained in his room at Cedars of Lebanon hospital after the operation. A spokesman for Ray said they are "just good friends."

CHAPIN RESIDENTS ATTEND CHRISTENING OF STIVERS INFANT

CHAPIN—Janice Lee Stivers, 20 day old daughter of Mr. and Mrs. Wendell A. Stivers of Glendale Gardens, was baptized at St. Paul's Lutheran church in Wood River during the Thanksgiving Day worship service.

Mr. and Mrs. Herman Pahman of Wood River were the sponsors for the baby.

The maternal grandparents, Mr. and Mrs. John Renz, entertained with a Thanksgiving dinner and christening celebration at their home in Glendale Gardens.

Out of town guests in attendance were the paternal grandparents, Mr. and Mrs. Homer Stivers of Nokomis; Elmer Bonds, the maternal great-grandfather, Mr. and Mrs. William Norris of Chapin; Miss Jeanie Morris and Bobby Gilbertson of Morris, Ill.

Gales, Floods Strike Europe, British Isles

LONDON — Freezing winds spread snow, ice and sleet over much of western Europe today and threats of new gales sent battered North Sea shipping scurrying for shelter.

Torrential rain brought floods to parts of Britain, which still was counting the damage from Wednesday's gales.

Leicestershire, in the English Midlands, reported its worst floods in 25 years.

The first snow of the winter swept over Belgium and Holland. Dublin, capital of the Irish Republic, suffered its worst storm in 40 years. Gales and rain left a trail of broken power cables, flooded houses and disrupted roads.

French fishing ports counted 64 men missing in seven trawlers which vanished in gales. All were feared lost.

DUBLIN, Ireland — Rivers swollen into raging torrents swept into low parts of the Irish capital today, flooded hundreds of houses and disrupted traffic. At least 30 persons were injured, many from floating debris.

The Tolka River, normally a meandering stream, ripped down a bridge of the Main-Dublin-Belfast Railroad and cut all rail traffic from Dublin to the north.

Rescue workers and firemen moved into parts of the city bordering Dublin Bay to bring out persons marooned in flooded homes.

Hundreds were given quick hospital treatment for exposure and exhaustion after a night spent trying to keep out the surging waters.

Boats went into flooded streets late this morning to bring out the many still marooned. More than four feet of water covered roads in the north strand area.

Most homes in North Dublin were without drinking water and gas. Gales disrupted phone services.

In central Ireland the Shannon River spread floodwaters over 30 square miles and was rising hourly. Army units moved into the Athlone area to bring out persons isolated in country homesteads.

Orders Centralia Woman Not To Sell Gas, Oil Interest

SPRINGFIELD, Ill. (P)—Secretary of State Charles F. Carpenter said today Mrs. Ann M. Powley of Centralia has been prohibited from selling or offering for sale fractional undivided interests in oil and gas leases or other mineral leases, rights or royalties in Illinois.

Carpenter's action was based on findings of a public hearing last summer at Murphysboro. Mrs. Powley was accused of selling securities not registered with the securities department of Carpenter's office.

The securities involved were fractional undivided interests in oil wells No. 1 and No. 2 on the Welch lease near Centralia.

St. Louisan Found Dead In His Car

COLLINSVILLE, Ill. (P)—George M. Crabb, 48-year-old St. Louis draftsman, was found dead in his car near Collinsville Wednesday.

Death apparently was due to heart disease. Madison county Dep. Coroner Anthony Pogorelec said he had been dead from 12 to 22 hours.

Crabb, a resident of St. Louis county, was last seen alive Tuesday when he left work after telling his wife over the telephone that he had to check some work and would be home later. Crabb had been under treatment for heart disease.

His car was on a shoulder of a country road near the Sand Prairie Hunting and Fishing Club.

9 ADMIT HUNTING ON BAITED GROUND. SPRINGFIELD, Ill. (P)—Nine men were fined \$10 apiece today in Federal Court after pleading guilty to shooting ducks over baited ground.

They are S. W. Duncan of Godfrey, W. A. Cannon of Alton, W. V. Kauffman, J. W. Matterman, J. R. Driskell, Frank A. Tietz and A. C. Cochran, all of Springfield; Floyd Toland and Pearl L. Lane of Chandler.

Says Ike Should Not Be Excluded From Raps At GOP

KANSAS CITY (P)—Two Democratic leaders Wednesday night called on their party to hold President Eisenhower responsible for the actions of his lieutenants and to speak out on "deficiencies" of the administration.

Averell Harriman, governor-elect of New York, told a victory dinner audience:

"We've got to quit this business of excluding President Eisenhower from criticism of the unworthy campaign tactics that have been adopted by the Republican party, and that he has condoned."

"We've got to stop avoiding holding President Eisenhower responsible for the actions of his lieutenants and of the Republican party."

Paul M. Butler of Indiana, who said he proposed to be a fighting national Democratic chairman, declared, "We will speak out plainly and vigorously concerning the deficiencies of the President and his party in their capacity to govern and unite the American people. This is our duty. It will be performed in the best interests of our country."

Butler said he had admired Eisenhower's military leadership "as much as any American but it is a matter of sincere regret to me that he has seemed unable to bring to the tasks of civil government the qualities that made him such

a renowned military leader. "The truth is that our President has not shown the particular qualities that enabled Harry Truman to write such a courageous page in history, not only for himself as president, but also for the country he served so loyally."

Former President Truman, in introducing Harriman at the \$7.50 a plate dinner for 600 Democrats, said he felt the nation's welfare was in better hands when the Democrats controlled Congress and the White House.

"We've got to recognize that the Republican administration in Washington sanctioned and aided this effort to avoid the issues and to mislead the voters—and I'm not talking just about Vice President Nixon either," Harriman said.

"When President Eisenhower told the people of this country that there would be a 'parian cold war' in Washington if the Democrats won control of Congress, he was saying something that wasn't true—and that he has admitted wasn't true."

DES MOINES (P)—You may wonder if the calendar has been turned back if you see Howard Gregory and E. D. Weeks, Des Moines businessmen, out flying.

Their plane is a replica of a 1912 Curtiss pusher-type biplane, flown by Glenn H. Curtiss, pioneer aviator. No basic improvements in the design of the plane have been made.

Weeks and Gregory, both experienced pilots, say they've had to acquire a few new skills since they bought the aircraft last summer because it doesn't handle the same as modern planes.

Worship Goes Modern —

Many Go To Church But Never See Minister —

By GEORGE CORNELL
NEW YORK (U)—Many people go to church on Sunday and never see the minister.

But they see his picture on an enormous television screen set up in front of the auditorium, hear the sermon and take part in the ritual. This highly modern method of worship services got its impetus in one of America's oldest churches, Marble Collegiate, in New York.

It has been picked up by others whose congregations have swelled beyond the capacity of the main sanctuary.

By a special closed-circuit TV system the services — both sight and sound — are carried into

overflow rooms. The results, said Marble Collegiate church master John M. Kyle, are "highly successful."

Worshippers, watching and listening to the pastor on the screen, participate in the prayers, offerings and hymns, and are served communion simultaneously with the others.

At 100-year-old Marble Collegiate, where the pastor, the Rev. Dr. Norman Vincent Peale, attracts huge congregations each Sunday, the problem of accommodating additional worshippers became a major one.

Last year, the church got the Allen B. Du Mont laboratory to install specially built equipment

UNDERGROUND ICEBOX PRESERVES FOOD—The world's largest underground icebox, cut from solid rock in a 100-acre limestone quarry, opens for business at Turner, Kan. The cold-storage warehouse has 16 rooms covering seven acres, with three miles of pipe containing salt, the refrigerant. Shipments are made via a railway to the loading docks. The operating temperature of the plant, which will be an in-transit warehouse for frozen foods, is 10 degrees below zero.

to pipe the services throughout the church building.

A tremendous, 526-square-inch TV screen, described as the world's largest shows the services in the church chapel; smaller screens recreate it in two club rooms.

In a third hall, the image and sound are projected from a TV picture tube onto a five-by-six-foot screen.

Altogether, the facilities make the services available to about 60 per cent more people, a total of about 1,800 at a time. Cameras, in a rear gallery, are operated by parishioners.

While some Protestant churches in this day of rising church memberships have resorted to successive series of services to accommodate the additional worshippers, TV—in the new form—also is playing a part in the answer.

In 1953, 770 Americans were killed and 27,750 injured while trying to cross intersections against the light.

For the Kids: Looks like a candy cane; really is yards of pretty crepe paper rolled tight with a dozen small gifts inside. Different and pretty.

The adult choir includes Beth Chalmers, Rosemary Campbell, Wilda Fisher, Barbara Ratliff, Lorene Senf, Helen Dapenberger, Helen Savage, Thelma Jones, Carol Lohman, Mildred Vlandis, Annette Riggs, Bernice Hayes, James Riggs, Rev. Chalmers, Beverly Plattner, Dorothy Rames, Naomi Walton, Beverly Scott, Phyllis Morrow, Dick and Bob Hager, John Walker, Harrison Thornley and Harold Edwards.

Those in the Angel choir are Brenda Ranes, LaAnn Dorsett, Janice Thornley, Ramona Douglas, Eleanor Thornley and Elizabeth Jones.

Your small fry will love a "chocolate zoo." Make it by dipping animal crackers in two squares of unsweetened chocolate (two ounces) melted with a half teaspoon of shortening. Dry the chocolate-dipped animals on a wire rack.

ASHLAND

ASHLAND—Miss Mildred Vlandis entertained Tuesday night, at a bridge party at the home of her parents, Mr. and Mrs. Robert L. Vlandis. Prizes were won by Mrs. Lila Glick, Mrs. Nelle Deppe and Mrs. Anita Thornley. Refreshments were served by the hostess.

Mareus Whisman, PFA member at the Ashland high school, entered his wheat in the Section Grain Show at Williamsville recently and received a first place award. Jerry Anderson and Bill Farmer also attended the grain show with their instructor, Bill Western.

A missionary film, "Missions," was shown at the Four Square church last Monday night by Rev. Randall Johnson.

Mrs. Elsie Lintner, who has spent the past three months at the home of her sister and husband, Mr. and Mrs. Walter Severs, has returned to her home in Detroit, Mich.

Dr. and Mrs. Robert Beadles have returned to their home in Denver, Colo., after spending a visit at the home of the former's parents, Dr. and Mrs. R. O. Beadles and other relatives.

Mr. and Mrs. Dick Cruzan and son, Ricky, have returned to their home in Nashville, Tenn. after visiting Mrs. Cruzan's father, Mr. Hayes, and other relatives.

Mr. and Mrs. John Collins and Leo Fitzgerald returned home Wednesday from attending a two day state convention for county officials held in East St. Louis.

Mr. and Mrs. L. D. Lewis have returned home from a three week visit at Needles, Calif. at the home of the son-in-law and daughter, Mr. and Mrs. John Schwetzer. Mr. and Mrs. Lewis also visited in Long Beach with relatives.

Ralph Boyer, Maurice Richie and Charles Roberts and son, Melvin of Palmyra, were Sunday visitors at the home of Mr. and Mrs. John Walker.

Lt. and Mrs. Kenneth Reside left Sunday morning for Alexandria, La. where he will be stationed for two years. Their address is Apt. C, 1711 Polk St., Alexandria, La.

JAYCEES PLAN SANTA VISIT AND HOLIDAY DANCE IN GREENE CO.

CARROLLTON—The Jaycees at Carrollton made arrangements Tuesday evening at a regular meeting for sponsoring of a Christmas Festival on Friday, Dec. 24, and also for a New Year's Eve dance.

The first holiday celebration, the Festival, will open in the afternoon with the appearance of Santa Claus on the streets of Carrollton. Santa will distribute treats for all of the children.

The New Year's Eve dance will be held at the Robin Hood Lodge. The organization will resume plans for extending the drive for a fund to build a swimming pool for Carrollton. Stock car racing will also be resumed in the spring as a project of the Jaycees together with plans for a Carnival, also in the spring.

A hollowed-out tomato makes a pretty center for a platter of canapés. Fill the tomato with tiny pickled onions or small-size pimiento-stuffed olives. Have cocktail picks at hand so guests can help themselves to onions or olives.

PROTECTION PLUS—Swedish soldiers will soon be equipped with bullet-proof waistcoats now being tested in Stockholm. Padded with layers of nylon and flexible glass fibers, it is designed to protect the wearer from shell splinters and bullets of rifle caliber.

Chandlerville OES To Install Officers Dec. 10

CHANDLERVILLE—Friday evening new officers will be installed in the Chandlerville Order of Eastern Star in ceremonies to be held at 7:30 in the Masonic Hall.

Mrs. Robertine Sarff will be the installing matron; Mrs. Emma Thompson, the installing marshal; Mrs. Ada Milstead, installing chaplain; Mrs. Nell Kirchner, installing organist. Escorts will be Edmund Sarff, Wayne Reynolds and Roscoe Milstead.

Officers to be seated are: worthy matron, Mrs. Mabel Lynn; worthy patron, Maynard Harper; associate matron, Mrs. Ethel Tucker; associate patron, Howard Tucker; secretary, Mrs. Maxine Ingram; treasurer, Mrs. Alice Chilton; conductress, Mrs. Gladys McGrew; associate conductress, Mrs. Ruth Blesman; chaplain, Mrs. Mabel Carpenter; marshal, Mrs. Emma Thompson; organist, Mrs. Nell Kirchner; Ada, Mrs. Mary Beards; Ruth, Mrs. Marjorie Harper; Esther, Mrs. Hazel Gurnsey; Martha, Mrs. Luella Becker; Electa, Mrs. Marian Fletcher; warder, Mrs. Carrie Blair, and sentinel, Edmund Sarff.

Mrs. Alma Cherry is the retiring worthy matron and Lester Erdmann is the retiring worthy patron.

Mr. and Mrs. Henry Zorn and Mrs. Arthur Murphy were Jacksonville callers Tuesday morning.

Mr. and Mrs. G. L. Jursens and Mrs. Fred Wahlfield were Springfield callers Tuesday.

Mrs. Jack Clendenin was a caller Tuesday in Beardstown.

CLUB TO SPONSOR FREE MOVIE FOR ASHLAND KIDDIES

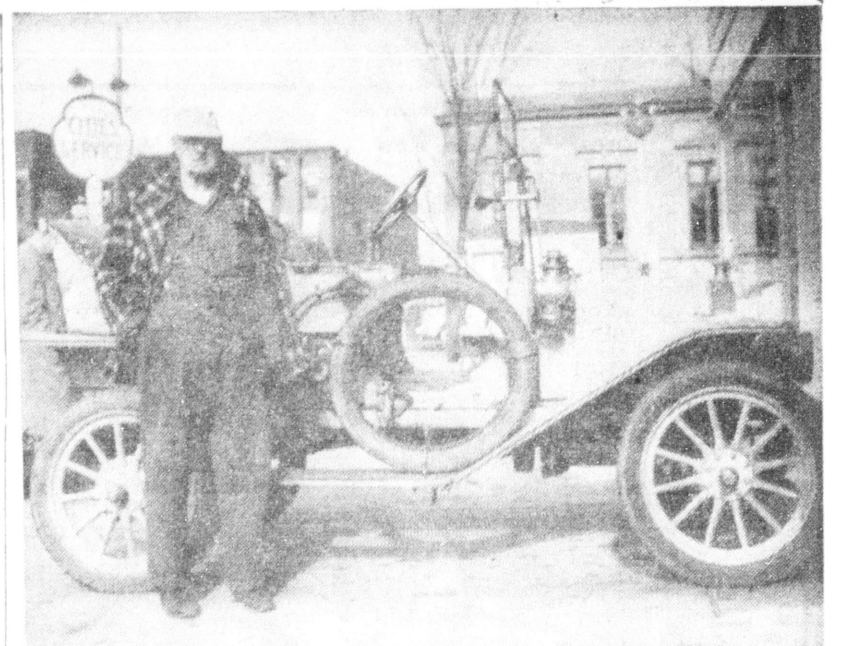

ASHLAND—The Ashland Business Men's association met Tuesday night, Dec. 7, and elected officers. They arranged for a free movie for kiddies and a visit from Santa.

The new officers are: president, Newman Stevens; vice president, Arnold Meyers, and secretary-treasurer, Edward Nollch.

The movie will be shown at 1:30 p.m. on Dec. 18 with all children up to 14 years of age welcome.

A phone call to Santa arranged for his personal appearance in Ashland on Thursday and Friday, Dec. 23 and 24, in the Ashland stores.

Pantryshelf salad: stuff canned apricot halves with cream-style cottage cheese mixed with a little prepared horseradish and serve on lettuce or other greens with French dressing.

1908 MODEL—Alex Semrau of Ortonville, Minn., enroute to his winter home in South Carolina, stopped in Jacksonville last week to get his 1908 Buick greased at George's City Service station, 301 E. Morgan street. Semrau said his car, now 46 years old, "runs fine."

Eastern Illinois Defeats Franklin Of Indiana 90-51

CHARLESTON, Ill. (P)—Eastern Illinois State's basketball team Thursday night defeated Franklin College of Indiana, 90-51 in a non-conference game.

Eastern led 36-30 at the half. Kenny Ludwig scored 22 points for Eastern while his teammate, Dean Brauer, poured in 20. High point man for Franklin was Elmer Strautman, who scored 15.

Franklin was held scoreless from the field for 11 minutes and 45 seconds of the second half.

I.S.B. Defeats Roodhouse 27-21

ROODHOUSE (Special)—The Illinois School for the Blind basketball team journeyed to Roodhouse last night and defeated the Roodhouse grade school five 27-21.

Masse with 13 points was the top scorer of the evening.

The Blind won the preliminary game 23-18.

Bill McGowan, Dean Of Umpires, Dies

By JACK HAND
NEW YORK (P)—The highest compliment anybody could pay Bill McGowan was to call him "No. 1." After 30 years of umpiring in the American League, the fiery little Irishman burned with a fierce pride in his job.

Nobody ever pointed a finger at Bill or questioned his integrity although he had his brushes with players, league presidents and other umpires. Twice he was suspended by the league but each time he bounced back stronger than ever.

The darkest day in his career came last summer when he was forced to take a leave of absence because of poor health. The doctors knew he had a heart condition that ruled out any more umpiring. Bill knew it too, deep down inside, but he talked gamely of game.

next year and his Florida umpiring school until he suffered a heart attack, just two days before the league retired him on pension.

Bill liked to tell how the players called him "No. 1," how he worked under three different league presidents—Ban Johnson, E. S. Barnard and Harbridge—how Connie Mack used to tell his old Philadelphia A's "don't let McGowan outshine you."

Although he worked eight World Series and four All-Star games, McGowan was proudest of being picked to umpire behind the plate in the American's first tie playoff game between Cleveland and Boston in 1948. "Never had a guy turn his head on me all day," he said. "It was the only time both clubs congratulated me after a game."

John Landy of Australia later bettered this time with 3:58.0 in Finland last June, but Bannister defeated Landy when they met face-to-face in the "Miracle Mile" at Vancouver Aug. 5. Both men broke four minutes with Bannister winning in 3:58.8.

He made his retirement announcement at the annual dinner of the British Sports Writers Assn. at the London Press Club.

Any chances that he would come back into training and meet Landy in the Olympic Games in Melbourne in November 1956 appear now to be completely out of the question.

PHILADELPHIA (P)—It may have seemed that Coach Ken Loeffler was trying to add insult to injury Wednesday night when NCAA basketball champion LaSalle trounced little Penn Military College 94-39.

Late in the game with LaSalle 50 points ahead, Loeffler inserted All-American Tom Gola.

Afraid that some people might misunderstand, Loeffler explained that a photographer "asked me to put Tom back in so he could get more pictures of him."

The game marked the first time since 1936 that Bradley lost its first three tests of the season and only 4,200 fans watched the affair.

Texas Christian started out with a rush with Kilpatrick getting 17 of his 22 points in the first half. With 17 minutes remaining in the game the visitors led 33-36. Then the Braves led by Lee Utt, Fred Dickman and Harry Hansen scored a dozen points while Texas Christian was limited to a free throw.

The game then saw-sawed back and forth. With 43 seconds remaining and Texas Christian ahead 83-81, Kilpatrick dropped in two free throws. Dickman made the final field goal of the game for Bradley with nine seconds left, leaving the Braves two points short of a tie.

Wheaton Hands Nebraska Wesleyan 103-69 Defeat

WHEATON, Ill. (P)—Wheaton Thursday night defeated Nebraska Wesleyan, 103-69, in a basketball game punctuated by 66 personal fouls.

Nebraska's starting lineup fouled out completely.
Forty-three personals were called against the visitors, and 23 against Wheaton.

The Wheaton team made good on 58 out of 73 gift tosses, and Nebraska counted on 25 out of 39.

Wheaton's guard Dick Helm was the game's high point man with 24. Nebraska's Wesleyan's Jim Sheary, a forward, had 13 along with center Bill Holland.

It was Wheaton's first victory in four games, and the visitors' first loss in three games.

One stroke behind him were Sam Snead, five time winner of this tournament; Ted Kroll, New Hartford, N. Y., and Joe Brown, club professional from West Des Moines, Iowa.

Tied with 68s were Dave Douglas, Newark, Del.; Bo Winninger, Oklahoma City; Chick Harbert, Northville, Mich.; Ed (Perky) Oliver, Lemont, Ill.; Tommy Bolt, Houston, Tex., and Ed Griffiths, Flossmoor, Ill.

Defending champion Doug Ford of Klamath Lake, N. Y., was well back in the field with a 71.

The field of 161 will be trimmed after Friday's second round to the low 60 professionals and ties and the low 10 amateurs.

Boror Takes One Stroke Lead In Miami Open

MIAMI, Fla. (P)—Ulnus Boror, playing with an injured right hand, fired an opening round 66 Thursday for a one-stroke lead in the \$10,000 Miami Open Golf Tournament.

Boror said the hand, hurt eight days ago while testing a shotgun, did not worry him much although he had four stitches removed only Thursday morning. And his four-under par round over the 6,620-yard Miami Springs course was proof enough that he was on his game.

Johnson Clears Way For Omaha To Join AA

DENVER (P)—Sen. Ed C. Johnson of Colorado, president of the class A Western League, said Thursday the league has cleared the way for its Omaha franchise to be taken into the American Assn.

Denver, also a Western League affiliate, was drafted into the triple A association two weeks ago.

Johnson told reporters he has sent "a firm offer" to the St. Louis Cardinals regarding the price the Western expects for the Omaha franchise. He declined to say what it is.

In St. Louis, Vice President Bill Walsingham of the Cardinals said the Cardinals "are now considering" Johnson's offer.

"We expect to make a decision within the next 48 hours," Walsingham said.

The Cardinals want to transfer their Columbus franchise in the association to Omaha. The Western League originally asked \$100,000 for the Omaha rights and the latest Cardinal offer was reported to be \$45,000.

Big Ten TV Committee Will Act Today

By CHARLES CHAMBERLAIN
DETROIT (P)—The Big Ten television committee Thursday acted on the question of a 1955 regional TV football plan by drafting a recommendation for the joint meeting of faculty representatives and athletic directors.

There was no official announcement as to what the recommendation embodies. It will be placed before the joint group Friday morning.

Looby talk was that the Big Ten had not made any radical change in its thinking on the issue—and this was taken to mean it will reaffirm its stand for regional TV as opposed to a national restricted policy enforced by the NCAA for the last four years.

The Pacific Coast Conference officially came out this week for regional football television, based on a team appearing once at home and once away during the season. This also is in the Big Ten's line of planning.

Commissioner K. L. (Tug) Wilson Thursday was empowered to set up a program of liability insurance for basketball and football officials. Football official R. E. Meyer of Hinsdale, Ill., suffered a broken leg this season when half-back Milt Campbell of Indiana plowed into him during the Purdue game.

Wilson also was asked by coaches to study the fee and expense structure for football officials, who now receive \$100 per game and traveling expenses of 20 cents per mile for the first 200 miles and 12 cents per mile beyond that. The coaches indicated that more payment may be in order.

Last year the fee for basketball officials was boosted by the conference from \$65 to \$75 per game.

Crimsons, Chicago Five Tangle Tonight; Twin Bill Saturday At I. C.

The Jacksonville Crimsons go after their third win of the season tonight when they play host to Schurz of Chicago in the local bowl. The Schurz team arrives in town today and plays its first of two games tonight. Tomorrow evening the Chicago five tangles with the Rout Rockets at the Illinois College gym. The second contest tomorrow evening will pit the Blueboys against Culver Stockton.

The Crimsons will be seeking their second straight victory and their third of the season tonight to go with one loss. The Jacks defeated Peitshons in the opener and whipped Pittsfield Tuesday night. Their only setback was at the hands of E. St. Louis by a one point deficit.

Not too much is known about the Chicago team. They defeated Wells of Chicago last week. Schurz is coached by Edward Mueller. Mueller is the brother of Mrs. Edward Monderville, formerly of Jacksonville.

Coach Chapman will choose his starting five from a group of eight. High scorers Billy Jordan will probably get the nod at center. The starting forwards will be Jim Woodward, Howard Johnson, or Jim Reynolds. The guard positions will be held down by Larry Scott, Max Roetz, Jack Fairfield and Tom Coats.

The preliminary game tonight will pit coach Al Rosenberger's freshmen against the Quincy frosh. This contest is scheduled to get under way at 6:45 with the varsity contest starting at 8:00. Schurz will not have a junior varsity. Also on tap this evening will be a contest between the David Prince cagers and the Quincy graders. This game will be played in the D.P. gym and will start about the same time the football game begins.

Double Header Tomorrow
Tomorrow evening at the Illinois College gym the Rout Rockets will meet the Schurz team at 7:30 and the Illinois College Blueboys will tangle with Culver Stockton of Canton, Missouri, in the second contest scheduled to get under way at 9:15. This will be the first of several doubleheaders involving the Rockets and Blueboys played on the hilltop floor.

The Rockets will be going after their second victory of the season. Smarles's five opened the season with a win over Bluffs but followed with losses to I.S.D., Chapin and Elkhardt. However they are coming along fast and will be fighting hard for victory number two.

New York Bond Market

NEW YORK (AP)—Selected railroads and utilities nudged the bond market upward Thursday in brisk trading.

Early profit taking throughout the corporate list was readily absorbed and a firm tone prevailed at the close. Carriers selling below par value continued to find more buyers than sellers. Industrials were irregular, but convertibles generally improved.

"Big Board" volume dipped to \$4,470,000 par value from \$4,660,000 Wednesday.

Most U. S. government bonds ended unchanged, recovering early losses of minor fractions.

The Associated Press average of railroad bonds climbed one-tenth to 100, a two-year high.

New York Stock Market

NEW YORK (AP)—The stock market declined Thursday for the second consecutive session, but it did so in a moderate way.

Losses were frequent, and they went on out to around \$3. There was, however, considerable resistance to the fall throughout the day. In final stages of trading many key issues made excellent recoveries from their lows. A few stocks had strong advances running as far as \$3.

Railroads were perhaps the hardest hit of the major divisions. Steels were somewhat mixed as were the motors. Most oils were down and chemicals were lower on balance. Aircrafts were lower and airlines sagged a little. Distillers were higher as were farm implements.

The Associated Press average of 60 stocks dropped back \$1.10 to \$149.50. It was down 20 cents Wednesday. Prior to that it had advanced four straight sessions to a new high since Sept. 23, 1929.

The industrial component of the average fell back 80 cents, rails were down \$1.20, and utilities were off 60 cents.

Volume amounted to 3,300,000 shares, a considerable drop from the 4,150,000 shares traded Wednesday, highest in four years.

The market last week went through a mid-week dip that was more severe than the current two-day fall. The recovery after the previous decline more than wiped out losses.

Brokers look upon the present softness in the list as a mild reaction. There has been no acute phase of selling encountered, and individual losses have been modest.

The American Stock Exchange was mixed with many plus signs in the more active stocks. Volume came to 920,000 shares as compared with 1,220,000 shares traded Wednesday.

BEAN TRADE FIRMS, OTHER CEREALS LOSE

By WILLIAM FERRIS
CHICAGO (AP)—Soybeans firmed on the Board of Trade Thursday on news of fairly large shipments of cash beans from Chicago, plus the prospect there would be additional shipments.

While soybeans displayed gains throughout practically the entire session, other cereals had losses most of the day. But in the last hour wheat staged a rally, wiping out all its losses and substituting gains.

Wheat closed 3/4% higher, corn 1/2% lower, oats 3/4% lower to 1/2% higher, rye 1/2% higher, soybeans 3/4% higher and lard 5/8 to 50 cents a hundred pounds lower.

Shipments of soybeans from Chicago in the past couple of days have totaled around 500,000 bushels. Most of these beans have gone to Canada.

The late runup in wheat was not based on any particular news. It developed largely because of a let-up in liquidation. In the winter wheat belt only Nebraska received light snow overnight and the forecast for the entire area was for fair weather Thursday night and Friday.

Corn was conspicuously weak despite sale of 400,000 bushels to Japan and, as usual, a small quantity to Great Britain. Prices were easier in the cash market.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Butcher hogs fell as much as 50 cents Thursday, most types selling at a new low for two years. A few choice light-weight sows, which were in scarce supply, sold steady and the top on these was unchanged at \$19.00. Sows were steady.

Salable receipts totaled 15,000, which was 2,000 more than expected. Most choice 180 to 220-pound butchers sold at \$18.00 to \$18.75 with 230 to 260-pounders \$16.50 to \$17.50 and 270 to 310-pounders \$15.75 to \$16.50. Sows brought \$13.25 to \$15.75.

Prime steers were absent in the cattle section. Other types, as well as heifers, were steady. Choice steers and yearlings moved at \$25.50 to \$27.50, the top. Some good heifers were taken at \$18.50 to \$21.50. Salable receipts totaled 2,500.

Buyers paid \$8.75 to \$11.00 for utility and commercial cows. Vealers were firm at \$22.00 down.

Salable sheep receipts totaled 3,000. Lambs were steady to 50 cents lower and some were held over for Friday's market. Choice and prime woolled lambs were taken at \$20.00 to \$21.00 and good and choice at \$18.50 to \$19.75.

Moscow said its stand on the German question is backed by the seven nations which signed the joint declaration after the Moscow conference. They are Poland, Romania, Hungary, Bulgaria and Albania.

The notes were in reply to the West's rejection of Russia's bid for an all-Europe security conference in Moscow Nov. 29.

When the Western Big Three and their allies turned down the invitation, the Soviet bloc went ahead with a conference of satellites. They announced the agreement to form a new closely knit military alliance under a unified command.

Moscow also indicated the Paris agreements would hamper solution of the Austrian question, saying: "The ratification of the Paris agreements could not, of course, assist in achieving the so much desired agreement on the Austrian question between the states concerned and Austria."

In Washington, State Department officials said the new Soviet note had not been received at the close of business Thursday. The department declined comment.

Bolts Foil Try To Gain Freedom

MCALISTER, Okla. (AP)—Sam Ramos, 32-year-old convicted armed robber serving time at the Oklahoma State Penitentiary, bolted himself inside a steel cabinet after working hours in the industrial area. Only a chain link fence stood between him and freedom—he thought.

When darkness came he tried to remove the nuts with which he had secured the door on the 36x20x20-inch cabinet. Ramos is 5 feet 8 1/2. He was so cramped he couldn't budge to twist the nuts. After 16 hours, he gave up and aroused guards by screaming. He tumbled out like a pretzel.

DUCK HUNTERS MAROONED IN BLIND 7 1/2 HOURS

ALTON, Ill. (AP)—Four St. Louis area hunters, their small metal boat swamped by wind-driven waves, were marooned in a duck blind in the Mississippi River for 7 1/2 hours Thursday before they were rescued.

They waded to the blind in the lake formed by the Alton Dam after their small boat sank at dawn and managed to save their shotguns and most of their gear. It was after noon before they finally attracted the attention of a man by shouting and firing their guns.

The men, rescued by the Alton Volunteer Emergency Rescue Corps, were Edward R. Wheatley, 21, Harold O. Keeling, 25, and C. George Ehrhardt, 25, all of St. Louis, and George L. Kling, 26, Richmond Heights, a St. Louis suburb.

They were brought to police headquarters here to warm up and then were taken to their car on the Missouri side of the river. Gusts and near freezing temperatures made their stay in the blind uncomfortable.

RAIN MAKERS HIT JACKPOT

BREISBANE, Australia (AP)—A rainmaking team moved into Concurry, in northwest Queensland, a week ago and it hasn't stopped raining since.

Within hours after the experiment's start, rain began to fall. By Wednesday up to 5 1/2 inches had soaked a wide stretch of cattle country.

It is the world's first "wide range" rainmaking experiment. Instead of giving chemical treatment to individual clouds, silver iodide is being dropped from heights of up to 15,000 feet over areas 200 miles across.

CURIOSITY GREATER THAN WOMAN'S

BAYONNE, France (AP)—A court sentenced Paul Fayet, 52, a postman, to eight months in prison Thursday after finding that:

For 10 years he had taken five letters a day from his bag of mail. He picked them at random. The ones he found interesting he kept. The others he tore up in little pieces.

Motive? Not blackmail, not money, said the judge. Just plain curiosity.

BOHLEN RETURNS TO MOSCOW

BERLIN (AP)—U. S. Ambassador Charles E. Bohlen told newsmen Thursday he has no special instructions to pursue informal talks with Soviet leaders in Moscow.

Bohlen stopped here en route to resume his diplomatic duties in the Soviet capital.

U. S. Secretary of State Dulles said Tuesday Bohlen was returning to Moscow with authority to seek improvement in diplomatic relations with the Soviet government.

RADAR MAY REPLACE SEEING EYE DOGS

PHILADELPHIA (AP)—Dr. Thomas A. Benham, sightless assistant professor of physics at Haverford College, said Thursday the blind may be using radar instead of seeing eye dogs within two years.

The Haverford scientist, in an article appearing in the current publication of the American Institute of Technology, are that close to giving the blind a portable obstacle detector using the radar principle.

Several models of such an apparatus have been tested already but presented such difficulties as too much weight.

POSTMASTER APPLICATIONS

WASHINGTON (AP)—The Civil Service Commission announced today it will receive applications for the postmastership at Springfield, Ill. The salary is \$8,700 a year.

The deadline for filing of applications is Jan. 4. Names of applicants probably will be made public Jan. 7.

Limping Robber Captured, Admits Three Holdups

CHICAGO (AP)—Police said a man captured Thursday has admitted being the robber who limps.

Wednesday the Household Finance Corp. office at 9515 S. Western Ave. was held up for the third time by the same limping man, Edward Forberg, manager of the office, said the limp came from the 22 rifle hidden in the robber's trouser leg. Forberg said he's lost a total of \$666 in the three robberies.

But on the robber's third trip a witness caught his license number. Today, a team of detectives waited for Arthur Muehlhausen, 23, to leave his Oakland home, followed him into the city, and arrested him.

They said he admitted committing the three robberies in the last three months on his lunch hour. He was held on a technical charge of driving too fast for conditions pending further questioning.

Father Gives Life In Vain Try To Save 2 Daughters

CHICAGO (AP)—A heroic young father and two of his four small children lost their lives Wednesday night in a flash fire which swept through the third floor of their North Side home. The mother and two other children and a maid escaped unharmed.

Earl D. Jorgensen, 30, died as he struggled through a smoke-filled bedroom on the third floor in an attempt to reach his sleeping daughters, Elizabeth, 5, and Margaret, 2. His body was found face down on the floor, not far from the girls' bed.

Firemen said Jorgensen suffered burns about the face but smoke inhalation also was a cause of his death. The children, firemen said, apparently died of suffocation. The fire was confined to the third floor at 5915 Sheridan Rd. in the Edgewater Beach district.

Jorgensen and his wife, Elizabeth, 28, were in a first floor room when their two sons, David, a twin of Elizabeth, and Eric, 4, ran downstairs and told them there was smoke in their bedroom. Mrs. Jorgensen took the boys to the home of a neighbor, and Jorgensen raced upstairs to rescue his

School Personnel Contributes To Hospital Drive

Jacksonville public schools, under the chairmanship of Oliver H. Buck, have reported contributions of \$2,474.50 to the Our Saviour's hospital building fund, according to J. Merle Wade, chairman of the school division. The schools are included in the Six-Star Division of which Gordon May is chairman.

A breakdown of contributions by individual schools is as follows: Murrayville, Garrie Sprague, chairman, \$148.00; Washington, Courtney Ford, chairman, \$30.00; Franklin grade school, Grace Pitch, chairman, \$425.00; South Jacksonville, Stanley Smith, chairman, \$592.00; David Prince, John L. Conant, chairman, \$187.50; Jefferson, Oliver H. Buck, chairman, \$95.00; Lafayette, Lena I. Heim, chairman, \$138.00; Lincoln, Ellis Brant, chairman, \$78.00; Jacksonville high school, John Agger, chairman, \$684.00 and special services, \$97.00.

Mr. Wade said that this was a partial report and that additional contributions were expected within the next few days. The Jacksonville schools began their solicitation following a meeting of school principals on Nov. 17 at the office of J. A. Mann, superintendent of Jacksonville schools.

The third general report meeting was held Thursday, Dec. 9 at 3:30 p.m. in the banquet room of the Dunlap hotel. Reports were turned in by the following divisions: Memorial Gifts, Wilbur H. Kurtz, chairman; Major Gifts, Tom Cornish, chairman and Floyd E. Cox, associate chairman; Six-Star, Gordon May, chairman; Town and Country, William E. Burns, chairman; Women, Mrs. Charles M. Ryan, chairman.

Northminster Lists Programs For Christmas

The final plans have been arranged for Christmas programs at Northminster church. There will be a program this Sunday night in the youth fellowship on "How Christmas is observed in every land." This will be at 6:30.

Then next Sunday there will be presented a special Candle Lighting Service, in which all will participate. This program will be presented by the youth and the choir. There will be the singing of the familiar Christmas carols, and also several solos and other specialties. The public is invited to attend these Christmas programs.

The children's program will be presented on Wednesday night, Dec. 22 at 7:30. The children and youth of the church will present this, under the direction of the primary and junior department officers and teachers. Following their program there is planned a short program, of carol singing and presenting of the treats.

NESCO CHECK SWELLS COMMUNITY CHEST FUND

Jewell A. Mann, chairman of the 1954 Community Chest campaign, is shown receiving a \$2,000 check, Nesco's contribution, from James VanDyke, plant superintendent of Nesco, Inc., (right).

Immediately afterwards Mann announced that the drive had produced a total of \$39,000 thus far, which represents 87% of the campaign goal of \$44,560.

"We want to take this opportunity to personally thank each and all of the many volunteer workers who have aided in this year's campaign. Had it not been for their untiring efforts, we could not have raised the amount that we did."

While Mann officially closed the campaign he reported that some prospects had not reported as yet and he anticipated that several hundred more dollars would be forthcoming soon.

"I want to encourage all individuals and firms who have not as yet sent in their pledge or contribution to do so quickly. We will make our final report to the board of directors of the Chest in about a week and at that time it will be necessary to allocate what monies we have raised to our various agencies."

In addition to the Nesco check other large gifts which have not been reported as yet were listed as follows: Amalgamated Clothing Workers of America, \$500; Elliott State Bank, \$500; Farmers State Bank, \$500; Dunlap Hotel, \$400; Illinois School for the Deaf employees, \$346; Norbury Sanatorium employees, \$344; LaCrosse Lumber Co., \$321; Carl Robinson, \$250; Nesco employees, \$205; Fox Illinois Theatre, \$175; Passavant Hospital employees, \$168; Dr. Mary Louise Newman, \$150; and the Ideal Baking Company employees, \$115.

In addition, the following gifts of \$100 were announced: Emporium, C.L. & C.B. Lewis Elevator, Dr. Sherwood Eddy, Leta Sullivan, Dr. George Drennan, William A. Fay, Thomson & Thomson, Peerless Purify Baking Company, W. H. Kurtz, Charles N. Wright, Mrs. Mabel Waddell, Jacksonville News Agency, Connie Shop, Mrs. Grace Reanick, Klump Oil & Tire Co., J. A. Paisley, and the Beer Wholesalers association.

The Illinois Telephone Company was authorized to sell 20,000 shares of 54 per cent cumulative preferred stock at \$50 a share to finance \$2,100,000 in improvements, by the Illinois Commerce Commission at Springfield Thursday.

The proposed improvements include dial conversion of the exchanges in Jacksonville, Winchester, Bluffs, Litterberry, and Groveland.

The telephone company now is constructing a new building on West Beecher avenue to house the dial equipment, which is on order.

The Commerce Commission also set a hearing Jan. 5 in Springfield on a petition of the Illinois Telephone Company for a general rate increase. Details of the proposed increases were announced sometime ago.

Chop Airline Fares, Jacksonville-Chicago

Byerly Aviation, Inc. was authorized by the Illinois Commerce Commission Thursday to reduce one way fares between Jacksonville, Peoria, and Chicago, bringing them on a level with rates of the Ozark and American Airlines.

The reduction granted to Byerly was: Chicago-Peoria, \$4.19; Chicago-Jacksonville, \$8.19; Peoria-Jacksonville, 92 cents.

Jack Beils, manager of the Jacksonville Municipal Airport, said the reduction in fares means that the public can now travel.

One way, Jacksonville-Peoria, \$6.00; Jacksonville-Chicago, \$14.90. Round trip, Jacksonville-Peoria, \$11.00; Jacksonville-Chicago, \$28.21. These fares do not include transportation tax.

In other applications the Illinois Commerce Commission authorized Ozark Airlines, Inc., to increase fares between points in Illinois by about nine per cent.

In its order approving the rise, the Illinois Commerce Commission said passenger fares will go up an average of 81 cents. Ozark rates will become seven cents a mile. Heretofore, the seven-cent rate applied only to non-competitive flights, the commission said.

In other action, the commission authorized Louisville and Nashville Railroad Co. to take off passenger trains 51 and 52 between Maumee and East St. Louis on 30 days' notice to the public. Railroad officials testified at hearings that net loss on the two trains exceeded \$100,000 a year.

The commission denied a petition by Central Illinois Public Service Co. for a rehearing of an order directing CIPS and the Illinois Central Railroad to eliminate electrical interference with the railroad's automatic signal system between Champaign and Branch Junction. Hearings were ordered on apportioning costs of carrying out the order.

TORTURES TOT WITH MATCHES

COLUMBIA, S. C. (AP)—A woman accused of using matches to torture the 5-year-old nephew left in her care has been sentenced to one year in prison.

Mrs. Gertie Lee Cook pleaded guilty Wednesday to a charge of mayhem.

Her daughter, Charlene Lindsey, 16, told officers she held little Connie Burnham while her mother pressed burning matches against his skin. Charlene was given a six-month suspended sentence.

Escapee Steals Auto; Caught Soon In Greene

An escapee from the Jacksonville State hospital worried quite a few people Thursday night when he stole a brand-new 98 Oldsmobile. In the car was a 12 gauge shotgun, a 22 calibre rifle and ammunition for both.

At 7:30 p. m. yesterday evening E. C. Williams, a salesman residing at 1428 S. Main street, reported to Sheriff Jack Andrews that his car, a 1955 four-door 98 Olds, had been stolen. Williams told the sheriff that he had the keys in his pocket.

Ralph W. Green, of the local sheriff's force, immediately put the message on the air, requesting all law enforcement agencies to be on the alert for the car.

East St. Louis, Springfield and Macomb agencies replied within a moment that the message had been received.

The first lead came at 8:05 from White Hall, when it was reported that a man driving a new 98 Olds left the spare tire and wheel at a service station in lieu of paying for some gasoline.

Twenty minutes later Greene County Sheriff Fred Ballard reported to the local sheriff's station that the car and the driver were both on a side road off Route 87 about four miles north of Greenfield.

Dennis Green asked Sheriff Ballard if he needed any help.

Ballard replied, "From what I hear, I don't."

Several Greene county persons were at the scene when Ballard arrived to find the new Olds with its front wheels in the ditch. The driver had tried to turn around on the gravel road, and ended in the ditch.

Later last night the car was returned to Williams, who said he had been hunting Thursday afternoon and that he was unaware that auto manufacturers usually put another set of keys in the glove compartment.

Returned to the state hospital was Landall Kilgrew, 27, who weighs 182 pounds and who left the hospital without a coat and in overalls. His former home was Greenfield.

Funeral services for Mrs. Martha Lucille Pocock Johnson, wife of the late J. W. Johnson, will be held at 1 p. m. Friday at the Guilham funeral home with Dr. Frank Marston in charge. Burial will be made in the Diamond Grove cemetery.

William Leo Clarkson
MURRAYVILLE.—Funeral services for William Leo Clarkson, 33 year old Murrayville man, will be held at 2 p. m. Friday at the Murrayville Baptist church with the Rev. O. Neil in charge. Burial will be made in the Murrayville cemetery. The body is at the Mackey funeral home in Murrayville where friends may call.

Mrs. Edith L. Culbreth
WHITE HALL.—Funeral services for Mrs. Edith Leu Culbreth will be held Saturday at the First Baptist church at 2 p. m. with the Rev. Ben Bohn in charge. Burial will be made in the White Hall cemetery. The remains are at the Dawdy Funeral home.

FLYING PROPOSAL GETS "NO" FOR ANSWER

BOYNE CITY, Mich. (AP)—Love-john aviator Carl Demler, 40, who proposed to the lady of his choice via a banner in the sky, didn't get a "yes."

Instead, he got a "no" from Mrs. Evelyn Brandt, a divorcee, who told newsman: "And that's definite."

This upstate Michigan City of 3,028 got excited Wednesday as a plane circled for 15 minutes, trailing a huge banner which read: "Evelyn I love you. Marry me, Carl."

"Everyone was thrilled but me," said Mrs. Brandt. "He's already had his answer—in private."

Demler is a professional aerial crop duster.

Women Of Moose Christmas Party Will Be Dec. 21

Five new members were initiated into the Women of the Moose at the regular meeting held Tuesday evening at the Lodge home on South Sandy street. The new members taken into the organization in formal ceremony are Freda Kehl, Della McDaniel, Viola Robertson, Helen Downs and Esther Howe.

The business session was conducted by the senior regent, Holla Macomb agencies replied within a moment that the message had been received.

The first lead came at 8:05 from White Hall, when it was reported that a man driving a new 98 Olds left the spare tire and wheel at a service station in lieu of paying for some gasoline.

Twenty minutes later Greene County Sheriff Fred Ballard reported to the local sheriff's station that the car and the driver were both on a side road off Route 87 about four miles north of Greenfield.

Plans were made by the Women of the Moose for their Christmas Party to be held Tuesday evening, Dec. 21. There will be a one dollar gift exchange among the members. Also planned was a children's party to be held after the serving of a potluck style family supper the evening of Wednesday, Dec. 22 at the Lodge home. Members are asked to take sandwiches and covered dishes sufficient for their members and a gift for an exchange among the children, according to the number of kiddies in each family. Movies will be shown during the evening as entertainment.

Members of both the Lodge and the Women of the Moose are reminded not to forget those less fortunate and provide generous contributions for the annual food baskets provided by the lodge each year for needy families. Canned goods, staples and other non-perishable foods may be left any day at the Lodge home on South Sandy street after 10 a.m. Any private individual or organization also wishing to help in this worthy project will be more than welcome.

There will be a meeting at 7:30 p. m. Thursday evening, Dec. 16 at the lodge home for chairman and members of all committees.

The attendance prize was awarded to Mary Chaudoin Tuesday night and the lovely bag donated by the ladies bowling team was awarded by Ann Taylor.

Inquest Verdict 'Accidental' For Donald Combs

An inquest into the death of Donald Lee Combs was held Thursday night at the Morgan County Court house.

The jury returned the verdict of accidental death from injuries received in an automobile accident involving a car driven by James Junior Conover and a truck owned by Marvin Beauchamp, on Nov. 25. The jury further recommended that Conover be held for the Grand Jury for investigation of reckless driving while under the influence of intoxicating beverages.

The jury consisted of Robert Spencer, foreman; Henry Souza, George Souza, Shirley Weems, Orville Granade and Raymond Northrop.

The witnesses were LeRoy Leach, police officer; Marvin Beauchamp, James Conover and Earl McLean. Shirley Elering was the stenographer.

House Ruined By Fire: Contents Also Destroyed

A one story house at 600 Illinois avenue, occupied by Edward Payne, was gutted by fire Wednesday afternoon between 2:30 and 3 o'clock. The contents of two rooms were entirely destroyed.

The inside of the house was ablaze when firemen arrived on the scene. Firemen laid a large line of hose and quenched the flames, but part of the roof fell in before the fire was under control.

Two other rooms escaped much damage. A defective flue is believed to have been the cause of the fire.

Waverly Brownies Making Christmas Gifts For Mothers

WAVERLY — Brownie troop 35 with Mrs. Paul Handy as leader had a short business meeting Tuesday, then worked on their Christmas gifts for their mothers. Mrs. Walter Ford and Mrs. Noble Richardson were guests. Mrs. Richardson and daughter, Janet, served refreshments of cookies and an apple.

The Brownies drew names last week and will have an exchange of gifts at the Christmas party of the child welfare department of the Woman's Club this Wednesday afternoon.

Troop 71 with Mrs. John DeRoe as leader and assisted by Mrs. Amos Coker, Mrs. Ed Lyons and Mrs. Ben Kissick had 18 of their

20 members present at the Tuesday meeting. The meeting was opened with the Brownie Promise. They worked on Christmas presents for their mothers and also made marshmallow candies. The meeting closed with the Brownie song.

Brownie troop 72 held its regular meeting Tuesday after school. After the opening and a short meeting they worked on their head scarfs. All eleven members were present and the two leaders, Mrs. Eldon Patterson and Mrs. Otto Taylor. Miss Linda Eldridge was a guest. Mrs. Taylor served sandwiches and cocoa for refreshments.

Meetings
The Woman's Fellowship of Congregational church met on Monday afternoon with Mrs. Frank Morris. Mrs. Walter Miller was in charge of the devotion. Mrs. Albert Burns read "Forefathers and Posterity," written for the observance of Forefathers' Sunday which was Nov. 21. Mrs. Charles Mader reviewed "God's Foreign Agents," an article about 110 missionaries from America going

to other lands under sponsorship of the National Council of churches. Following the business meeting, refreshments were served by the hostess.

The annual Mizpah Christmas potluck supper and meeting will be held December 14 at 6:30 p.m. The hostesses will be the executive committee and members and their families or guests are invited. After the supper the program will be "Christmas in Song and Story." Instead of the usual gift exchange the 25c usually given for gift is to go to the "Baby Fund."

Bring your own table service. The Waverly Rebekah Lodge will hold their regular meeting Friday and during the business meeting the annual election of officers will be held.

Mrs. O. C. Alderson will be hostess to the Mission society of the Baptist church at 2 p.m. Friday. The topic, "And There Was Light," will be presented by Mrs. Grace Patterson.

The annual Christmas party for

children, given by the Waverly K.P. and Pythian Sisters lodges, will be held at 7 p.m. Monday, Dec. 13, in the K.P. hall. Each family is asked to take sandwiches for their own family and a 50 cent gift for each child they take to the party with the child's name on the package. A program will be given and Santa Claus will arrive with treats for the children.

Wilma Martin, Donald Graner, Wed In Greene

CARROLLTON — Miss Wilma Martin, daughter of Mr. and Mrs. William Martin became the bride of Donald Graner, the son of Mr. and Mrs. George Graner of this city Sunday at 2:30 p.m. in a double ring wedding ceremony performed by the Rev. Glenn Manis in the sanctuary of the local Baptist church.

Only the immediate families of the young couple attended the ceremony.

The maizor of honor was Mrs. Lyndell Smith of this city. Donald Martin of Carrollton, brother of the bride, was the groomsman.

The bride's dress was a street length blue gabardine with which she wore blue accessories.

Mrs. Smith wore a black jersey street length dress with white accessories. The corsages of both were white carnations.

Following the ceremony Mr. and Mrs. Graner left on a short wedding trip and upon their return they will make their home in this city.

Both are graduates of the Carrollton Community Unit high school class of 1953. Mrs. Graner is a former student nurse. Mr. Graner is employed by Olin Industries at East Alton.

Chicken, Lamb, Pork Get Top Billing In Stores

By THE ASSOCIATED PRESS

The nation's food stores will give top billing to lamb, pork and chickens this weekend. Beef continues rather high.

Legs of lamb and lamb chops will be featured prominently and some markets will drop prices 8 to 10 cents a pound from a week ago. Pork loins again will be a favorite special, with both the rib end and loin end off around 6 cents a pound.

Market men observe that while beef costs more than it did a few months ago, it's hardly prohibitive in price. In addition, you may find stores in your neighborhood featuring various cuts at marked-down prices. A favorite this weekend will be chuck roast, which will feed a good-sized family at a reasonable price.

A meat specialist for the New York stores of a large chain says that while choice beef was selling at around 40½ cents a pound Sept. 1, "we now have a hard time buying it at 44½ or 46 cents."

Broilers and fryers and stewing chickens are on the featured list again. The U. S. Department of Agriculture is enthusiastic about them:

"Tender young broiling and fry-

ing chickens are one of the best food buys this month," the USDA says. "They are tops in food value and taste appeal, and a real bargain in dollars and cents."

"Heavy supplies of broilers and fryers at markets have pushed prices lower than they have been in a long time, and the clever housewife will take advantage of these values by planning on chicken dinner often during December."

Produce men offer this list of good buys: potatoes, old cabbage, romaine and western lettuce and nearby carrots, beets, turnips and parsnips.

Cauliflower is a little higher this week, but vegetable specialists say it's moderately priced.

Grapefruit, oranges, tangerines, apples and emperor grapes will give you the best values in fruit. Lemons and avocados also are rated worthwhile purchases.

Xi Lambda Chapter Holds Guest Night

Guest night was observed by Xi Lambda Chapter of Beta Sigma Phi with a Christmas dinner at the Danlap Hotel, Monday evening, December 6. The table was beautifully decorated with bright Christmas balls, evergreen and tall red tapers. The centerpiece was a miniature sleigh which played "Jingle Bells" throughout the meal.

Mrs. Ruth White, chapter president, welcomed the guests.

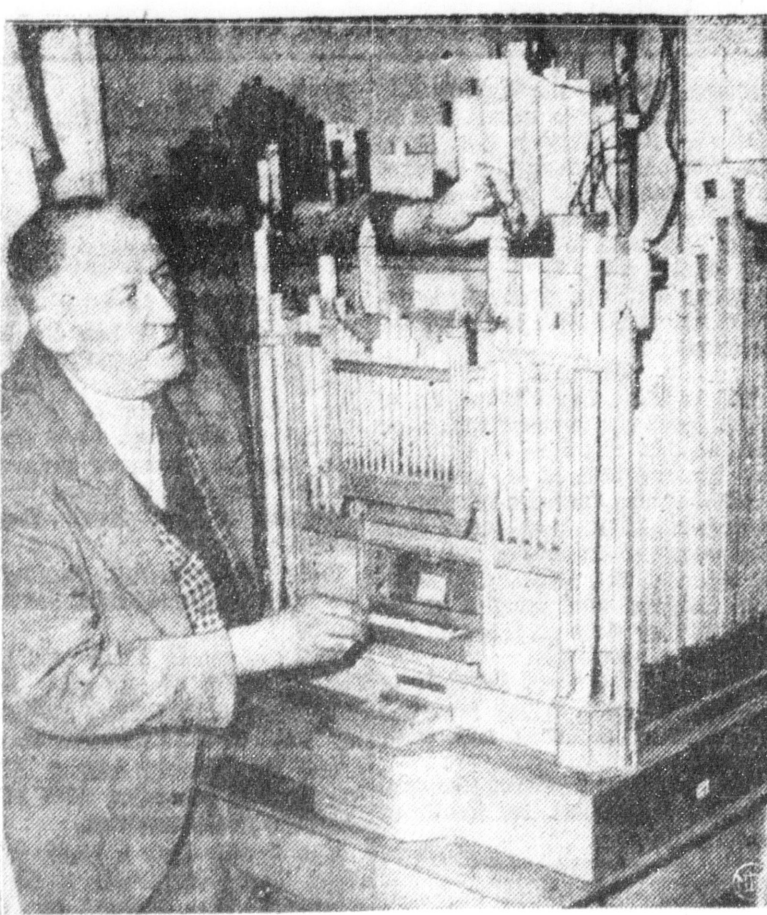

Mrs. Gladys Crawford, program chairman, introduced Dean Perkins and Jim Williamson who presented several humorous musical numbers in pantomime from the recent H. S. minstrel show. Judy Crawford then entertained with tap dance and acrobatic numbers, accompanied at the piano by Ronnie Rex Fearnley. The remainder of the evening was spent informally with group singing of Christmas Carols and the piano music of Mrs. Leola Hutchinson and Don Quoy.

Those present were: Mr. and Mrs. Ralph Floreth, Mr. and Mrs. Verne Anderson, Mr. and Mrs. Lowell Dodson, Mr. and Mrs. Rex Fearnley-

Stewart, Mr. and Mrs. Don Quoy, Mr. and Mrs. George White, Mrs. Irene Lukeman, Mrs. Esther Ingolia, Mrs. Lola Johnson, Mrs. Gladys Crawford, Margaret Fitzpatrick and Ina Stewart.

The next meeting will be the annual gift exchange at the home of Mrs. George White, 1015 Edgehill, Monday evening, December 20.

Immigrant Wife Of Officer Slain: Solution Sought

HUNTSVILLE, Ala. (AP)—A team of Army investigators from Ft. McClellan at Anniston, Ala., today joined local officers in efforts to solve the slaying of the immigrant wife of an officer here.

Capt. Marcus F. Bluth, 40, judge advocate at Redstone, is being held without charge after he was questioned in the death of Mrs. Patrick Meighen, 32. Her body was found in her apartment Monday.

Solicitor Glenn F. Manning said that if the case progresses sufficiently, "it may be placed before a Madison County grand jury now in session."

Manning said that Bluth and Mrs. Meighen had visited a Huntsville attorney at 11 a. m. Nov. 26, and consulted him about a divorce for her from Capt. Meighen.

"Every indication is that Mrs. Meighen was killed the night of Nov. 26," Manning said. "There are definite indications that she was dragged into the apartment and the murder did not occur there," he added.

Automobiles belonging to Bluth and Meighen have been impounded and sealed, and Manning said they would be given special attention by the Army investigators. The solicitor said the Ft. McClellan team would examine rooms occupied by Bluth and Meighen in the Redstone Officers Club.

Meighen said earlier that he moved to the club the morning of Nov. 26, the last time he saw his wife. Meighen's home was listed as Waynesburg, Pa.

The solicitor said that Bluth and Mrs. Meighen were seen at an American Legion club in Huntsville the night of Nov. 26, when Mrs. Meighen was believed slain.

The Meighens and Bluth were assigned to Redstone, a guided missile research center, last month. Meighen and his wife, who comes from Warsaw, Poland, were married in 1948 after they met in Berlin.

Bluth is a native of Joliet, Ill., but has a wife and 10-year-old son living in Los Angeles, Calif. He is a member of the California Bar Assn.

Investigators said he was acquainted with the Meighens before they moved to Redstone.

White Hall I.O.O.F. Holds Election Of Officers

WHITE HALL — I.O.O.F. Lodge held annual election of officers on Monday night with the following results: Dwight Conrod, Noble Grand; Basil G. Kennedy, Vice Grand; Secretary-Treasurer, Ray Linker; Trustees: Willard Rigg, Charles DeShazer, Faradene Roe, Ross Camerer, and Dan Koenig. Following the election, refreshments of pie and coffee were enjoyed.

Eleven women members of the W.M.U. of the Hillview Baptist church met during the week and held a Day of Prayer in connection with foreign missions. The program was directed by Mrs. James Jennings, with the singing of Christmas carols and readings by Mrs. Cornell Page, Mrs. Hal Seely, Mrs. Lorel Hutchens, Mrs. Cloyd Powell, Mrs. Robert Hunnicutt, and Mrs. Mae Hallock.

The offering taken for the "Lottie Moon" missions was \$320.00. During the noon hour, a luncheon was served in the church basement.

The Merry-Mix-Up Club held their regular meeting on Tuesday at the country home of Mrs. Henry Roodhouse. A potluck dinner was enjoyed at noon, followed by a gift exchange and the afternoon was spent socially.

Cook bacon at low temperatures so fat you pour off will be white and fresh tasting. Use the bacon fat when you are frying chicken, fish or potatoes; it gives fine flavor.

Be fussy about your bread box! Occasionally wash it thoroughly with hot sudsy water; rinse with boiling water, dry well with a towel, then if possible air it in the sunshine.

FORMER ASHLAND MAN HONORED FOR SERVICE RECORD

ASHLAND — A former Ashland man, Gail Hamilton, who resided with his parents in the west part of the city during his youth, was recently honored by his employers for 38 years of service. He is reports clerk with the Mountain States Telephone and Telegraph company, stationed at El Paso, Texas.

Mr. Hamilton was presented with a certificate from the president of the company, Walter K. Koch, and a gold pin set with a diamond honoring his lengthy service. Friends also presented him with a gold wrist watch.

Club Greet Two Students From Japan, Ecuador

Members of the Pilot Club were invited to the home of Mr. and Mrs. Arthur Samore recently to meet Miss Tashiko Morikawa from Urayu City, Japan, and Miss Maria Viteri from Riobamba, Ecuador.

Both young women are students at Lindenwood College at St. Charles, Mo., and were house guests of Mrs. David Abbott and her daughter Betsy Johnson, who is also a student at Lindenwood College.

Miss Morikawa and Miss Viteri both dressed in their native costumes and Miss Viteri entertained the group by giving one of the native dances of Ecuador.

Miss Morikawa, who already has a degree from a university in Japan, came to America for post graduate work in sociology. This was made available to her by the Pilot International scholarship.

Miss Morikawa's aunt was the charter president of the Tokyo Pilot Club.

Other guests from out of town were Miss Nancy Bowser from Tulsa, Okla., another student from Lindenwood. Mrs. Abbott, Miss Johnson and Miss Frances Samore who is attending Western Teachers College at Macomb.

LEGION AUXILIARY AT HILLVIEW HAS CHRISTMAS SUPPER

The Hillview American Legion Auxiliary held its regular meeting and Christmas party Dec. 3 with a potluck supper being served at 7 o'clock. There were 25 members present including two gold star mothers, Mrs. Carrie Hubbard and Mrs. Rachel Bryant from White Hall.

The regular business meeting was held with the president, Mary Smothers, in charge. It was voted to donate two dollars for the candy fund to be sent to the Norbury sanatoriums in Jacksonville.

After the meeting a gift exchange was held with each member receiving a gift. The next meeting will be Jan. 7.

Food news: you can buy frozen shrimp that have been graded, peeled, deveined and put into eight-ounce packages. Handy to have on hand for a shrimp cocktail as a first course. Or heat the shrimp with a can of stewed tomatoes and serve over rice as a main course.

Silver Jubilee Of Father Boll At Greenfield Dec. 19

GREENFIELD—Rev. Father Joseph H. Boll, pastor of St. Michael's Church in Greenfield and of St. Catherine's Mission Church in Hagerman, will observe his Silver Jubilee, or twenty-fifth anniversary of ordination to the priesthood, on Sunday, Dec. 19.

He was ordained in Rome, Italy, by Cardinal Pompili on Dec. 21, 1929. Coming to Greenfield July 5th, 1945, from St. Mary's Church, Rural Route 3, Effingham, he has since served both local parishes with zealous effort and each have made marked progress spiritually and materially under his guidance and direction.

Father Boll has been in very poor health during the past year, from which he is now convalescing. Due to this condition, his parishioners in Greenfield and Hagerman are planning a brief observance of his anniversary which will include a high mass at St. Michael's, Greenfield, at 9 o'clock, a reception in the Holy Family Community Hall from 1 to 4 o'clock in the afternoon followed by recitation of the Rosary and Benediction of the Blessed Sacrament. Clergy, the religious brothers

and nuns, friends, both Catholic and Protestant, are cordially invited to call upon Father Boll on this happy occasion.

The committee making these arrangements met at the home of Fred S. Pewter recently and consisted of Charles Hayes, Stan Erthal, John Metcalf, Clarence Tukey, Matt Roth, Alvie Pohlman, Elmer Knisley, Al Theysaght, Virgil Tucker, Henry Kirbach and Stephen Grummel of St. Michael's and Kedral Bowman, John Parker and Joe Redington of St. Catherine's. This committee assisted by all members of both parishes will carry out plans for the observance.

The ancient drink, mead, was made from honey.

Samoan Native Tells Brooklyn WSCS Of Country

The WSCS of the Brooklyn church held its Christmas meeting Dec. 3 with a potluck luncheon being served at noon by the hostesses, Mrs. Raymond Hanson, Mrs. Maude Wyatt, Mrs. Roy Johnson and Mrs. Clayton Stephenson.

The meeting opened with the song "Sweet Home of Prayer" followed by prayer by Rev. J. A. Tucker. Roll was answered by 21 members. During the business meeting a report was given on the children's supper and bazaar held recently. A motion was made to contribute to the building fund for work in the

church basement. The society plans a market and bazaar to be held sometime before Christmas.

The worship service was led by Mrs. Charles Sheppard. A silver offering, "The Prince of Peace," "Silent Night" was sung by the group. Mrs. Margaret Bell read the Christmas story from the Bible. Mrs. J. A. Tucker offered prayer.

Devotions closed with benediction by Mrs. Sheppard. A silver offering was taken for Langleyville. Mrs. Tom Muntman read an article, "The Old Rugged Cross Lives."

The guest speaker was Miss Penelope Alallima from Samoa who told of her homeland. Six of the islands that compose the Samoa Islands are located in the torrid zone with a temperature between 70 and 86 degrees year around. The educational system is similar to that of the States though there are no colleges. The Samoans have a strong religious faith. No work is done on Sunday not even cooking which is taken care of on Saturday. Everyone goes to church on Sunday, spending the better part of the day there. There are no public homes for the aged as families prefer caring for their own. There is family worship daily in the homes. Miss Alallima closed with prayer. The speaker was introduced by Mrs. Muntman, secretary of student works.

Of course a few occasional low prices save you a little money. But in the long run they don't make much difference in your total food bill. It takes many regular low prices to do that. And A&P has what it takes... scores of money-saving prices in every department every day. What proof? Compare the typically low A&P prices in this ad with the prices you've been paying. Add up the savings they represent and see how they can cut your total food bill. Once you've made this convincing comparison, we believe you'll agree that the sure way to save money on your food is to come see... come save at A&P.

co-chairmen of the committee in charge of the Christmas dinner and party held by the Amoma Class of the Baptist church beginning Tuesday noon. Devotions were given by Mrs. Ella Scott, who spoke on "The Ragged Coat." Special vocal music was furnished by Mrs. Jean Wolfe, who was accompanied at the piano by Mrs. Lillian Janviri. A poem, "Mr. Santa Claus" was read by Mrs. Dovie Maberry.

The table decorations carried out the Christmas theme and included corsages of cellophane paper concealing candy favors. Mrs. Cecile Hawks served as chairman of the decorating committee and made the corsages.

During the social hour, Santa Claus appeared to distribute the gifts. Sunshine sisters for the year were revealed and a new drawing made for the new year.

P.E.O.

Twenty members of Chapter BU of the P.E.O. Sisterhood met at the home of Mrs. W. A. Wilkinson Tuesday night where Mrs. J. M. Martin served as assisting hostess.

The business session was conducted by the president, Mrs. Cloyd Sawyer.

The program included a paper by Mrs. James Cressy on "The American Negro," and an article on "A Thought for Christmas" by the late Peter Marshall and presented by Mrs. James M. Orr.

The next meeting will be a dinner and Christmas gift exchange on the evening of Dec. 21. refreshments were served.

Personals

Mrs. E. W. Mitchell has received word that her granddaughter's husband, John Pollack, Winchester, is a patient at Passavant hospital, Jacksonville, where he may undergo surgery. The Pollacks formerly resided in Roodhouse, and Mrs. Pol-

ack was reared in her grandmother's home here.

Mrs. Faye Wheeler, Mr. and Mrs. Roy Hartwick, Pat Brimmer, all of Alton, spent Saturday in the home of Mr. and Mrs. Clem Yeager. Sunday guests in the same home were their daughter, Mrs. Denton Coonrod, husband, and son, Johnny, Winchester.

Cpl. Bill Wheeler is expected to arrive in the states, Dec. 16, from 17 months service in France. The word was received by his wife, the former Bonnie Yeager, who has been residing with their son, Billy Gene, in the home of her parents, Mr. and Mrs. Clem Yeager.

Mrs. A. J. Benner, Clayton, Mo., is the guest of her sister, Mrs. G. S. Case.

A daughter, second child, was born to Mr. and Mrs. Kenneth Jackson, Tuesday at Our Saviour's hospital, Jacksonville. The mother is the former Betty Fry.

Mr. and Mrs. Wm. McGlasson and niece, Diane, McGlasson, St. Louis, Mo., spent the weekend with relatives and friends in this vicinity. Diane, who resided here until recently, spent the time with her friends, Carolyn McCracken, and Vicki Alred. Her mother, Mrs. Paul McGlasson, who underwent surgery while living in Roodhouse, entered Barnes hospital, St. Louis, Mo., Sunday.

FRANKLIN MUSIC CLUB HAS XMAS PROGRAM DEC. 4

The Franklin Music club met Dec. 4 with Mrs. Vella Rees. This being the Christmas program members enjoyed a gift exchange.

The pledge to the flag was led by Mrs. Juanita Hinson and "Silent Night" was sung by the group accompanied by Mrs. Virgil Cherry.

The program included the following number: vocal solo, "Star of the East," Mrs. Ruth Ranson; saxophone solo, "White Christmas," Irving Berlin, "Birthday of a King" by Neidinger and "Fleur-de-lis" by Captain Howard Stubbs all by Miss Marjorie Tubbs, accompanied by Miss Grace Armstrong; poems, "Christmas," written by Elizabeth Tate, "Annie and Willie's Prayers," by Sophia P. Snow and "Old Fashioned Christmas" and a piano solo "A Christmas Medley," all by Mrs. Ruth Ranson.

The program continued with a piano duet, "Poet and Peasant Overture" by F. V. Suppe, by Miss Grace Armstrong and Mrs. Ann Ryan.

Heads Meredosia Plant

E. W. BOUSQUET

Merodosia's new industry, a plant of National Starch Products, Inc., will be headed by E. W. Bousquet, now supervisor of the company's Polyvinyl Emulsion operations at Plainfield, N. J. Bousquet's appointment as superintendent of the plant to be built south of Merodosia was announced Thursday by A. A. Halden, executive vice president of National Starch Products, Inc., at the New York office.

"Construction of the plant should start very shortly," officials of the company said.

Announcement was made several weeks ago that the starch company has purchased land adjacent to the Illinois river as a site for the plant, which will employ about 15 persons at the start. The Merodosia project will be a resin plant.

Bousquet joined National Starch after graduating from Rensselaer Polytechnic Institute with a Bachelor of Science degree in chemical engineering. Since that time he has been directly responsible for the installation and operation of the improved production facilities at the Plainfield unit, as well as the successful manufacture of many new types of resin products.

Bousquet resides in Fanwood, N. J. with his wife and two daughters. He is active in civic affairs and is treasurer of the Plainfield Industrial Management Club. He served three years with the Corps of Engineers during World War II.

Come in and Drive the All-New '55 Pontiac

MAKE COURTESY YOUR CODE OF THE ROAD

Road-test the Reasons why America says "IT'S HOT!"

With its first look at the All-New 1955 Pontiac, America said "It's hot!" Now that record thousands have bought and driven this spectacular new car, the verdict is stronger—because Pontiac for 1955 performs even better than it looks!

Come in and see how Pontiac's Strato-Streak V-8 engine—with its remarkably improved economy—gives you acceleration as quick as a wish, with a tremendous reserve of power on tap for every need. Feel how Pontiac's long 124-inch wheelbase and wide-stance rear springing let you enjoy a ride you've never known before. Experience how

Pontiac's recirculating ball steering and larger, more efficient brakes provide almost effortless handling. Then glance around you at the wonderful roominess of the all-new bigger, wider, more luxurious body. And finally, notice the admiring glances Pontiac's distinctive years-ahead styling attracts.

But don't get the idea this big, high-powered beauty is too rich for your blood—because you can buy a Pontiac at a price so near the lowest that it will fit easily into any new-car budget! Come in soon!

Cass Bureau
And Service Co.
Meeting Dec. 14

VIRGINIA — The Cass county Farm Bureau and Service company will hold a combined annual meeting on Dec. 14. The business session will convene at 9:30 a.m. at the Farm Bureau Hall in Virginia. At this session reports will be given and officers and directors elected for the coming year.

Dinner arrangements are being made for Farm Bureau members. At 1 p.m. the meeting will reconvene at the Virginia high school auditorium. Entertainment will be provided by the Arenzville unit band and the Shipman Home Bureau.

The guest speaker will be Russell L. Guin from Danville. Mr. Guin is presently chairman of the committee of Agriculture Industry for the Illinois State Chamber of Commerce, director of the First National Bank of Danville, the Danville public library, the Danville Building Association, member of the Grand Council of the Chi Phi fraternity, former national president of the American Business clubs, honorary member of the Osage Indian tribe of Oklahoma, honorary Kentucky Colonel and vice president of the Interstate Printers and Publishers for 20 years.

The members of the Farm Bureau cordially invite everyone to attend this outstanding event in Cass county.

Walter Wozniak from Dirksen's furniture store in Springfield will speak to the women of Cass County on Dec. 14 at the Virginia high school at 10 a.m.

Registration at 9:30. This meeting is sponsored by the Cass county Home Bureau and is open to all women in the county. Mr. Wozniak will discuss selection of colors, furniture and accessories so as to avoid expensive mistakes and achieve pleasing results.

Pike Health Group Elects New Officers
PITTSFIELD—The annual meeting of the Pike Health Improvement Association was held Dec. 6 in the library of the Illini Community Hospital. Herbert H. Haddock of El Dara was reelected president; Mrs. Mildred Syrcle, Barry, vice president; Mrs. Virginia Baker, Pittsfield, secretary; Mrs. Elizabeth Robertson, Rockport, treasurer.

Elected to the executive committee were Ray B. Stephenson, Jr., Pittsfield; Mrs. Ruth Colvin, Pearl; Mrs. Norma Jean Orr, Perry; Donald Hannant, Grigsbyville; Chester Bauer, Milton; and John H. Blake, Pittsfield.

Besides the election of officers, the membership heard the reports of the secretary and treasurer. It was reported that the Association had donated \$200 to the Pike County Dental Fund and had sent one girl to nurses' training.

Fire Destroys Small Home In Greene County
CARROLLTON—The one room house occupied by Tom Camerer burned with all of its contents Wednesday noon despite efforts of the city fire department who were hampered in their efforts by lack of water.

The house was located outside the city limits and south and east of St. John's cemetery. Camerer, who lost all his clothing other than the clothes he was wearing was not at home when the fire broke out and the origin of the fire had not been determined later Wednesday afternoon.

School Trustees Grant Petition
CARROLLTON—A petition was granted Monday evening by the Greene County Board of School trustees whereby approximately 120 acres of land was detached from the Jacksonville School District 117 and attached to Greene County Unit District 110.

The hearing on the petition was held in the office of G. W. Lowe, county superintendent of schools and was granted as there were no objections raised concerning the proposed change from one school district to another.

4-H MAS PARTY IN GREENE WILL BE HELD DEC. 13
CARROLLTON — The Greene County 4-H Federation of which Miss Shirley Rae Roll is president is sponsoring a 4-H club Christmas party to be held Monday evening, Dec. 13 at 7:30 p.m. in the Farm Bureau hall. A Christmas gift exchange will be held and a recreational program has been planned with the following committee in charge, Carolyn Hicks, Leroy Phillips, Mary Lou Brown, Mary Agnes Hawes, and Shirley Rae Roll. Refreshments will be served at the close of the evening.

The recreational committee will be assisted by Jerry Wedekind, assistant youth adviser.

Although snow often lies on the ground at the depth of about 10 inches for every inch of precipitation, the type of snow often makes large differences in that figure.

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down
When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's gives happy relief from these discomforts—helps the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

A CHRISTMAS CAROL

By CHARLES DICKENS

THE STORY OF MARTHA WAYNE

By WILSON SCRUGGS

© 1954, W. Edmunds Claussen. Prior copyright, Standard Publications, Inc.

THE STORY: Aboard the General Henth as it prepares to go up the Colorado River from Yuma are cases of rifles that may be used to keep Arizona from being captured in the War Between the States. Captain Croch does not like his job of handling the rifles. His job is to take them to the north. Also aboard is Radcliffe Burke, a slender man, who boarded the steamboat at the same time the rifles were loaded.

IV

NOW the major was trimming his cigar. He knew Croch thoroughly, had not jumped at this scheme without thought and he made up his mind carefully where to begin his persuasion.

"In your opinion," he spoke soberly, "how important is this gold strike?"

Croch withdrew the nugget from his pocket, placed it in the officer's hand. Last trip down from La Paz a drunk had tossed it onto the Texas deck—thrown it merely to hear splash glass tinkles! The major nodded. "I've seen the same thing before. A miner passed through Yuma carrying as much as he could pack. And he had shoveled it from the gravel in three weeks!"

"That's where the army made its mistake. Instead of pulling out the few hundred dragoons we had in Arizona they should have sent more to force peace on the Apaches."

"And the Confederates," Murphy said quietly. "I'll tell you this, though. A courier has reached me from General Carlton. We've cleaned the country all the way to the Rio Grande. But there is still going to be a fight. When Jefferson Davis realizes the true worth of the Colorado, they're coming back in force. And already lower Arizona's sympathies are definitely with the Confederates."

"The major rose and commenced pacing the floor. 'The
